Marist and Hagan Elementary Together Again

The Marist Water Polo as well as Men’s and Women’s Lacrosse teams have once again teamed up with Hagan Elementary school in conjunction with their Project Mobile and Great USA (Girls Reading Enthusiastically Across The USA) programs. Both programs stress the importance of reading in young students everyday lives. The programs also give the young students an opportunity to ask questions of and interact with the Marist student-athletes on the playground. The teams will spend the spring semester making bi-weekly visits to the school.
