Red Foxes Making a Community Impact

CHARACTER EDUCATION

Thursday, October 30th marked the start of a newly developed Red Fox community service initiative. Female student-athletes took part in the first of many Character Education workshops at Hagan Elementary School. The program is aimed at providing fifth grade girls with an opportunity to learn about various character development topics including self-esteem, leadership, character building, and confidence. Marist student-athletes addressed self-esteem in the first workshop and will speak to students about bullying in the next installment of workshops. The program will continue

throughout the 2008-2009 academic year.

PROJECT MOBILE

Throughout the 2008-2009 year, Marist student-athletes will be participating in Project Mobile, a reading program which serves to motivate local elementary school students to read. This will be a continuation of last year's program, which was lead by the men's lacrosse team.

*** If you would like to get involved in these programs, please contact Lynsey Miller at extension 6302.**
