

Adobe Creative Cloud for Labs & Classrooms Student Guide

Unlike professors, Marist students sign into Adobe products using a **personal** Adobe account. This **personal** account should be linked to a personal email. You may also sign in using your Google/Facebook/Apple account.

1. Open an Adobe application. Some labs may show this proxy login, required for general internet access. Enter your Marist account.

Authentication Required		?	×
P		A	
The server internand password. User name:	etaccess.net.marist.edu re	equires use	r name
Password:	•••••		
	ОК	Car	icel

2. An Adobe login prompt will appear. You must create a free Adobe ID (with a personal email address) or login with your Facebook/Google/Apple account. This Adobe ID is not managed by Marist; the Help Desk will not be able to assist with password resets.

	G Continue with Google	

Important Note: if you attempt to sign in to an Adobe app and you have not created a personal Adobe account, you will see this error:

To gain access, create a personal Adobe account (see Step 2).

Once you are done with your work, you should reboot the computer.
To sign out without rebooting, go to Help > Sign Out... within any Adobe application.
