### About the Instructor

I started my career in sales in advertising. My second career began when I returned to school to earn a doctorate in Organizational Psychology. There, I discovered a passion for instruction and facilitation, particularly working with adult audiences. I have worked for global consulting firms and have facilitated group dynamics courses internationally. I have also held positions within the Human Resource department of Time Inc./Time Warner. For over twenty years, I have been teaching adult college students, managers and executives. My favorite thing about teaching is that no matter how many times I teach the same course, or the same students, I learn something new from each group. *This course is especially interesting because the capstone papers are unique to each student.* I'm originally from the Utica area. My husband and I spend time between Brooklyn and the Cooperstown area with our SPCA rescue pets. In my free time, I consult to business leaders, serve on Boards, co-facilitate Group Dynamics workshops and volunteer with animal welfare organizations.

Looking forward to getting to know you in our classroom.
