2013 - 2014
Selected Faculty and Student
Publications and Scholarly Activities
This is the 13th annual publication showcasing the many achievements of our faculty and students. The ideas, topics, and research reflected here demonstrate the extensive range of talent and opportunities we have at Marist, as well as the College’s continuous commitment to a diverse and open learning environment.

Scholarly research, dialogue, and creative activity are critical to any academic community. Through consequential scholarship, Marist faculty members strengthen the learning environment in their classroom and share important knowledge with the larger scholarly community outside of Marist. Their substantive pursuits reflect a dedication to academic excellence and to their own development as scholars and artists.

I am proud to present the 2013-2014 achievements of the Marist College faculty and student body. Please join me in congratulating all those whose names and accomplishments appear in this volume.

Thomas S. Wermuth
Vice President for Academic Affairs/Dean of Faculty
SELECTED FACULTY AND STUDENT PUBLICATIONS AND SCHOLARLY ACTIVITIES
2013-2014
