FREQUENTLY ASKED QUESTIONS

What is the difference between the Health Services Fee and the Marist College Accident and Sickness Insurance Plan?

The **Health Services Fee**, assessed each semester with tuition and fees, covers full-time undergraduate students and international full-time graduate students on F1 visas for care at Marist College Health Services during the academic year. There is no charge for visits to Health Services, with the exception of allergy injections. The Health Services Fee does not cover any care outside of Marist College Health Services.

The **Marist College Accident and Sickness Insurance Plan** is an insurance plan that is offered to full-time Marist College students. It would be used if a student needed off-campus care, treatment, tests, or emergency care. Coverage details are available at www.marist.edu/healthservices/insuranceinfo

Why should I purchase the Marist College Accident and Sickness Insurance Plan?

The Marist College Accident and Sickness Plan has been designed as an affordable policy with strong benefit coverage for students who have no other health insurance. Even if you currently have health insurance, you should carefully examine your present coverage. You may consider purchasing the Marist College Accident and Sickness Plan to supplement your present plan, or as a transition from your present plan.

For example,

- your present plan may cover you only in a specific geographic area
- you may be considered "out of network" while living at Marist College and have higher out-of-pocket costs
- your present plan may have restrictive policy limits
- your present plan may have a high deductible before coverage begins
- you may "age out" of your parents' plan while an undergraduate student
- you may have an "insurance gap" between graduation and employment coverage
- you will be studying abroad but have no international coverage (see benefits of Enhanced Plan above)

How will I get my insurance card?

The insurance cards will be included in the Information Packet that students receive on "move-in day" at the beginning of Fall Semester. Cards will be mailed to off-campus students at the beginning of the semester. The same card will be used at for filling a prescription under the prescription medication benefit.

Which doctors accept the Marist College Accident and Sickness Insurance Plan?

The Marist College Accident and Sickness Plan has preferred providers: practitioners who participate in the Beech Street Nationwide Preferred Provider Network (www.beechstreet.com). This network is well-represented in the Poughkeepsie area. Plan members are not required to use the Beech Street network, but can submit bills from other providers for reimbursement according to policy terms and limits.
