While reviewing your Financial Aid Application, the Office of Financial Aid came across a discrepancy regarding your dividend/interest income as reported on lines 8a and 9 of your 2007 Federal tax return. This amount appears on your 2007 Federal Income Tax Return without a corresponding asset amount indicated in the asset section of the Free Application for Federal Student Aid (FAFSA). This is an indication that you have some type of asset that would generate that amount of interest or dividend.

Please list below the amount in your accounts on the day you signed your FAFSA and return this to the Office of Student Financial Services as soon as possible.

- Do not list amount of dividend or interest. *Please list the amount of assets.*
