

At Marist College, we value your good health and understand your need for quality, affordable care. Your MVP Select Care benefits program is designed to meet your needs when you or your family members become ill, as well as provide for ongoing preventative care to help you maintain your good health.

Marist College has designed a plan to provide you with excellent health care benefits. Understanding the features of this plan is the first step to maximizing the benefits of your health care coverage.

### ENROLLMENT

Marist College is excited to offer you online enrollment for your MVP plan. MVPSELECTCARE.com is your personal portal to your benefits plan. Once you enroll, you will be able to access all the features, including the ability to:

- Check the status of medical and dental claims
- Order Prescriptions
- Review your plan highlights and schedule of benefits
- Locate providers in your network provider
- Update your address

To enroll in the plans, you **MUST** enroll online within 30 days of your eligibility to participate in the plan:

1. Type in [www.joinmvp.com](http://www.joinmvp.com) in your Internet browser. Select the “Enroll Online” option under the heading, “New Member or Joining Soon.”
2. Enter the Group ID number (214489) for Marist College. Then click on the “Click Here to Logon” button.
3. Enter the medical and dental benefit plans, (PPO-PHST3C for Medical and DHST1 for Dental) if applicable. Marist College should supply these to you. Please pick one from the drop down boxes in each menu.
4. Please complete sections 1 through 5 of the electronic enrollment form.
5. Click “Submit” and your form will be sent to the College to ensure that the plans selected and other information are correct. Marist College will provide you with benefits’ information.

***REMEMBER: If you do not enroll within 30 days of becoming eligible, you will not be able to enroll in Marist’s plans until the next open enrollment period.***

## **MVP SELECT CARE**

The College has selected MVP Select Care as your Preferred Provider organization (PPO). Your plan does not require you to choose a primary care physician, and you will never need to obtain a referral to see a specialist. With certain limited exceptions, you can use the health care provider you want. However, you will receive the maximum benefit from your MVP Select Care plan when you use providers who participate in your PPO. These providers are called participating providers or in-network providers.

## **MEDCO**

Your prescriptions benefits are administered by MEDCO. The pharmacy network includes a majority of all U.S. independent and chain pharmacies, so you probably won't even need to switch pharmacies ([www.medcohealth.com](http://www.medcohealth.com)).

## **MVP DENTAL TREATMENT PLAN**

MVP has been selected as the administrator for your dental benefits. Using your dental benefits, you can have routine cleaning, checkups and required dental services furnished by the dental provider of your choice.

To guarantee full benefits for dental treatment that is estimated to exceed \$300, have your dentist submit a proposed treatment plan first. The treatment will be evaluated to ensure that is cost-effective and appropriate – this way you will know how much you are responsible for paying before the treatment starts.
