What is iLearn?
iLearn, which stands for Innovative Learning Environment and Research Network, is a web-based “collaborative learning environment” built to support different types of instruction (e.g. fully online, hybrid, face-to-face). The system provides a range of communication and information management tools designed to facilitate interactions with project materials, your instructor and peers.

How do you access or “login” to iLearn?
To login to the system follow these simple steps:
1. Open up a web browser and go to http://ilearn.marist.edu
2. Click on the red “Log In” button.
3. Enter in your Marist Account (if you are unsure of your account information, please contact the Marist Help Desk at (845) 575-HELP).
4. Click the “Login” button to access iLearn.

Logging out: Once you are done using iLearn, click on the “Logout” link in the upper right corner of your screen you and then close your browser and all open “tabs.

How do you access your Course Site?
Once you login to iLearn you will be placed in your “My Workspace”. Note that important system announcements are posted to this area.

1. At the top of your screen will see a set of “Quicklinks”. If your Course does not appear as a Quicklink, click the “edit” button to add it.
2. You can also access your Course Site by clicking on the “My Sites” link on the far right.
3. Click on the Course Site title to access a specific project.

NOTE: In general, you will need to be enrolled in a Course Site before it will appear in the My Courses tab.

---

1 We recommend that you use the latest versions of either the Internet Explorer or FireFox web browsers.
What are the tools in your Course Site?
A typical site appears below with brief descriptions of the tools sometimes used. Please note that not all Course Sites will use all of these tools and some may use tools that are not listed. If you need additional information on any tools and instructions on how to use them please click on the “Help” tool (see below).

Section #1: Communication
1. Announcements – View current and old announcements
2. Calendar – View course due dates, etc.
3. Messages – Send messages to other students or instructors in the course
4. Forums – Participate in online discussions
5. Chat Room – Participate in real-time chats

Section #2: Course Tools
1. Syllabus – View/print your course syllabus
2. Lessons* – Access course materials
3. Resources* – Access course related materials
4. Podcasts* – See Help Tool for instructions
5. Wiki – See Help Tool for instructions
6. Marist Library – Access the Marist Library resources

Section #3: Related Links
1. Site Editor – Change tools and user roles
2. Site Roster – View list of users
3. Search – Search the course site

* - Not all courses use this tool.

Do you need more help?
If you need additional assistance, contact the Marist Help Desk at (845) 575-HELP.
