PAYMENT OF FEES
Payment due dates are established each semester and will be noted with each billing cycle. Approximately, early August (fall semester) and early January (spring semester).

A $300.00 late fee will be assessed on student accounts that are not deemed financially cleared.

The College accepts cash, check, American Express, Discover and MasterCard for payment. Please note that ACH or credit card payments are only accepted online through our e-Bill (electronic billing) process.

A service charge of 2% on any unpaid balance will be added to all accounts in October (fall semester) and March (spring semester).

Any questions regarding semester payment of fees should be addressed to the Office of Student Financial Services.

OUTSTANDING FINANCIAL OBLIGATIONS
Students whose tuition or PERKINS accounts are in arrears will not be permitted to register or make schedule adjustments after registration and will not be awarded diplomas or issued transcripts of record.

If a tuition account is considered to be uncollectable by the College, College policy states that the account will be transferred to a third-party collection agency. The student will be responsible for the entire principal and also all collection costs associated with the collection of the debt. The collection cost may be 30%–40% of the outstanding debt when it is transferred to the collection agency.

MONTHLY PAYMENT PLAN
The College offers a payment plan arrangement managed by Sallie Mae. Additional information on The Sallie Mae Monthly Payment Plan may be obtained at www.marist.edu/financialaid/TuitionPay, or by calling (800) 635-0120.

FINANCIAL ASSISTANCE
Students who are recipients of any type of financial scholarship or assistance must present documentation to the Office of Student Financial Services at the time of registration or as soon as received.

Deductions from semester billings for specified scholarship and grant amounts may be made only upon official notification to the student and College. All awards not officially acknowledged and presented to the Office of Student Financial Services before fee deadlines will be subject to a service charge.

INSTITUTIONAL POLICY FOR REFUNDS
Since engagements with instructors and other provisions for education and residence are made in advance by the College for the entire year, the withdrawal and refund policies are as follows:

To withdraw from a course, a student must notify the Registrar in writing. A form is provided for this purpose and may be obtained at the Office of the Registrar. Simply notifying the classroom instructor and/or the dean is insufficient.

Procedures to be followed are outlined on this form. In computing the refund, the Office of Student Financial Services accepts the date that the completed form has been received in the Office of the Registrar.

Disbursement of funds must be requested through the Office of Student Financial Services.

Any student withdrawing from the Residence Halls must officially notify the Housing Office in writing. Date of receipt of this notice by the Housing Office will be used in determining the refund. (See Room Charge below.)

A refund for the board program for the remainder of the semester following the date of the student’s withdrawal will be made at the per-diem college rate. The date used will be the official notification of withdrawal to the Housing Office.

*Registration and orientation fees are nonrefundable.
**Room reservation fee of $200 will be forfeited.

For any withdrawal from the college and/or college housing after the beginning of the fourth week, no refund will be allowed. (Refer to the Academic Calendar for specific dates; i.e., tuition refund, etc.)

TITLE IV RECIPIENT POLICY FOR REFUNDS
This refund policy is effective as of September 1, 2000 as per the U.S. Department of Higher Education Amendments published on November 1, 1999. This refund policy will apply to students who receive assistance under Title IV funding and/or to the parents who receive Federal Parent Plus loans for their children. Title IV funding includes the following programs: Federal Stafford Loan Program, Federal Pell Grant Program, Federal Work-Study Program, Federal SEOG Program, Federal ACG Grant, Federal SMART Grant, and the Federal Perkins Loan Program. Students whose Title IV aid consists only of Federal Work-Study earnings are not included in the calculation. This policy begins the first day of classes and is effective for up to 60% of the period of enrollment of the semester in attendance (which constitutes nine weeks of our fifteen-week traditional semester).

If the student withdraws from Marist College during the first 60% of the semester, they may be responsible for a portion of the unearned Title IV funds disbursed or that could have been disbursed.

The percentage for which the student is eligible is equal to the percentage of the enrollment period that the student has completed. The percentage is calculated by dividing the portion of the period completed by the length of the payment period. If the period of enrollment is greater than 60% the student has earned 100% of the aid.

The amount earned is the percentage multiplied by the amount of Title IV aid awarded. The amount unearned is the difference between the amount awarded less the amount earned.

Refunds back to Title IV programs will be assessed by the official date of withdrawal. The official date of withdrawal will be considered the date recorded by the Center for Advising and Academic Services.

If you have any questions regarding this policy, please contact the Office of Student Financial Services.

EXCESS FINANCIAL AID
NO REFUNDS of excess financial aid will be processed until after one-half of the tuition-refund period is over. (See Academic Calendar for specific dates concerning these refunds.)

FINANCIAL AID
Marist College is concerned that all qualified students have access to a Marist education. Each year, to supplement federal and state financial aid, Marist awards more than $30 million of its own funds to assist students with financing their education. Overall, almost 87% of the student body receives some form of financial assistance. In addition to need-based grants, Marist awards scholarships to high-achieving incoming freshmen and transfer students.

MEETING COLLEGE COSTS
Financing a college education is a challenge for many families. Recognizing the cost of an education, students should consider the total cost of their education and not just the costs of the initial year. Besides the usual sources—family assistance, personal savings, and summer earnings—there exists a variety of ways to pay college costs. These are generally referred to as student financial aid. They consist of scholarships, grants, loans, and earnings from part-time work while in school.

If students are in need of financial assistance at Marist College, they should file the Free Application for Federal Student Aid (FAFSA). Please note that the Free Application for Federal Student Aid (FAFSA) cannot be filed before January 1.

PURPOSE OF FINANCIAL AID
The purpose of student financial aid at Marist College is to provide assistance to those students who demonstrate financial need. The College maintains that all costs associated with a college education are ultimately the responsibility of the student and the family. Financial need is determined by a formula established by the U.S. Congress, as calculated from data submitted on the Free Application for Federal Student Aid (FAFSA). This formula determines the Expected Family Contribution (EFC), an amount the student and family are expected to contribute toward the education.
The difference between the cost of attendance (tuition, fees, room and board, books, travel, and personal expenses) and the expected family contribution represents the student's financial need. This is the student's maximum need-based financial aid eligibility. Utilizing all available resources, Marist College attempts to meet the financial need of its students. Once a student's FAFSA is processed, an award notification outlining the financial aid eligibility will be forwarded to the student. Awards may include any combination of grant/scholarship, loan, and employment opportunities. These awards are offered without reference to race, ethnicity, sex, age, religion, marital status, or physical disability.

Student financial aid is awarded from two sources: (1) the college and (2) outside agencies such as the federal government, individual states, various public and private agencies, organizations, or companies. The following pages contain detailed descriptions of financial aid. Note: Information subject to change. Refer to our web site for updated information regarding institutional, state and federal student aid programs.

FINANCIAL NEED

The financial need of a student is the difference between total college costs and the assessed ability of the family to contribute to these costs. The following is an explanation of College Budgets, Family Contribution, and packaging.

1. College Budgets: Budgets should reflect the total cost of education as well as the billable costs. The estimated college cost includes the following:
   - tuition and fees for a 24-32 credit year
   - transportation (estimated at $825)
   - books (estimated at $1350)
   - personal expenses (estimated at $825)

   This budget is used for dependent students living on campus and adjusted for students living off campus. Students living with their parents will have a budget that reflects estimated room and board costs of $5,117 for the year, $1,350 for books, $975 for transportation, and $975 for personal expenses.

   Budgets for independent students will reflect their educational and living expenses. The budgets are reviewed each year to ensure that they are fair estimates of the total cost of education.

2. Family Contribution: This figure is determined through a standard needs analysis of the information provided on the FAFSA. The needs analysis takes a number of factors into consideration: income, asset equity, size of family, number of siblings attending college on at least a half-time basis, age of older parent, and whether both parents are working.

3. Meeting Need: In "packaging" a student with a variety of funding, the college will estimate grants from the following entitlement programs not directly administered by the college: Federal Pell Grants, SMART Grant, ACG Grant and the NYS Tuition Assistance Program (TAP), and other state programs. The ability of the college to meet remaining need is based on the number of students demonstrating a need and the funding levels for these programs. To assist as many students as possible, the college may set a maximum award for a particular program at a level below that which is legislated. Due to the limited financial-aid dollars available, Marist College awards financial aid to students who are enrolled on at least a half-time basis (6 credit hours). Priority is given to full-time students.

4. Deadlines: It is important to meet the college’s deadline for application for financial aid. While financial aid is awarded on the basis of need, it is also awarded on a first-come, first-served basis. This has implications for following years since priority is given to previously awarded students. The deadline for financial aid for incoming students is February 1 while the deadline for returning students is March 1. Returning students please note: If this deadline is not met you may jeopardize your prospective financial-aid award.

5. Reconsiderations: In the event that a student's financial situation changes despite any financial aid already awarded and the student is unable to meet the cost of attending Marist College, he or she may submit a written request to the Office of Student Financial Services to be considered for additional funding. The request, accompanied by supporting documentation, should detail the cause and extent of the student's additional financial need. Reconsiderations will be met depending upon availability of funds.

APPLICATION VERIFICATION PROCEDURES

All incoming and returning students must complete the Free Application for Federal Student Aid (FAFSA). It may take four to six weeks to process the form. Therefore, in order to meet the above-stated deadlines for filing for financial aid, incoming students should file the FAFSA by February 15 while returning students should file by April 1. This process may be completed on the Web. Please refer to www.marist.edu/financialaid. In addition to the FAFSA, freshmen, new transfers, and all students selected for verification must also submit a Marist College Application for Financial Aid, a signed copy of their most recent tax return, W-2 statements, and a signed copy of their parent(s) most recent federal income tax return, W-2 statements, and schedules. An IRS Form 4506 (request for copy of a tax return) must be filed when no copy is available or if no return is filed. This form is available at www.irs.gov or by calling 1-800-829-1040. Independent students selected for verification will be required to submit a signed copy of their, and, if applicable, their spouse’s, most recent federal income tax return. If a tax extension has been filed we will need a copy of that form. Please note an extension will not fulfill aid requirements. Students selected for verification during the academic year must submit requested documentation in order to determine eligibility for financial aid. Federal and need-based aid will not be credited to the student's account until the verification process has been completed. Requested information must be received no later than two weeks prior to the end of the enrollment for the academic year.

FINANCIAL AID PHILOSOPHY AND POLICIES

1. Marist College, utilizing all available resources, attempts to meet the financial need of its students. A student’s financial need is determined by subtracting the parent’s and student’s contribution from the total estimated cost of attending Marist College. The total financial aid awarded cannot exceed the college budget.

2. The amount of a student's financial aid is contingent upon the student enrolling on a full-time basis (unless otherwise indicated) for each semester awarded. A student may be dropped from the financial-aid program for failure to maintain good standing or satisfactory academic progress.

3. A FAFSA must be submitted annually as financial aid is not automatically renewable. The Marist Application for Financial Aid and a signed copy of the parent’s and student’s federal income tax return for the previous year may be requested.

4. The financial-aid award shall be voided if and when incorrect information is revealed on either the student’s application or Student Aid Report. Intentionally filed false statements or materials may subject the filer to a fine or imprisonment, or both, under the provisions of the U.S. Criminal Code.

5. If a student is not permitted to return to Marist College, either because of grades, disciplinary reasons, or an outstanding balance with the Office of Student Financial Services at the beginning of an academic term, the student’s financial-aid award will become void.

6. Any change in the amount indicated from non-college sources or in a student’s enrollment, financial, or resident status must be reported immediately to the Office of Student Financial Services.

7. Availability of funds (state and federal funding) is tentative at the time awards are made and Marist College cannot guarantee substitute awards if any anticipated outside sources of assistance do not materialize.

INDEPENDENT STUDENT STATUS

The fact that a student is not receiving financial assistance from his or her parents does not necessarily mean that the student will be considered an independent student for the financial-aid programs.

For the financial-aid programs administered by Marist College, a student claiming independence must be 24 years of age by January 1 of the academic year in which he or she is applying. Once the student has filed as a dependent student at Marist College, he or she will be unable to change dependency status except in unusual cases. Likewise, in a limited number of extreme circumstances, the age requirement may be set aside. Supporting documents such as parents’ death certificates, letters from welfare agencies, lawyers, and/or social workers may be required. The responsibility is on the student to prove his or her independent status.

STATE AID PROGRAMS

NEW YORK STATE TUITION ASSISTANCE PROGRAM (TAP)

The Tuition Assistance Program was created by New York State as a tuition-related student-aid program. It is designed to assist New York State residents with
greater freedom of choice in deciding upon the New York State postsecondary educational institutions that they would like to attend.

New York State designed the Tuition Assistance Program (TAP) so that awards to students attending private colleges are larger than awards for public schools. In this way, the gap between the private and public schools is lessened. Cost becomes less of a factor. TAP awards are not based on gross income. Instead, TAP awards are based on the parent’s and student’s New York State Net Taxable Income (after exemptions and deductions).

Specific TAP eligibility requirements are provided on the Marist website: www.marist.edu/registar. It is the student’s responsibility to be familiar with and to meet the eligibility requirements each term. In summary, to be eligible for TAP, a student must be a matriculated full-time (at least 12 credits applicable to the program) student, a New York State resident, a U.S. citizen or permanent resident alien, and have completed high school or the equivalent. Physical proof of high school completion is required to be on file at Marist College. First-time state aid recipients entering as freshman students, or continuing students in the 2006-07 academic year and thereafter with a non-U.S., high school transcript, are required to pass an Ability to Benefit exam. Students must meet the Ability to Benefit requirement before the first day of classes for the term for which they are seeking aid. In addition, the student must meet the TAP-mandated college requirements for determining program pursuit and satisfactory academic progress. To be pursuing one’s program satisfactorily, a student who is in his/her first year of receiving a TAP award must receive a passing or failing grade in at least one-half of the minimum full-time course load; a student who is in his/her second year as a TAP recipient must receive a passing or failing grade in at least three-fourths of a minimum full-time course load; in his/her third and fourth years, a student must receive a passing or failing grade in all of the courses constituting the minimum course load. Any course which was passed previously cannot be repeated and counted toward the minimum full-time (12 credits) necessary for TAP eligibility. The only exception occurs when a grade is passing but is unacceptable in a particular curriculum.

Making satisfactory progress requires that a student achieve a satisfactory cumulative index and accumulate credits at a steady rate. The minimum progress expected is given in chart form and has been approved by the New York State Higher Education Services Corporation (HESC). These progress requirements may be obtained by contacting the TAP Certifying Officer in the Office of the Registrar. It is important for students to understand that these criteria only determine student eligibility for a TAP award; they are not the general criteria for academic achievement at Marist College. A student conceivably may meet these standards for a TAP award and yet not meet the academic standards of Marist College for continuation as a student.

1. An applicant must file a Free Application for Federal Student Aid (FAFSA). The Department of Education will forward this information to HESC. Students will be given the option of linking to the HESC website to complete the TAP application online. HESC will send an award certificate to the student indicating the amount of the award per term. If filed on a timely basis, the student should receive an award certificate prior to the opening of the term for which payment will be required.

2. TAP awards at Marist currently range from $275 to $5,000.

3. TAP is awarded for eight semesters of full-time undergraduate studies. Students enrolled in the HEOP Program have an additional two semesters of eligibility. HEOP students must indicate they are in an approved five-year program on the FAFSA and TAP applications.

4. Upon receiving the official notification of the student’s award from HESC, the TAP Certifying Officer will verify the student’s full-time, matriculated status and the tuition charges for the term in question.

5. If the student meets all of the eligibility criteria, the amount of the award will be credited to the student’s account after the Certification Status Date. The Certification Status Date is the date upon which the student incurs full-tuition liability for full-time study.

6. When students are enrolled in a program of study approved to operate on a simulated semester calendar, students must register for and incur tuition liability for full-time study at the outset of the term. If the student meets all of the eligibility requirements, the award will be credited to the student’s account when the student begins study for the last module of the simulated semester.

7. If the TAP award results in a credit balance for the student, the College will refund any credit balance within 30 days unless the student requests the College to leave the balance on the account as a credit toward a future term’s charge. (Some restrictions may apply.)

Students may receive tuition waivers up to the cost of tuition, but not in excess of $1,000 each semester. Students are required to file an APTS application each academic year and submit it to the Office of Student Financial Services. Applications and additional information are available at our website: http://www.marist.edu/financialaid/tap.html.

Scholarship Award
The award covers up to four years of full-time undergraduate study or up to five years in an approved five-year bachelor’s program. At a public college or university (SUNY or CUNY) the scholarship includes the actual tuition and mandatory educational fees as well as room and board and a book allowance. At a private institution, the scholarship provides an allowance equal to SUNY four-year college tuition and mandatory educational fees (or student’s actual tuition and fees, whichever is less) and allowances for room and board, books, supplies, and transportation. Payment of the scholarship is made to the school.

Receipt of other grants and scholarships may reduce the World Trade Center Memorial Scholarship award; the total of all aid received cannot be greater than the student’s cost of attendance.

Recipients of World Trade Center Memorial Scholarships must meet the basic eligibility requirements as described in the section on New York State Tuition Assistance Program (TAP), page 244. Specific eligibility requirements are provided on the Marist website: www.marist.edu/registrar.

VOCATIONAL REHABILITATION

Among the training services provided to handicapped persons is training at colleges. Financial assistance may be provided for the person in pursuit of a college education.

FEDERAL AID & LOAN PROGRAMS

FEDERAL PELL GRANT
The Federal Pell Grant Program is a federal student-aid program designed to provide needy students access to a college education. The Federal Pell Grant is intended to be the starting point for putting together the necessary resources to meet college expenses. An undergraduate student enrolled in one class per semester may be eligible for a Federal Pell Grant.

1. To apply for a Federal Pell Grant, a student must complete the Free Application for Federal Student Aid (FAFSA). Usually within four weeks, a Student Aid Report (SAR) notification will be sent to the applicant. Provided the student listed Marist as one of the colleges to receive information, the College will notify the student of the amount of Pell Grant to be received.
2. Currently, the amount of the award ranges from $400 to $4,731; this range may change as a result of federal legislation. The amount that a student will receive is based on the following factors: (a) the student’s financial need as computed from the information provided on the student’s application; (b) the college costs; (c) the student’s part-time or full-time enrollment status; (d) the payment schedule as issued by the U.S. Department of Education.
3. Ordinarily the financial need of the student is computed from the previous year’s income information. However, if some extraordinary circumstance occurs, a student may file a supplemental form wherein current-year estimated income would be reported and the eligibility of the student would be computed on the basis of that year’s income.
4. Award notification will be mailed to new students by May 1, and email notification will be sent to returning students by June 15.
5. Payment of the award will be made directly to the student’s account. It will be made in two equal payments for fall and spring, unless otherwise noted. If a recipient is attending summer school, taking at least six credit hours, he or she may receive a prorated portion of the award applied to the summer term, providing the student has not received his or her full academic year grant allowance during the previous fall and/or spring.
6. If the Federal Pell Grant results in a credit balance for the student, the College will refund the credit balance to the student within 14 days unless the student requests the College to leave the balance in the account as a credit toward a future term’s charges.
7. A student who is in default on a Federal Perkins Loan or Stafford Student Loan or owes a refund on a Federal Pell Grant is not eligible for federal and/or state aid.
FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY
GRANT (SEOG)
Federal SEOG is a federal grant program administered by Marist College to assist undergraduate students who qualify for the Pell Grant and exhibit a high
degree of need.
1. The amount of the award will range from $500 to $2,500 per academic
year.
2. The grant is awarded annually.
3. The award can only be given to undergraduate students pursuing their first
baccalaureate degree.
4. A Federal SEOG is awarded on the basis of financial need, other financial aid
resources available to the student, total grant funds available to the College,
and satisfactory academic performance of the student (both cumulative
grade-point average and credit accumulation standards as established by
Marist College. Refer to Satisfactory Academic Progress Requirements for
more details).
5. Award notification will be mailed to new students by May 1, and email
notification will be sent to returning students by July 15.
6. Payment of the award is made in two equal parts, in the fall and the spring,
unless otherwise noted.
7. If the Federal SEOG award results in a credit balance for the student, the
College will refund any credit balance within 30 days unless the student
requests the College to leave the balance on the account as a credit toward
a future term’s charges.
8. A student who is in default on a Federal Perkins Loan or Stafford Student
Loan or owes a refund on a Federal Pell Grant is not eligible for federal and/or
state aid.

ACADEMIC COMPETITIVENESS GRANT
An Academic Competitiveness Grant will provide up to $750 for the first year of
undergraduate study and up to $1,300 for the second year of undergraduate study
to full-time students who are U.S. citizens, eligible for a Federal Pell Grant, and
who have successfully completed a rigorous high school program, as determined
by the state or local education agency and recognized by the Secretary of
Education. Second year students must also have maintained a cumulative grade-
point average (GPA) of at least 3.0.

NATIONAL SCIENCE AND MATHEMATICS ACCESS TO RETAIN
TALENT GRANT OR NATIONAL SMART GRANT
A National SMART Grant will provide up to $4,000 for each of the third and
fourth years of undergraduate study to full-time students who are U.S. citizens,
eligible for a Federal Pell Grant, and majoring in physical, life, or computer
sciences, mathematics, technology, or in a foreign language determined critical
to national security. The student must also have maintained a cumulative grade-
point average (GPA) of at least 3.0 in coursework required for the major. The
National SMART Grant award is in addition to the student’s Pell Grant award.

FEDERAL PERKINS (NDSL) LOAN
The Perkins Loan is a federal loan program administered by Marist College to
assist high need students in meeting their educational expenses.
1. A student may borrow a maximum of $4,000 for each year of college with

2. The Federal Perkins Loan is awarded annually.
3. A Federal Perkins Loan is awarded on the basis of financial need, other
financial resources available to the student, total funds available to the
college, and satisfactory academic performance of the student (both cumulative
grade-point average and credit accumulation standards as established by
Marist College. Refer to Satisfactory Academic Progress Requirements for

(h) The borrower must notify the college of a situation wherein the borrower becomes eligible for deferment of payment or cancellation of the loan obligation.

6. An award letter will be mailed to new students by May 1 and email notification will be sent to returning students by June 15.
7. The award is automatically accepted on behalf of the student. Students must notify the Office of Student Financial Services in writing to reduce or decline the award. The student also certifies that he/she is in compliance with the Selective Service requirements and will provide proof of registration when requested.
8. Payment of the award is made in two equal parts in the fall and in the spring, unless otherwise noted. The recipient must report to the Office of Student Financial Services at the beginning of each term for which the award is applicable and sign for the award.
9. If the Federal Perkins Loan award results in a credit balance for the student, the College will refund any credit balance within 30 days unless the student requests the College to leave the balance on the account as a credit toward a future term’s charges.
10. A student who is in default on a previous Federal Perkins Loan or Federal Stafford Student Loan or owes a refund on a Federal Pell Grant or Federal SEOG cannot receive a Federal Perkins Loan.

FEDERAL WORK-STUDY PROGRAM (FWSP)

Marist College administers this federally sponsored employment program during the academic year. The FWSP provides job opportunities to enrolled students who demonstrate financial need in meeting their college expenses. Jobs are available both on campus and in the surrounding community.

- 1. FWS students are paid at least the federal minimum wage.
- 2. Students on FWS cannot work more than an average of 20 hours per week during the regular academic terms and 40 hours per week during vacation periods.
- 3. FWS jobs are awarded on the basis of financial aid resources available to the student and total employment funds available to the College. To remain eligible, students must continue to meet federal and institutional academic progress standards (refer to Satisfactory Academic Progress Requirements).
- 4. The Office of Student Financial Services will notify students when they have earned their awarded FWS amounts. In the event of additional student eligibility and available funds, FWS employment may be extended.
- 5. Payroll schedules are published at the beginning of each academic term, including summer. Prior to being paid, students must have on file with the Payroll Office a W-4 or W-4-E Form (Employee’s Withholding Allowance Certificate), and time sheets are to be submitted on the scheduled dates. Late time sheets will be held and paid on the next scheduled payment date. Direct deposit is available to students or paychecks are to be picked up in the Business Office.
- 6. Students must complete a Student Work Agreement/Authorization Form wherein the student’s award will be indicated. These forms must be filled out and signed by the student and the student’s supervisor and then returned to the Office of Student Financial Services for processing.
- 7. A work-study award is an allocation only and not necessarily a guarantee of employment.
- 8. An award letter will be mailed to new students by May 1 and email notification will be sent to returning students by June 15.
- 9. Students in default on a Federal Perkins Loan or Federal Stafford Student Loan or owing a refund on a Federal Pell Grant or Federal SEOG cannot receive a FWSP Award.

MARIST COLLEGE CAMPUS EMPLOYMENT PROGRAM (CE)

Marist College provides part-time employment to students during the summer months and to a limited extent during the regular academic year.

- 1. Students will be paid at least the federal minimum wage.
- 2. A student on CE cannot work more than an average of 20 hours per week during the regular academic term. A maximum of 40 hours per week can be worked under CE during vacation periods.
- 3. Payroll schedules are published at the beginning of each academic term, including summer. Prior to being paid, students must have on file with the Payroll Office a copy of their social security card, photo ID, W-4 or W-4-E Form (Employee’s Withholding Allowance Certificate), and time sheets are to be submitted on the scheduled dates. Late time sheets will be held and paid on the next scheduled payment date. Direct deposit is available to students or paychecks are to be picked up in the Business Office.
- 4. Students must complete a Student Work Agreement/Authorization Form for the Office of Student Financial Services where the student’s work status will be indicated. These forms must be filled out and signed by the student and the student’s supervisor and then returned to the Office of Student Financial Services for processing.

FEDERAL FAMILY EDUCATION LOAN PROGRAM

FEDERAL STAFFORD STUDENT LOAN (FSSL)

Subsidized:
The FSSL is a federal loan program which assists students who are enrolled at least half-time (six credit hours per term) in borrowing directly from a lending institution participating in FSSL. The loans are insured by the federal government or guaranteed by a guarantee agency. The benefits of the FSSL are:

- The borrower is not liable to make repayment on the loan while enrolled in college on at least a half-time basis; the loan is interest-free during the same period of time.
- A FAFSA must be filed so that the college can determine the student’s eligibility. The school will certify the student’s enrollment, the college costs,
the financial aid available to the student, and the allowable loan amount. Students must also complete a Federal Stafford Loan Master Promissory Note. Upon approval of the loan, proceeds are normally electronically transferred to the institution.

2. Freshmen can borrow up to $3,500, sophomores up to $4,500, and juniors and seniors up to $5,500 per academic year in accordance with the student's total family income and demonstrated financial need. (A FAFSA must be filed in order that the college can determine the student's eligibility.)

3. A student may borrow up to an aggregate maximum of $23,000, if he/she is enrolled in a program of undergraduate education.

4. The amount the student may borrow is also limited by the student's enrollment status, college costs, financial aid available to meet these costs, and the satisfactory academic performance of the student. The student must be matriculated and must maintain the cumulative grade-point average and credit accumulation standards established by Marist College. (Refer to Satisfactory Academic Progress Requirements for more details.)

5. The College cooperates with the lending institutions and agencies in verifying and maintaining current information on all its student-borrowers.

6. A student may be required to pay a loan default and/or origination fee of up to three percent.

7. A statement of rights and responsibilities must be reviewed and signed by the student prior to the certification of the loan.

8. After proceeds are credited to the student's account, any credit balance will be refunded within 30 days. If the student chooses to leave the credit balance on the account, the student must notify the College in writing.

9. For loans issued to undergraduate students on or after July 1, 2008, the interest rate is fixed at 6.8%.

10. If a student drops to less than half-time, a refund will be made to the lending institution to be applied toward their outstanding loan balance. The student will receive notification of this transaction.

11. If verification is required, a student may be requested to submit a signed copy of his/her most recent tax return and a signed copy of his/her parent's most recent tax return, and the completed verification worksheet.

Unsubsidized:
The unsubsidized Federal Stafford Loan is for those students who do not qualify for the subsidized Federal Stafford Student Loan program. Effective July 1, 2008, all students are eligible for an additional $2,000 above the base Stafford Loan eligibility. The terms and conditions of the unsubsidized FSSL are identical to those for the subsidized FSSL with the following exceptions:

For loans issued on or after July 1, 2006, the interest rate on unsubsidized loans is fixed at 6.8%.

Whereas the subsidized FSSL is interest-free during the student's period of enrollment (minimum half-time), the unsubsidized FSSL is not. The student must select one of the following two options: to begin making interest payments on the loan immediately or to allow the lending institution to capitalize the interest due, resulting in a larger loan repayment.

ADDITIONAL UNSUBSIDIZED FEDERAL STAFFORD LOAN
This is a student loan program to assist independent undergraduate, graduate, and professional students or students whose parents do not qualify for a Parent PLUS Loan. Eligible freshmen and sophomores may borrow up to $4,000, juniors and seniors up to $5,000, and graduate and professional students up to $10,000 per academic year, with an aggregate loan maximum of $8,000 for dependent undergraduates and $34,500 for independent undergraduate students and $73,000 (including undergraduate) for graduate and professional students. These loan limits do not include amounts borrowed under the Subsidized Stafford or PLUS programs. For loans issued on or after July 1, 2006, the interest rate is fixed at 6.8%.

PARENT LOANS FOR UNDERGRADUATE STUDENTS (PLUS)
Parents of undergraduate students may borrow up to the cost of education minus any other financial aid the student will receive for each child in college. There is no aggregate limit. This is a credit-based loan. Repayment begins on the date of the second disbursement of the loan proceeds. For loans issued on or after July 1, 2006, the interest rate is fixed at 8.5%.

REQUIREMENTS TO MAINTAIN FEDERAL ELIGIBILITY
HEA Section 484(c), 34 CFR 668.16(c), 34 CFR 668.32(f), and 34 CFR 668.34 requires colleges to define and enforce standards of Satisfactory Academic Progress. Students receiving federal financial aid must conform to these requirements in order to be eligible for this financial assistance. These Satisfactory Academic Progress requirements must provide a maximum time frame for completion of the degree, a graduated credit accumulation over this time, as well as a quality mechanism. Essentially, these minimum standards require students to demonstrate that they are actively pursuing their degree.

Qualitative Standard
Students will be reviewed for satisfactory academic progress twice per year, after the fall and spring semesters.

8. After proceeds are credited to the student’s account, any credit balance will be refunded within 30 days. If the student chooses to leave the credit balance on the account, the student must notify the College in writing.

*Credits transferred from another institution will be counted when determining the number of semesters a student has attended.

When calculating grade-point average and credits attempted vs. credits earned, the following conditions apply:

- Transfer credits will be included in attempted hours and hours earned. Grades received for transfer credits will not be computed in the cumulative grade-point average.
- Progress will be reviewed once a temporary grade of I (Incomplete) has been replaced with an official grade.
- Repeated classes will count as credits attempted – the higher grade will be used to calculate the GPA.
- A grade of P (Pass) counts as credits attempted and earned, but is not calculated in the GPA.
- A grade of U (Unsatisfactory) or NC (No credit) counts as credits attempted, but not earned, and does not affect the cumulative GPA.
- A grade of W (Withdrawal) counts as credits attempted, but is not calculated in the GPA.
- A grade of WF (Withdrawal with a grade of F) counts as credits attempted and will count as an F when calculating GPA.
- If students change their major, all credits attempted, including those taken towards the prior major, will be counted when calculating the cumulative GPA. These credits will also be counted in the credits attempted versus credits earned calculation.

Quantitative Measure
Although the College considers the student in good academic standing based on a cumulative GPA of 2.00 or better, failure to earn the necessary number of credits toward degree completion can jeopardize the student's aid eligibility.

<table>
<thead>
<tr>
<th>Cumulative Hours Attempted</th>

</tr>
<tr>
<td>31 – 60 Cumulative Attempted Hours</td>
<td>50%</td>
</tr>
<tr>
<td>Greater than 60 Cumulative Attempted Hours</td>
<td>67%</td>
</tr>
</tbody>
</table>
Definition of Attempted Hours:

- The hours for which the student is registered at the end of the add/drop period.
- All transfer hours
- All hours are included, even if the student did not receive financial assistance during these time periods.

Students who exceed 150 percent of the normal time required to complete their academic programs are not eligible for additional Title IV assistance for the period that is in excess of 150 percent of their academic period normally required to complete the program of study.

Students who do not meet the quantitative requirements, regardless of their GPA, will be ineligible for financial aid. Students who have lost their financial aid eligibility have the option of requesting a one-time appeal from the Office of Student Financial Services.

Military Service Activation

Students called to active duty that results in withdrawal from all classes will be granted probation upon submission of documents verifying activation. Students must meet the Financial Aid Standards of Progress at the time of military activation to be granted automatic probation.

The Appeal Process for Students Who Have Failed to Meet Satisfactory Academic Progress

Students will be notified by the Office of Student Financial Services that they have lost their financial aid eligibility. Students will initiate the process by requesting a one-time appeal. Such requests should be forwarded to the Executive Director of Student Financial Services within two weeks of aid loss notification.

Possible reasons for appeal: serious personal problems, family tragedy, illness, employment and/or difficult adjustment to college, and other unusual circumstances that could reasonably contribute to a lack of academic progress. Appeals should include supporting documentation.

A committee comprised of the Executive Director of Student Financial Services, the Director of Advising and Academic Services, the Registrar, and others as needed will review the appeal request.

Please note, only one appeal will be granted, whether based on qualitative and/or quantitative standards. Students who are not granted an appeal, or those who have already used the appeal, but do not have a cumulative GPA of 2.00 or meet quantitative standards, will regain eligibility once the cumulative GPA and quantitative standards are met.

VETERANS EDUCATIONAL BENEFITS

Marist College is approved for study under Title 38 US Code:

Montgomery GI Bill—Active Duty (MGB)—Chapter 30

The MGIB program provides up to 36 months of education benefits. This benefit may be used for degree and certificate programs. Remedial, deficiency, and refresher courses may be approved under certain circumstances. Generally, benefits are payable for 10 years following your release from active duty. Veterans may be eligible for assistance under this program if they first entered active duty after June 30, 1985. Veterans who entered active duty before January 1, 1977 may also be eligible for Chapter 30 benefits after December 31, 1989.

Eligibility for benefits is determined solely by the Veterans’ Administration (VA). For further information and applications, contact the VA Certifying Officer in the Office of the Registrar or your local Veterans’ Administration office.

Montgomery GI Bill—Selected Reserve (MGB-SR)—Chapter 1606

This program is available to members of the Selected Reserve who have a six-year obligation to serve in the Selected Reserve signed after June 30, 1985. The Selected Reserve includes the Army Reserve, Navy Reserve, Air Force Reserve, Marine Corps Reserve, Coast Guard Reserve, Army National Guard, and Air National Guard. For some types of training, it is necessary to have a six-year commitment that begins after September 30, 1990. Applicants must have completed their initial active duty for training (IADT), met the requirement to receive a high school diploma or equivalency certificate before completing IADT, and remain in good standing while serving in an active Selected Reserve unit.

Applicants may be entitled to receive up to 36 months of education benefits. Benefit entitlement ends 14 years from the date of eligibility for the program, or on the day you leave the Selected Reserve.

Reserve Educational Assistance Program (REAP)—Chapter 1607

REAP was established as a part of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005. It is a Department of Defense education benefit program designed to provide educational assistance to members of the Reserve components called or ordered to active duty in response to a war or national emergency (contingency operation) as declared by the President or Congress.
