CURRICULAR PRACTICAL TRAINING (CPT)

Curricular Practical Training is defined for an F-1 student as authorized alternate work/study, internship, cooperative education, or any other type of required internship or practicum which is offered by sponsoring employers through cooperative agreements with the school.

Eligibility Requirements:

2. The student can work part-time (20 hours) while school is in session and work full-time (40 hours) during semester breaks.
3. The student cannot be engaging in on-campus employment and CPT while in class full-time, unless the total for all work is under 20 hours per week.
4. In a student’s last semester, if a graduate student has three credits, or an undergraduate has six credits or less, they can engage in full-time CPT.
5. Students are required to register for an internship course in order to obtain CPT.
6. Students can only use CPT before completion of their educational objective.
7. Students who use one year or more of full-time CPT eliminate their eligibility for OPT.
