OPTIONAL PRACTICAL TRAINING

- Optional Practical Training (OPT) is defined as “temporary employment related to the student’s major area of study”.

The purpose of Optional Practical Training is for the student to gain work experience in his or her field of study during or after completion of a bachelors, masters, or doctoral program. There are two types of OPT. Pre-completion OPT, which is done prior to your program completion and Post-completion OPT, which is done after commencement.

Eligibility Requirements:

1. The student must have been studying consecutively for one full academic year (completion of one Fall and Spring semester), full time.
2. The work must be directly related to the student’s major field of study.
3. The student must be in good academic standing.
4. For Post-completion OPT, the student needs to graduate.
5. The student must not have used OPT at another college.

Things to Consider:

1. Optional Practical Training may be used before or after completion of studies for a combined period of no more than twelve months per education level. (If you choose to do OPT while still in your program, you can work no more than 20 hours per week.)
2. Full-time CPT for one year or more disqualifies you from applying for OPT.
3. The application must be received by USCIS no later than 60 days after your program completion date. “All OPT must be completed within 14 months of your program end date.”
4. Students can apply no earlier than 90 days prior to completion of studies.
5. It is not required that the student have a job offer prior to applying for OPT. You can register with the Center for Career Services to participate in their job search programs.
6. You can have more than one employer and the work can be paid or unpaid.
7. You must have at least 20 hours per week and you cannot have more than 90 days of unemployment.
8. USCIS must receive your paperwork no later than 30 days after the date the DSO produced your new I-20 with OPT recommendations.
9. TRAVEL: An F-1 student with an expired visa should wait for OPT approval to travel, if a valid visa is required for reentry. The Department of State will NOT issue a visa to an applicant with a pending OPT application. Student should have valid F-1 visa, Form I-20 signed by DSO, valid passport, EAD card and letter from employer.
Application Procedure:
