The Office of International Student Services

You Are Welcome Here

The Office of International Student Services offers a range of support services for both undergraduate and graduate students who come to Marist College from abroad. Programs include an intensive orientation program for new students prior to the start of classes each semester. Orientation is designed to introduce new students to the campus, its students, faculty, and staff, and to familiarize them with the academic policies and procedures of Marist, and applicable rules and regulations of the United States government. Students should plan to arrive on campus approximately one week before classes begin in order to participate in orientation.

Additionally, the office provides on-going academic, social, religious, and cultural support for all international students. Programming often includes seminars about OPT and CPT, student health insurance, tax preparation, and writing tutorials. Finally, we are always eager to celebrate the richness of our diverse traditions. The Marist International Student Association (MISA) enthusiastically plans celebrations for Diwali, Iftar, and Christmas, just to name a few.

International Exchange Students from partner institutions are welcome at Marist College. The International Student Exchange Program, administered by the Office of International Student Services in conjunction with Marist Abroad, is responsible for coordinating aspects of the exchange students' stay, prior to orientation through completion of their course work at Marist.

Many ISS forms are available through my.Marist by navigating to the Student tab, selecting Registrar and then clicking on International Student Services.

American Culture

Introduction

Studying in another country is one of life's most enriching experiences. Throughout history, travelers have recognized the benefits of learning about different ways of thinking and living. Studying in a country and culture different from your own will enable you to look at the world from a new perspective. Nearly one million students come to the United States to study each year from countries around the world. Their presence in the United States gives them the opportunity to benefit from our system of education and allows them to contribute to U.S. understanding of the world community.

-NAFSA's International Student Handbook

Adjustment

After watching American films, TV, and talking with Americans in your country, you have probably formed some idea of life in the U.S. Some of what you have seen and heard is true, while some of it is probably distorted or just plain fiction. Your adjustment may not seem like a shock at all; you may just be uncomfortable at times,

or more tired than you would normally be. Regardless, most foreign students and faculty experience culture shock and most learn to accept the differences that they encounter. Remember though, that each person's experience is different, and part of the value of your experience abroad will be your own discovery of the U.S. and American culture.

Common Symptoms of Culture Shock:

- Extreme homesickness
- Weariness of speaking English
- Desire to avoid social settings that seem threatening or unpleasant
- Lack of interest in studies
- Lack of motivation
- Physical complaints and sleep disturbances
- Loss of your sense of humor
- Constant yearning for familiar foods and spices
- Boredom or fatigue
- Hostility against the host culture
- Depression and feeling of helplessness
- Weight gain or loss
- Blaming others for your problems

Suggested Ways to Combat Culture Shock

- Get in touch with family and friends back home
- Get enough sleep and try to relax
- Involve yourself with college activities; interact with other students
- Connect with other international students
- Be physically active! Participate in sports or exercise
- Observe how others are acting in the same situation
- Describe the situation, what it means to you, and your response to it
- Ask residents how they would have handled the situation and what it means in the host culture
- Plan how you might act in this or similar situations in the future
- Evaluate and test the new behavior, and see how well it works
- Decide how you can apply what you have learned the next time you find yourself in a similar situation

Throughout the period of cultural adaptation, find a way to make yourself feel better. Take good care of yourself, and take special notice of things you enjoy about living in the host culture. Being relaxed and keeping a good sense of humor will assist you in overcoming culture shock.

American Customs and Courtesies

Time

To many Americans, timeliness is very important. Having an appointment with an American is like having a Swiss watch, which keeps "precision timing." Arriving late for class may result in lower grades or you may earn an absence. Be sure to arrive a few minutes early to your appointment. Call or e-mail if you will be coming late or will be unable to keep the appointment.

Friendships

In this mobile society, friendships may be transitory and are often established to meet personal needs in a particular situation. The casualness of friendship patterns in the U.S. allows people to move freely into new social groups. These groups usually form around work, shared interests, school, or places of residence. You may be greeted with considerable warmth initially but find that this does not always continue. That is why the American form of friendship remains a question to many foreign students and faculty. As an outsider, it is up to you to introduce yourself. Most Americans usually welcome new people into their social groups if you show an interest in them.

Handshaking

The handshake is the most common form of non-verbal greeting used in the U.S. Americans shake hands when greeting friends, work associates, and before and after business meetings. The handshake is an acceptable gesture to either men or women, as it conveys greeting and professional recognition at business events. Unlike other cultures, there is no social restriction regarding men shaking hands with women, but it is always appropriate in formal social situations to wait until the woman offers her hand first.

Greetings

Americans often greet each other (or you) with phrases such as "How are you?", "How are you doing?", "What's up?", or "Nice day, isn't it?" Usually, it's not a question at all, but rather a form of "Hello." A usual response to this question would be: "I'm fine, how are you?" You may not be "fine" at all, but this kind of greeting is a courtesy and is not intended to invite a lengthy

conversation. Do not be too concerned if they do not follow up the greeting with further conversation.

Invitations

If you accept an invitation to a person's home, it is important to keep the appointment. The host expects you to call or e-mail well ahead of time to cancel your appointment if you cannot make it. If you are not sure you can attend, it is probably better to decline. While you are not obliged to bring a gift if you are invited to dinner, a bottle of wine or flowers will always be appreciated. However, overnight guests usually bring an inexpensive gift. Before leaving, thank the host and hostess for accommodating you and compliment them for the meal or meals they have prepared for you. Complimenting is a fine gesture that Americans always appreciate.

Tax

Upon your purchase of goods and services (clothing, foods, books, etc.), you will notice that advertised price does not include a sales tax. The sales tax is added onto the price when you go to pay for your goods and services. Tax varies from city to city, but they are usually around 6-8 percent of the price listed on the sales tag. Some municipalities do not tax clothing purchases for single items costing less than \$110.00 each.

Tipping

Customers reward workers' (such as waiters and waitresses, taxi drivers, airport and hotel porters) good service by tipping them. When service is particularly poor, some people consider it appropriate to limit the amount of a tip. Your waiter expects a tip of 15-20 percent of your bill while a taxi driver expects an additional 10-15 percent of the fare shown on the taxi's meter. A porter expects \$1.00 for each bag he carries.

Cleanliness and Body Odor

Americans tend to choose products that will help them, their clothes, and homes smell like anything except their natural odors. Realize that your own culture's ideas about what smells good may be different from the American culture. For example, cooking odors can often be the most obvious and even offensive scents to most Americans. The smell of garlic on a person's breath could probably offend some Americans. Americans tend to bathe or shower daily and use deodorant and perfumes or cologne.

Conclusion

These are just a few tips for situations that you may encounter during your first few days here. International Student Orientation, offered during the early part of your stay, will provide you with additional information. Feel free to ask questions during the orientation sessions. College officials are here to help you make an easier transition into American collegiate life.

Immigration Policies and Procedures

Introduction

All students who are in the U.S. on non-immigrant visas are subject to an extensive and somewhat complex set of regulations mandated by the U.S. government. The following section of this Handbook discusses very briefly some of the major topics related to immigration regulations. Even though this is not a complete list of all immigration policies that apply to international students, the information contained in this section includes basic terminology and immigration policies, which all students must know while studying in the U.S.

Your Responsibilities as a Non-Immigrant International Student

Advisors are available to assist you and answer questions about your immigration status, but it is your responsibility to know and abide by the law in order to maintain valid legal status.

Important Terms

US Visa - A valid visa issued by the American Consulate in your country of origin stamped on a passport page.

I-94 Arrival/Departure Form: In order to check and see if you entered the U.S. in the correct visa category, or if you plan on working in the U.S., you will need this paperwork. You can obtain this form through [the U.S. Customs and Border Protection](#) page where you will click on “get most recent I-94” and hit “consent and continue.” Proceed to fill out the form, and when completed, print out the results.

F-1 Students: SEVIS I-20 Form- This form has to be presented by the student to the American Consulate in his/her country of origin in order to receive F-1 status. It consists of three pages. Page one has personal information, the school’s information, and financial information. Page two is a

reporting page for employment, program changes, and travel. Page three is an information page. Every F-1 student should keep the SEVIS I-20 with his or her passport.

J-1 Students: SEVIS DS-2019 Form – This form must be presented by the student to the American Consulate in his/her country of origin in order to receive J-1 status. This is a two-page document issued by your sponsoring organization that describes your purpose for entering the U.S., the expected duration of your program, and your sources of funding. Form DS-2019 permits you to apply for a J-1 visa stamp and request J-1 (Exchange Visitor) status upon entry to the U.S. Every J-1 student should keep the SEVIS DS-2019 with his or her passport. Please see the official website for a list of frequently asked questions about the J-1 Visas please see

<http://j1visa.state.gov/basics/common-questions>

F-1 Visa Policies

As a non-immigrant international student on an F-1 visa, you must:

- Always have a valid passport.
- After entering the US, either attend the school you were authorized to attend or contact the Designated School Official (DSO) at the school on your I-20 to request a transfer to another school.
- Be registered full-time for each academic semester as defined by the USCIS. For undergraduate students, this means registration for at least 12 credits per semester, and for graduate students, this means registration for at least 9 credits per semester. Only one online class per credit amount is allowed each semester.
- Maintain good academic standing and make progress towards completing your degree.
- Follow appropriate procedures if you transfer from one school to another or if you change from one educational level to another.
- File for a program extension in a timely manner (at least one month before the end date on your I-20) if you do not complete your program by the time estimated on your I-20.
- Limit on-campus employment or any authorized off-campus employment to a total of 20 hours per week during the academic semester (and up to 40 hours during breaks and vacation).
- Obtain proper authorization before engaging in any off-campus employment.
- Report promptly to ISS and the Registrar's office any change of address.

Students that are holding F-1 Visas are admitted to the U.S. for the duration of status ("D/S"), otherwise, defined as:

- The length of your stay while pursuing "full-time study" and making normal progress towards completing your degree. (In the event of a documented medical emergency, exceptions to full-time status may be made.)
- The time you may be working in "practical training" after you finished studies (if you are authorized and qualify); and
- A period of 60 days to leave the country upon completion of an academic program

If you are planning to travel outside the U.S. (including going home), you must have your I-20 Form signed by the PDSO or DSO This affirms that you are eligible to continue as a student at Marist College when you return to the U.S

Please note: If you have any questions regarding your **F-1 or J-1** status, please contact the PDSO or DSO in the ISS Office.

J-1 Visa Policies

College and University students are eligible for the Exchange Visitor Program only if at any time during their college studies in the United States they meet one of the following four criteria:

1. They or their program are financed directly or indirectly by the U.S. Government, the student's home government or an international organization of which the United States is a member by treaty or statute.
 2. The exchange program is carried out pursuant to an agreement between the U.S. Government and a foreign government (must attach a copy of the agreement to the application.)
 3. The exchange program is carried out pursuant to a *written* agreement between: (must attach a copy of the agreement to the application or designate the Relevant Marist Exchange Program on your application.)
 - a. An American and foreign educational institution
 - b. An American educational institution and a foreign government
 - c. A U.S. state or local government and a foreign government;
- or -**
4. The exchange visitor student is supported substantially by funding other than personal or family funds.

[22 CFR § 62.23(c)]. Participants in this Program will enter the U.S. with a "J-1" visa, identified as "exchange student." A "non-degree" student is engaged full time in a prescribed course of study in a non-degree program of up to 24 months' duration.

Please note that J-1 students must demonstrate minimum financial support according to their program specifications. Substantial funding from J programs must come from exchange agreements, the student's home university, scholarships, or other sources apart from personal or family funds.

The Department of State regulations require that all J-1 students and their dependents carry a comprehensive health plan for the duration of the program. J students at Marist are required to purchase insurance through the College to provide proper coverage under federal guidelines.

Please note: If you have any questions regarding your **J-1** status, please contact the Responsible Officer (RO) located in the Marist International Programs office in the Hancock Center

Employment Guide for International Students

F-1 Visa Students

Both undergraduate and graduate students are eligible for campus employment. Please note that as an international student, you are only permitted to work on campus. Off-campus employment is prohibited. The only exception to this rule is if you are involved in an academic internship that is directly related to your field of study and is approved by the college. After completing two consecutive academic semesters, students may work off-campus if they are involved in an Optional Practical Training (OPT) position or Curricular Practical Training (CPT) that is directly related to their field of study after completing two consecutive academic semesters.

It should be noted that on campus employment opportunities are limited and open positions are competitive. Students may not always be able to procure work when they first arrive at Marist, nor even during their first semester. You must limit your work to no more than 20 hours per week while school is in session. You may work full-time on campus when school is not in session and during summer vacations.

J-1 Visa Students

The definition of “employment” is any type of work performed, or services provided in exchange for money, tuition, fees, books, supplies, room, or for any other benefit. If you receive no pay or other compensation for the work performed, the activity is not defined as “employment”, but is considered to be volunteer work. Authorization must be obtained from the Responsible Officer or Alternate Responsible Officer for all types of employment. The exchange visitor is prohibited from engaging in unauthorized employment. Engaging in unauthorized employment is

considered a violation of the regulations and subjects the exchange visitor to termination from the program.

Students can check the Student Financial Services website or visit the office in person. Students may call the Director of Student employment to make an appointment to discuss employment possibilities or to obtain a list of open positions on campus. Open positions are also posted online on [FoxQuest](#), the Marist employment search engine.

Obtaining Identification Cards

The official mascot of Marist College is the red fox.

Marist College ID Card

A Marist College ID card serves as your official campus identification. Students are required to present it at the library to check out materials and at the McCann Recreation Center in order to use the facilities. It can also be used as a declining balance card at various locations both on and off campus. It permits entry to secured areas on campus as well. Marist students may obtain the ID card at the Marist Card Office in Donnelly Room 241 once they are registered for classes.

Social Security Number

Prior to applying for a social security card, students must have a job offer from a campus employer, a letter from that employer, and a letter from the Marist College DSO. Detailed information about the entire process can be found on the Student Financial Services website at

<http://www.marist.edu/financialaid/studentemployment/pdfs/employmentguideinternationalstudents.pdf>

Once all necessary documentation is obtained, students may proceed to:

Social Security Office

332 Main St
Poughkeepsie, NY 12601
(877) 405-674

Hours of Operation:

Monday, Tuesday, Thursday & Friday 9 a.m.-4 p.m.
Wednesday 9 a.m.-12 p.m.

Office is closed on Saturday, Sunday, and national holidays

<https://secure.ssa.gov/ICON/ic001.do#officeResults>

When you go to the Social Security Office to apply for the card, you must bring:

- Valid Passport
- I-20 Form
- Marist College ID Card
- I-94 (white card attached to your passport)
- Letters from campus employer and DSO

The card usually arrives within two weeks. You may then proceed to the Marist College Payroll Office in Donnelly Hall to fill out the requisite forms and begin work.

Driver's License

Individuals are sometimes asked to provide identification when conducting banking business, when filing official forms and applications, and when traveling. The most common form of identification requested in the United States is the driver's license. This is one reason why some international students may wish to get a New York State license.

All drivers need to be licensed to operate motor vehicles in the United States. International driver's permits and licenses from other countries are recognized by New York State. As a full-time student, you are not considered a legal resident of New York State and are not required to get a New York State driver's license in order to drive here. A valid driver's license from your home country, coupled with an international driver's permit, are legally sufficient. However, if you wish, you may obtain a New York State driver's license. The Department of Motor Vehicles (DMV) issues New York State driver's licenses. You will need to take a written test, a five-hour driving class, and a road test in order to procure a New York State driver's license. For further information about rules for international drivers go to:

The Department of Motor Vehicles

(518) 486-9786

<http://www.dmv.ny.gov/license.htm>

There are a number of acceptable proofs of ID required by the DMV before they will issue a driver's license. Some of these documents include:

- Passport
- Marist College ID Card
- Credit Cards (VISA, MasterCard, etc.)
- ATM Card
- I-20 Form
- Social Security Card (or a verification letter from the DSO)
- Utility bill showing local address
- Health insurance card
- Pay stub from local employer

Safety and Security

Marist College provides seven-day, twelve-month, around-the-clock campus security for its students. The Town of Poughkeepsie is a quiet place, not nearly as chaotic as larger cities in the U.S. However, while it is generally a safe place to work and study, you still need to use caution.

Protecting Yourself from Crime

Marist College is committed to protecting its students in every possible way. The following suggestions will make your stay in the United States safer and more secure:

This parking pass is valid for either one of the two commuter parking lots, Beck Place or McCann. Commuter student parking is not permitted in any other lot. Upper class resident students who have a parking permit are allowed to park only in the specified number lot. Parking is legal only in the lot to which the car is assigned.

Housing

Office of Housing and Residential Life
Rotunda Room 387
(845) 575-3307

Undergraduate Students

Marist College offers on-campus housing to international undergraduate students. Once accepted as an on-campus resident for your freshman year, you are guaranteed housing for that year. Housing fills up very quickly. We advise you to make reservations well in advance. For more information about on-campus housing, you may contact during regular office hours: 8:30 a.m. – 5:00 p.m.

You can read more about on-campus housing at: <http://www.marist.edu/housing>

Graduate Students

There is currently no graduate housing available on the Marist campus. All Graduate Students live off-campus, mostly in the vicinity of the Marist campus since Marist is only able to provide on-campus housing for undergraduates. Various local housing options are available to graduate students, including studio-type apartments, one-and two-bedroom apartments and many other shared housing options. Popular websites to search for apartments include [Apartments.com](http://www.apartments.com), [Zillow](http://www.zillow.com), [Trulia](http://www.trulia.com), [Craigslist](http://www.craigslist.com), and [Realtor.com](http://www.realtor.com). Communication with current Marist graduate students via e-mail is another excellent way to check for availability of apartments. This information will also be made available upon request from the Office of Graduate Admissions or the Assistant Director for International Student Services.

Reminders for Apartment-Seekers

It is advisable when looking for a place to dwell that you make sure that the apartment is in good shape. Check it very carefully.

- Check the doors and windows to make sure that they can be locked for your safety and security. Open and close the doors and windows to ensure that they work properly.
- Make sure that appliances and lights are working properly. Check the stove, refrigerator, oven, microwave (if available), and dishwasher (if available) to see if they are clean and have no signs of problems. All apartments should have a stove and a refrigerator.
- Turn on the faucets to make sure they work easily to produce hot and cold water.
- Check the plumbing to see if there is any leakage.
- For those who have a car, parking is necessary. Ask the landlord if there is a place to park your vehicle in a driveway or garage. If you have to park on the street, be sure to pay attention to the signs regarding parking regulations.

Negotiating and Signing the Lease

Most apartment managers require a rental commitment, a written contract called a lease. Read the lease agreement carefully before signing. Make sure you like the apartment. The lease is usually for a one-year period, but sometimes this may be negotiable. The landlord expects you to pay rent on a monthly basis for the entire lease period, even if you move out on a date earlier than the end of the lease. Make sure that you have a written agreement with your landlord. If you make any verbal agreements with your landlord or are requesting repairs, write the request on the contracted lease. Make sure the landlord signs the written changes you have made. You *must* get a copy of the signed lease for your safety and security. If you see that the landlord is reluctant to put anything in writing, it is probably not a good idea to rent the apartment. Most landlords require one month's rent and a security deposit at the time that the lease is signed. If you decide to work with a realtor to find an apartment, they may charge a fee as well that could be as high as one month's rent.

Central Hudson Gas & Electric Corporation

If electricity and/or gas service are not included in your rent, you will need to contact the provider for this service. To request installation of gas or electric, you can fill out an application online found at: <https://www.cenhud.com/workingwithus/newservicerequest> Applications can be submitted online or mailed to:

Central Hudson Gas & Electric Corporation
284 South Ave.
Poughkeepsie, NY 12601

Cable Television and Internet Service

Cable television and internet service is usually not included in your rent. Ask the landlord which company provides your cable service and contact the service provider for information on signing up for the service. Many of the same forms of identification that are needed for other utilities are also required for cable and internet service.

Spectrum:	(844) 316-8554
Optimum:	(845) 296-3575
Verizon:	(800) 837-4966

Telephone Service

Cable TV, internet, and telephone services can all be bundled together with most companies. Separate landlines are available. Check with your landlord to see which service provider to contact if you wish to have a landline.

Hotel Accommodations

If you arrive prior to the orientation period or need a place to stay after orientation, you can check the Dutchess County Tourism website for accommodations at <http://www.dutchesstourism.com/all-accomodations.php>

The U.S. Postal Service picks up mail from the Marist College post office at 3:30 p.m. from Monday to Friday. The U.S. Postal Service does not pick up mail at Marist on

Saturday or Sunday.

There is no postage required for sending mail from one campus location to another. If you are sending mail to a student, you should write his/her name and MSC number on the envelope. If you are sending mail to a professor or a school official, you should write his/her name and department. On-campus mail is delivered during office hours Monday to Friday.

When filling out forms, or when having mail sent to them by friends and family, students often have questions about the proper format for addressing mail. If family members or friends in your home country have questions about how to address mail to you, below are examples of how mail should be addressed:

Telephones

Commuter students planning to acquire telephone service may contact AT&T, Verizon, Sprint, or other companies for landline telephone service connection. Many of the same companies also offer cell phone service. Cell phones may be purchased from a brick and mortar outlet or online. There are several prepaid services and cell phone plans with contracts for one year or more. Internet telephone services such as Vonage may offer an

economical alternative. Be aware that most telephone companies require identification including a social security number. When students first arrive, many get a calling card offered by one of several U.S. companies. Calling cards allow callers to save some money on the cost of phone calls. In addition, calling cards may be used to make phone calls at any phone, including pay phones, and charge the call to your phone card account. Most international students calling overseas use pre-paid calling cards because they offer cheaper calling rates especially when calling overseas and do not require a social security card. Pre-paid calling cards are sold in convenience stores, such as Walmart and Target, across the country and are also available in the Marist College Computer Store in the Rotunda.

Long Distance and International Calling Card Dialing

Dial 78 + 1 + toll free number - enter your PIN, and follow the instructions on the calling card. For students who live on-campus, each residence hall is equipped with telephones for free on-campus and local calling. If you find your residence hall is not equipped with a telephone, call the office of telecommunications at (845)575-3391. Marist College does not provide long distance telephone services.

Electronic Mail

In order to have access to the Marist computer system, you can go to their web page <http://www.marist.edu/it/accountinfo.html> to ask for an account number, or, if you are on campus, just go to the Help Desk in Donnelly Hall 258, or call (845) 575-4357 (HELP). You will need your Marist College ID number and your passport and be registered for classes to gain full access to the system. The network is available to all Marist College students, faculty, and staff. If you have a personal e-mail account already, you may have your Marist Mail forwarded to your personal account.

Newspapers

Newspapers from different countries can be accessed through the LexusNexus online database available to students by the James A. Cannavino Library at Marist.

Television

Cable reception is available to campus residents. If you live off campus and wish to have cable channels, you should contact the local cable provider. Your landlord will be able to furnish you with the name of the company that services your area. Cable stations provide a variety of programs in HD, including various news programs, which are an excellent source for international and headline news. If you are unable to get cable channels, national stations such as ABC, CBS, FOX, NBC, CW, PBS and many others are still accessible. These television stations broadcast some international as well as national news (check your television program schedule).

Health Care and Insurance

Health Care in the U.S.

During your time as an International Student in the U.S., it is likely that you will need to access Health Care services, whether for minor medical issues or larger, ongoing ones. It's quite likely that the U.S. Health Care system is quite different from what you may be used to in your home country. The *NAFSA Health and Wellness Guide* (2016) offers these key reminders:

- **U.S. Health Care is Privatized:** The U.S. government does not cover health care for all residents. It's up to the individual to seek care and determine which options are best for him or her.
- **Highly Regulated Health Care** means that an advanced level of training and certification is needed for all medical practitioners.
- **Scientific Health Care for Physical Illnesses:** Scientific research determines medical practices in the U.S. while addressing mental/physical/environmental/social aspects of both illness and health.
- **Specialized Care** means that certain doctors have expertise in specific medical conditions. You may see a Primary Care doctor for general treatments, but you may be referred to a Specialist for certain medical issues.
- **High Cost of Care in the U.S.** applies to all aspects of medical treatment, so it's essential to carry Health Insurance while in the U.S. You will be responsible for the cost of your medical care, with your health insurance paying some of the costs. Ambulance rides and Emergency Room visits can cost hundreds, even thousands of dollars, so it's critical to only utilize these services in a true emergency. Always use "In Network" providers to keep costs as low as possible.

Health Insurance

All International Students enrolled on F-1 and J-1 visas are required to carry the mandatory Marist Student Health Insurance Plan (SHIP). Students may only opt out of this insurance if they already carry a U.S.-based insurance, normally offered through a parent's U.S.-based employer.

Marist has partnered with the Allen J. Flood company who provides students with access to Empire Blue Cross insurance policies. Incoming student information is shared with Marist's Insurance provider, so you will be signed up in advance of your arrival to the U.S. The payment is added to your bill in Student Financial Services.

You can download your insurance card by visiting [MyStudentMedical.com](https://www.mystudentmedical.com)

Select the Marist page and login with your student credentials to access insurance cards, manage medical claims and find in-network medical providers.

You can also access all of these features on your mobile device by downloading the [Sidney Health](#) App and logging in with your Marist credentials.

Remember that even with the SHIP, healthcare services will not be "free". You will be responsible for co-pays, the deductible, and also for co-insurance, even for covered services. You will also have to pay a certain amount for prescription medications; this amount will vary depending on the medication and if it is part of the SHIP formulary.

If you need assistance with your Student Health Insurance, you can contact the Allen J. Flood Company at +1 (914) 922-9200 or marist@ajfusa.com, or email Angela French: afrench@ajfusa.com

Marist Health Forms

Log in to your MyMarist account, select the Student tab and then access the Health Services area. From the menu on the left, proceed to Health Forms for Incoming Students: <https://my.marist.edu/health-forms-for-incoming-students> Select the Health Services Checklist for your student type. Required health information is specific to student type so please be sure to use the appropriate checklist.

Once you have reviewed the appropriate checklist, please proceed to the Marist Health Services (MHS) Patient Portal. Log in using your MyMarist username and password.

You can access the portal two ways:

- Access the site directly at <https://marist.medicatconnect.com>, or
- From the MyMarist site, use the Student Tab, access the Health Services area then look for the link to Marist Health Service Patient Portal, which is on the left menu of links or highlighted in yellow on the main page.

It is important that we have the required health information submitted via the MHS Patient Portal by **June 30th** for the fall semester and by **January 15th** for the spring semester. Students will not be allowed to register for classes or move into campus housing until all health information has been received and verified. If you will be under 18 when starting school, a parent or guardian must sign all forms.

Mental Health Services

International Students in the U.S. may face challenges when it comes to cultural adjustment and separation from family and friends for an extended period. It's not unusual to sometimes feel sad, overwhelmed, or hostile while going through this adjustment. Over time, most individuals will be able to accept cultural differences and find balance in their studies, work, and social life. The ISS Office has a variety of resources and is a crucial support center for International Students on campus, so we invite you to come to us with any problems you may experience.

Sometimes, students may develop more severe or ongoing issues with Mental Health. It's critical to seek out professional support in these cases, and there is a wealth of resources on campus and in the community.

The [Marist Counseling Center](#) is a critical resource for providing access to mental health resources and drop in counseling services. Many licensed off campus Therapists and Psychiatrists will also accept the Marist Student Health Insurance plan. You can search for a provider on [Psychology Today](#).

Mental Health Emergencies

In case of a life-threatening Mental Health Emergency at Marist please call 911 or go to the nearest Emergency Room.

Banking

Introduction

Most students use commercial or savings banks or credit unions to maintain checking, savings, and other accounts, and to transfer money to-and-from their accounts. When opening a bank account, make sure that you have at least two valid forms of identification, such as your passport and student ID card.

Banks offer different types of accounts with different service charges. There is two basic types of accounts: checking and savings accounts. With a checking account, you will be able to transfer money electronically for the amount of money you have on deposit at that bank or to write paper checks. Checking accounts are useful because personal paper checks are a convenient and safe way to use money when electronic transfers or cash are not possible or desirable. Most banks will give you the choice between receiving a monthly paper statement by mail or managing your account using an online website or app. You are expected to balance the statement against your own records. If you write a paper check for an amount greater than the money that is held in your account, the check will be returned to the bank and you will be charged a fee by the bank (usually between \$10 - \$50).

Note: When you open your account, you will be given "starter" checks that do not have your name on them. Later, you will receive paper checks with your name and personal information on them. You will also be instructed on how to establish online access to your account.

Another way to access your money is with a debit card. These cards allow you to withdraw or deposit money to your bank account using an automatic teller machine (ATM) and allow you to make purchases at stores.

When opening an account consider the following:

- What is the minimum opening deposit?
- Is the bank an FDIC or FSLIC or NCUA member? If the bank is a member of one of these organizations your total accounts with the bank will be insured up to \$250,000.
- Are there service charges, and how can they be avoided?
- Will there be a charge for every check you write? If so, how much?
- Is there a fee charged for every use of an ATM (Automated Teller Machine)? If so, how much?
- Can the bank accept wire transfers from a foreign bank, and vice versa?

With a savings account, you will not be able to write a check, but you will receive interest on the money you have deposited in the saving account. The interest you will get depends on the bank, the type of savings account you select, and the amount of money in that account. A typical setup for students will be to have about one-half of their money in a checking account, and the remaining half in savings, earning interest. When the checking account monies get low, users simply transfer money from savings. This way, most of the money is earning interest while waiting to be used.

Automated Teller Machines (ATM)

ATM cards will enable you to withdraw money from ATMs that are located in most banks, shopping malls and grocery stores. However, if you withdraw money from a bank other than the one you belong to, there will often be a small transaction fee. Other services offered at ATMs include account balance inquiries and transfer of funds from one account to another. When using an ATM, be sure not to reveal your Personal Identification Number (PIN) to anyone. The bank will give you instructions on how to use the ATM card properly, including the security precautions to guard against theft.

There are ATM machines on the Marist Campus in Donnelly Hall, the Student Center Rotunda, McCann Athletic Center, and The Market Place. These machines are not affiliated with any bank. The fee per transaction is \$1.00.

Most stores will allow debit card users to withdraw cash over the amount due for the items at the time of purchase so that shoppers can pay for their selections and receive cash back at the same time.

Important information...

We ask that you please follow some basic rules when registering each semester for Intramural or Recreational programs. It is MANDATORY that you register for any and all Marist Intramural Programs ONLINE.

Marist students can participate in as many intramural programs as they would like, given they adhere to the following guidelines:

- Please only choose ONE team per league.
- Once you (or your team) are registered, you will be instructed to attend a MANDATORY captain’s meeting prior to start of the league to review rules and expectations.
- Teams are permitted to participate in two intramural leagues at the same time (i.e. flag football and co-ed volleyball), however no scheduling requests will be granted.
- If you would like to participate but do not have a team, you can sign up as a “Free Agent” and play on the free agent team.
- Some programs are run as leagues, so they will accept both “Team” and “Free Agent” registration.
- Some programs are run as “meet & compete clubs” or “instructional classes”, so all you need to do is sign up as a “Free Agent.”
