# MARIST

2019 - 2020

This is the 19th annual publication showcasing the many achievements of our faculty and students. The COVID-19 pandemic emerged halfway through the Spring 2020 semester, requiring an increased focus on teaching and impacting the ability to travel in the final months of the academic year. I am therefore especially proud of the 2019-2020 achievements highlighted within these pages.

Scholarly research, dialogue, and creative activity are critical to any academic community. Through consequential scholarship, Marist faculty members strengthen the learning environment in their classroom and share important knowledge with the larger scholarly community outside of Marist. Their substantive pursuits reflect a dedication to academic excellence and to their own development as scholars and artists.

The ideas, topics, and research reflected here demonstrate the extensive range of talent and opportunities we have at Marist, as well as the College's continuous commitment to a diverse and open learning environment. Please join me in congratulating all those whose names and accomplishments appear in this volume.

Thomas S. Wermuth  
Vice President for Academic Affairs/Dean of Faculty
