“I couldn’t believe the amount of field trips into New York City that I was given the opportunity to attend. Meeting with industry professionals allowed me to gain a deeper understanding of the fashion world I might one day be working in. Attending the Pre-College Program at Marist was an amazing experience, and I learned so much academically while making friendships that will last a lifetime.”

- Stephanie Melnick
Pennsylvania

“During my two week expenditure in Marist’s Italy campus I can say without a doubt it was the greatest experience of my life. Not only do you indulge yourself headfirst into a new culture, but you get to meet people from different places and from entirely different walks of life. I can say from experience that I made friends on the pre-college trip to Italy that I will cherish for a lifetime.”

-Giancarlo Avendano

“Attending the Summer Pre-College Program was one of the best decisions I have made in my academic career so far. I was able to get to know the Marist campus, experience a college-level class, connect with Marist faculty, and make new amazing friends. It was an engaging, exciting and memorable opportunity that I will never forget. I highly recommend it to all high school students, especially if you are interested in applying to Marist!”
