REPEATED COURSES

Any student repeating a course due to failure or intent to raise a grade is chargeable for the stated number of credits at the regular per-credit rate. Taking a repeat course may affect your financial aid eligibility. Please contact the Office of Student Financial Services.

MONTHLY PAYMENT PLAN

The College offers a payment plan and financing options to enable students to manage college costs. Information is available online at <http://www.marist.edu/sfs>

PAYMENT OF FEES

Payment due dates are established each semester and will be noted with each billing cycle. Approximately, early August (fall semester) and early January (spring semester).

The College accepts cash, check, or on-line ACH from checking/saving accounts for all students. A service charge of 2% on any unpaid balance will be added to all accounts in October (fall semester) and March (spring semester).

Summer Semester and Winter Intersession

Any questions regarding semester payment of fees should be addressed to the Office of Student Financial Services.

OUTSTANDING FINANCIAL OBLIGATIONS

Students whose tuition or PERKINS accounts are in arrears will not be permitted to register or make schedule adjustments after registration and will not be awarded diplomas or issued transcripts of record.

If a tuition account is considered to be uncollectable by the College, College policy states that the account will be transferred to a third-party collection agency. The student will be responsible for the entire principal and also all collection costs associated with the collection of the debt. The collection cost may be 30%–40% of the outstanding debt when it is transferred to the collection agency.

FINANCIAL ASSISTANCE

Students who are recipients of any type of scholarship or financial assistance must present documentation to the Office of Student Financial Services at the time of registration or as soon as received.

Deductions from semester billings for specified scholarship and grant amounts may be made only upon official notification to the student and College. All awards not officially acknowledged and presented to the Office of Student Financial Services before fee deadlines will be subject to a service charge.

EXCESS FINANCIAL AID

The Office of Student Financial Services will process a credit advance up to a certain allocation every semester before the financial aid posts. Please contact the office for your specific allocation regarding your program of study. In order to receive a credit advance, students must have the valid credit on the account and all of the required documentation must be complete.

Students may begin to request credit advances two weeks prior to the start of the semester. All remaining credit requests may be completed after the financial aid posts for the semester.

Please be advised that the school must follow the “Title IV Recipient Policy for Refunds,” as stated above, if a student’s enrollment changes after the semester has begun and a credit refund has already been given. This could result in a balance owed to the school. Please contact the Office of Student Financial Services immediately if you choose to withdrawal or add/drop a course after the semester has begun.

INSTITUTIONAL POLICY FOR REFUNDS

Since engagements with instructors and other provisions for education and residence are made in advance by the College for the entire year, the withdrawal and refund policies are as follows:

To withdraw from a course, a student must notify the Registrar. A form is provided for this purpose and may be obtained at the Office of the Registrar. Simply notifying the classroom instructor and/or the dean is insufficient. Procedures to be followed are outlined on this form. In computing the refund, the Office of Student Financial Services accepts the date that the completed form has been received in the Office of the Registrar. (Refer to chart below.)

Any student withdrawing from the Residence Halls must officially notify the Housing Office in writing. Date of receipt of this notice by the Housing Office will be used in determining the refund. (See Room Charge below.)

A refund for the board program for the remainder of the semester following the date of the student’s withdrawal will be made at the per-diem college rate. The date used will be the official notification of withdrawal to the Housing Office.

*** From the opening date of term

For any withdrawal from the college and/or college housing after the beginning of the fourth week, no refund will be allowed. (Refer to the Academic Calendar for specific dates; i.e., tuition refund, etc.)

TITLE IV RECIPIENT POLICY FOR REFUNDS

This refund policy will apply to students who receive assistance under Title IV funding and/or to the parents who receive Federal Parent Plus loans for their children. Title IV funding includes the following programs: Federal Direct Loan Program, Federal Pell Grant Program, Federal Work-Study Program, Federal SEOG Program, Federal Teach Grant, and the Federal Perkins Loan Program. Students whose Title IV aid consists only of Federal Work-Study earnings are not included in the calculation. This policy begins the first day of classes and is effective for up to 60% of the period of enrollment of the semester in attendance (which constitutes nine weeks of our fifteen-week traditional semester).

If the student withdraws from Marist College during the first 60% of the semester, they may be responsible for a portion of the unearned Title IV funds disbursed or that could have been disbursed.

The **percentage** for which the student is eligible is equal to the percentage of the enrollment period that the student has completed. The percentage is calculated by dividing the portion of the period completed by the length of the payment period. If the period of enrollment is greater than 60% the student has earned 100% of the aid.

The amount earned is the percentage multiplied by the amount of Title IV aid awarded. The amount unearned is the difference between the amount awarded less the amount earned.

Refunds back to Title IV programs will be assessed by the official date of withdrawal. The official date of withdrawal will be considered the date recorded by the Center for Advising and Academic Services.

If you have any questions regarding this policy, please contact the Office of Student Financial Services.

FINANCIAL AID

COLLEGE COSTS

Financing a college education is a lifetime investment. Recognizing the cost of an education, students should consider the total cost not just the costs of the initial year. There are a variety of financial aid resources that may assist with college costs. In addition to family resources, financial aid may include scholarships, grants, loans, and student employment.

If students are in need of financial assistance at Marist College, they should file the Free Application for Federal Student Aid (FAFSA). Please note that the Free Application for Federal Student Aid (FAFSA) is available October 1st.

Student Financial Services is committed to promoting accessibility and providing affordability options through personalized service and integrity. Each year, to supplement federal and state financial aid, Marist awards more than \$55 million of institutional funds to assist students with financing their education. In addition to need-based grants, Marist awards scholarships to high-achieving incoming freshmen and transfer students. Overall, almost 87% of the student body receives some form of financial assistance.

PURPOSE OF FINANCIAL AID

The purpose of student financial aid is to provide assistance to those students who demonstrate financial need. The College maintains that all costs associated with a college education are ultimately the responsibility of the student and the family.

Financial need is determined by a formula established by the U.S. Congress, as calculated from data submitted on the Free Application for Federal Student Aid (FAFSA). This formula determines the Expected Family Contribution (EFC), an amount the student and family are expected to contribute toward the education.

The difference between the cost of attendance (tuition, fees, room and board, books, travel, and personal expenses) and the expected family contribution represents the student's financial need. This is the student's maximum need-based financial aid eligibility. Utilizing all available resources, Marist College attempts to meet the financial need of its students. Once a student's FAFSA is processed, an award notification outlining the financial aid eligibility will be forwarded to the student. Awards may include any combination of grant/scholarship, loan, and employment opportunities. These awards are offered without reference to race, ethnicity, sex, age, religion, marital status, or physical disability.

Student financial aid is awarded from two sources: (1) outside agencies such as the federal government, individual states, various public and private agencies, organizations, or companies and (2) the College. The following pages contain detailed descriptions of financial aid. Note: Information subject to change. Refer to www.marist.edu/sfs for updated information regarding institutional, state and federal student aid programs.

FINANCIAL NEED

The financial need of a student is the difference between total college costs and the assessed ability of the family to contribute to these costs per the FAFSA. The following is an explanation of College Budgets, Family Contribution, and packaging.

1. **College Budgets:** Budgets should reflect the total cost of education as well as the billable costs. The estimated college cost includes the following for the school year:
 - tuition and fees for a 24-32 credit year
 - charges for room and board
 - books
 - transportation
 - personal expenses
2. **Family Contribution:** This figure is determined through a standard needs analysis of the information provided on the FAFSA. The needs analysis takes a number of factors into consideration: income, asset equity, size of family, number of siblings attending college on at least a half-time basis, age of older parent, and whether both parents are working.
3. **Meeting Need:** In "packaging" a student with a variety of funding, the college will estimate grants from the following entitlement programs not directly administered by the college: Federal Pell Grants, the NYS Tuition Assistance Program (TAP), and other state programs. The ability of the college to meet remaining need is based on the number of students demonstrating a need and the funding levels for these programs. To assist as many students as possible, the college may set a maximum award for a particular program at a level below that which is legislated. Due to the limited financial-aid dollars available, Marist College awards financial aid to students who are enrolled on at least a half-time basis (6 credit hours). Priority is given to full-time students.
4. **Deadlines:** It is important to meet the college's deadline for application for financial aid. While financial aid is awarded on the basis of need, it is also awarded on a first-come, first-served basis. This has implications for following years since priority is given to previously awarded students. The preferred deadline for completion of the FAFSA for incoming students is February 1st while the preferred deadline for returning students is April 15. Returning students please note: If this deadline is not met you may jeopardize your prospective financial-aid award.

Early Decision Applicants seeking federal financial aid are required to complete the FAFSA. The FAFSA can be found at www.fafsa.gov and is available October 1st. The preferred deadline for completion of the FAFSA is February 15, 2016, and the school code is 002765.

5. **Reconsiderations:** In the event that a student's financial situation changes despite any financial aid already awarded and the student is unable to meet the cost of attending Marist College, the student must submit a written request to the Office of Student Financial Services to be considered for additional funding. The request, accompanied by supporting documentation, along with the Change of Circumstance Form, which can be found on the Student Financial Services website, should detail the

cause and extent of the student's additional financial need. If required, the verification process must be complete in order for the reconsideration to be reviewed. Reconsiderations will be met depending upon availability of funds.

FINANCIAL AID PHILOSOPHY AND POLICIES

1. Marist College, utilizing all available resources, attempts to meet the financial need of its students. A student's financial need is determined by subtracting the parent's and student's contribution from the total estimated cost of attending Marist College. The total financial aid awarded cannot exceed the college budget.
2. The amount of a student's financial aid is contingent upon the student enrolling on a full-time basis (unless otherwise indicated) for each semester awarded. A student may become ineligible from receiving financial aid for failure to maintain good standing or satisfactory academic progress.
3. A FAFSA must be submitted annually as financial aid is not automatically renewable.
4. The financial-aid award shall be voided if and when incorrect information is revealed on either the student's application or Student Aid Report. Intentionally filed false statements or materials may subject the filer to a fine or imprisonment, or both, under the provisions of the U.S. Criminal Code. A conviction for any drug offense during a period of enrollment for which the student was receiving Title IV funding (federal aid) will result in the loss of aid eligibility. Please contact our office for information on regaining aid eligibility.
5. If a student is not permitted to return to Marist College, either because of grades, disciplinary reasons, or an outstanding balance with the College at the beginning of an academic term, the student's financial-aid award will become void.
6. Any change in the student's enrollment, financial, residential status, outside scholarship funds or non-college resources must be reported immediately to the Office of Student Financial Services as they may affect the financial aid package. Institutional aid is not renewable when a student takes a leave of absence.
7. Availability of funds (state and federal funding) is tentative at the time awards are made and Marist College cannot guarantee substitute awards if any anticipated outside sources of assistance do not materialize.

APPLICATION VERIFICATION PROCEDURES

All incoming and returning students must complete the Free Application for Federal Student Aid (FAFSA) to be considered for federal, state and institutional need-based aid. Unless you are awarded a merit scholarship only, incoming freshmen, new transfers, and all students selected for verification must submit a Marist College Application for Financial Aid. While completing the FAFSA, it is highly recommended that you and your parent or spouse utilize the IRS Data Retrieval process provided that the tax return(s) have been processed by the IRS. The IRS Data Retrieval Process will populate the applicable FAFSA data elements from the actual tax return. If the IRS Retrieval Process is not utilized, the IRS transcript will be required. This form is available at www.irs.gov. You may also be required to submit additional verification documentation upon request. If a tax extension has been filed, please submit a copy of that form to Student Financial Services as an extension will not fulfill verification requirements. Students selected for verification during the academic year must submit requested documentation in order to determine eligibility for financial aid. Federal and need-based aid will not be credited to the student's account until the verification process has been completed. Requested information must be received no later than 30 days prior to the end of the enrollment for the academic year.

INDEPENDENT STUDENT STATUS

The fact that a student is not receiving financial assistance from his or her parents does not necessarily mean that the student will be considered an independent student for the financial-aid programs.

For the financial-aid programs administered by Marist College, a student must be 24 years of age by January 1 of the academic year in which he or she is applying. Once the student has filed as a dependent student at Marist College, he or she will be unable to change dependency status except in unusual cases.

Supporting documents such as parents' death certificates, letters from government agencies, lawyers, and/or social workers may be required. The responsibility is on the student to prove his or her independent status.

STATE AID PROGRAMS

ELIGIBILITY REQUIREMENTS FOR NEW YORK STATE SCHOLARSHIPS AND AWARDS

Specific eligibility requirements are explained in detail on the Higher Education Services Corporation website at <http://www.hesc.ny.gov> (see Student TAP Coach). It is the student's responsibility to be familiar with and to meet the eligibility requirements each term. Generally, to be eligible for a New York State Award, a student must meet the following criteria; however, some scholarships have additional requirements. The general requirements include:

- be a matriculated full-time (at least 12 credits applicable to the program) student. This provision limits the number of general electives a student may take and still be eligible for the scholarship;
- be a legal resident of New York State;
- be a United States citizen or eligible noncitizen;
- not be in default on any State or federal student loan or on any repayment of state awards
- meet income eligibility limitations
- have graduated from a high school in the United States, physical proof of high school completion is required to be on file at Marist College, earned a GED or passed a federally approved "Ability to Benefit" test.

First-time state aid recipients entering as freshman students, or continuing students in the 2006-07 academic year and thereafter with a non-U.S. high school transcript, are required to pass an Ability to Benefit exam. Students must meet the Ability to Benefit requirement before the first day of classes for the term for which they are seeking aid. Please Note: Marist College does not administer Ability to Benefit exams.

Homeschooled students do not receive a high school diplomas that is acceptable for state financial aid purposes as only public and registered nonpublic schools in New York State are permitted by Education Law to award diplomas. Therefore, homeschooled students must demonstrate their eligibility for State student financial aid by completing one of the following:

- obtaining a letter from local school district officials confirming that the student has received an education "substantially equivalent" to instruction given to students graduating high school in the public school system;
- take and pass a Test Assessing Secondary Completion (TASC) formerly known as a GED and receive a NYS High School Equivalency Diploma from the New York State Education Department (SED) by the first day of classes for the term seeking aid; or
- achieve a satisfactory score on an approved Ability-to-Benefit test by the term add/drop date. Please Note: Marist College does not administer Ability to Benefit exams.

In addition, the student must meet the State-mandated academic requirements for determining program pursuit and satisfactory academic progress. To be pursuing one's program satisfactorily, a student who is in his/her first year of receiving an award must receive a passing or failing grade in at least one-half of the minimum full-time course load; a student who is in his/her second year of receiving an award must receive a passing or failing grade in at least three-fourths of a minimum full-time course load; in his/her third and fourth years, a student must receive a passing or failing grade in all of the courses constituting the minimum course load. Any course which was passed previously cannot be repeated and counted toward the minimum full-time (12 credits) necessary for TAP eligibility. The only exception occurs when a grade is passing but is unacceptable in a particular curriculum.

Making satisfactory progress requires that a student achieve a satisfactory cumulative index and accumulate credits at a steady rate. The minimum progress expected is given in chart form (below) and has been approved by the New York State Higher Education Services Corporation (HESC). It is important for students to understand that these criteria only determine student eligibility for a New York State scholarship; they are not the general criteria for academic achievement at Marist College. A student conceivably may meet these standards for a New York State scholarship and yet not meet the academic standards of Marist College for continuation as a student.

1. An applicant must file a Free Application for Federal Student Aid (FAFSA). The Department of Education will forward this information to HESC. Students will be given the option of linking to the HESC website to complete the HESC application online. HESC will send an award certificate to the student indicating the amount of the award per term.
2. TAP awards at Marist College currently range from \$500 to \$5,165 annually.
3. New York State Scholarships are awarded for eight semesters of full-time undergraduate studies. Students enrolled in the HEOP Program have an additional two semesters of eligibility. HEOP students must indicate they are in an approved five-year program on the FAFSA and TAP applications.
4. Upon receiving the official notification of the student's award from HESC, the Certifying Officer will verify the student's full-time, matriculated status and the tuition charges for the term in question.
5. If the student meets all of the eligibility criteria, the amount of the award will be credited to the student's account after the Certification Status Date and upon receipt of a Remittance Advice from HESC. The Certification Status Date is the date upon which the student incurs full-tuition liability for full-time study.
6. When students are enrolled in a program of study approved to operate on a simulated semester calendar, students must register for and incur tuition liability for full-time study at the outset of the term. If the student meets all of the eligibility requirements, the award will be credited to the student's account when the student begins study for the last module of the simulated semester and upon receipt of a Remittance Advice from HESC.
7. If the New York State award results in a credit balance for the student, the College may refund any credit balance within 30 days if requested, or the student may request the College to leave the balance on the account as a credit toward a future term's charge. (Some restrictions may apply.)

NEW YORK STATE TUITION ASSISTANCE PROGRAM (TAP)

The Tuition Assistance Program was created by New York State as a tuition-related student-aid program. It is designed to assist New York State residents with greater freedom of choice in deciding upon the New York State postsecondary educational institutions that they would like to attend.

New York State designed the Tuition Assistance Program (TAP) so that awards to students attending private colleges are larger than awards for public schools. In this way, the gap between the private and public schools is lessened. Cost becomes less of a factor. TAP awards are not based on gross income. Instead, TAP awards are based on the parent's and student's New York State Net Taxable Income (after exemptions and deductions).

PART TIME TAP

Part-time students at approved schools in New York State who were first-time, full-time freshmen in the 2006-07 academic year or thereafter, may be eligible for Part-Time TAP to help them pay for college beginning in 2007-08. Part-Time TAP is a grant and does not have to be paid back. Part-Time TAP is not the same as Aid for Part-Time Study.

To be eligible for Part-Time TAP, a student must be a first-time freshman in the 2006-07 academic year or thereafter, have earned 12 credits or more in each

of the two consecutive semesters (one-time requirement), for a minimum total of 24 credits earned, and maintain a minimum of a “C” average. In addition, the student must be a United States citizen or eligible noncitizen, be a legal resident of New York State, have graduated from high school in the United States, or earned a GED, or passed a federally approved “Ability to Benefit” test as defined by the Commissioner of the State Education Department. The student must also be matriculated in an approved program of study and be in good academic standing, be charged at least \$200 tuition per year, take at least 6 but fewer than 12 credits (applicable to the program) per semester, not be in default on a student loan guaranteed by HESC and not be in any repayment of state awards. The student must also meet income eligibility limitations.

AID FOR PART-TIME STUDY (APTS)

This program is designed to provide tuition assistance to eligible undergraduates enrolled on a part-time basis (three to eleven credits per semester) in a program of study leading to a degree at Marist College. To be eligible for an APTS award a student must:

- Be a United States citizen or eligible noncitizen.
- Be a legal resident of New York State.
- Have graduated from a high school in the United States, earned a GED, or passed a federally approved “Ability to Benefit” test as defined by the Commissioner of the State Education Department.
- Be enrolled as a part-time student.
- Be matriculated in an approved program of study in a participating New York State postsecondary institution.
- Be in good academic standing: Have achieved at least a cumulative “C” average after having received the equivalent of two full years of payment of state-sponsored student financial aid.
- Be charged at least \$100 tuition per year.
- Not have exhausted Tuition Assistance Program (TAP) eligibility.
- Not be in default on a federal or State student loan or on any repayment of state awards.
- Meet income eligibility limitations.

Students may receive tuition waivers up to the cost of tuition, but not in excess of \$1,000 each semester. Students are required to file an APTS application each academic year and submit it to the Office of Student Financial Services along with a NY State Income Tax Return. Applications and additional information are available at our website: <http://www.marist.edu/financialaid/pdfs/apts03.pdf>.

credit accumulation standards established by Marist College. (Refer to Satisfactory Academic Progress Requirements for more details.)

The College chooses these lenders based on their commitment to the industry, competitive interest rates, quality customer service and competitive borrower benefits. The choice of a lender is not in any way limited to the College's suggested list. If students and their parents choose another lender, they will not be penalized in any way for selecting the lender of their choice.

REQUIREMENTS TO MAINTAIN FEDERAL ELIGIBILITY

Requirements for meeting financial aid eligibility: HEA Section 484(c), 34 CFR 668.16(e), 34 CFR 668.32(f), and 34 CFR 668.34 require colleges to define and enforce standards of Satisfactory Academic Progress. Students receiving federal financial aid must conform to these requirements in order to be eligible for this financial assistance. These Satisfactory Academic Progress requirements must provide a maximum time frame for completion of the degree, a graduated

credit accumulation over this time, as well as a quality mechanism. Essentially, these minimum standards require students to demonstrate that they are actively pursuing their degree. Students may review the Satisfactory Academic Progress Policy in its entirety at <http://www.marist.edu/financialaid/pdfs/satcadprog.pdf>

It is a Department of Defense education benefit program designed to provide educational assistance to members of the Reserve components called or ordered to active duty in response to a war or national emergency (contingency operation) as declared by the President or Congress.
