Online Only Attestation

Beginning Spring 2021, many classes are being offered as hybrid (in-person and on-line) in order to meet the educational needs of our students. Students enrolled in hybrid classes are still required to meet the health requirements of the college since they have the option of participating on-ground. If a student plans to exclusively participate remotely, s/he can complete the **On-Line Attestation** and upload it to the Marist Health Services Patient Portal as instructed on the form.

Contact

**Health Services**  
69 W. Cedar Street  
Email: [Health.Services@marist.edu](mailto:Health.Services@marist.edu)  
Phone: 845-575-3270

**Office Hours (during the undergraduate semester):**  
Monday - Friday  
8:30 am - 5:00 pm

## Health Forms

Health Services utilizes **Medicat**, an **Electronic Health Record**. Students must use Medicat's online portal to submit health information required for enrollment. Students can log into the portal using their MyMarist credentials. The link to the portal is located at the bottom of this page. Health Forms are found in the student health portal.

Students can utilize the portal to:

- complete online forms/questionnaires
- download required forms
- upload completed forms and supporting documentation (immunization records, etc)

The portal is available to all students but please note that not all students need to complete every document. Checklists have been created to assist in this process so students only submit the information that is required based on student population. Please utilize the appropriate checklist below to assist you in uploading the correct information. It is **highly recommended** that you print the designated checklist and review the requirements **before** accessing the portal.

The staff of Health Services communicates regularly with students via Secure Messages within the Marist Health Services Patient Portal. Specifically, messages may be sent regarding the required health documentation. Students will receive notifications to their Marist email accounts that they have a Secure Message waiting in the portal. **Students are requested to regularly review their Marist emails and Secure Messages in a timely manner.**

Please note that we DO NOT accept information via postal mail or email. All required health information must be uploaded via the Marist Health Services Patient Portal. If you do not have internet/computer access, please contact Health Services so that we may further assist you.

**Please retain copies of all documents that are submitted.**

After submitting documentation, it may take up to **3 weeks** to have all documents reviewed and verified.

[Marist Health Services Patient Portal](#) [Patient Portal Instructions](#)

If you are a new student, please **review your designated checklist below BEFORE you proceed to the portal.**

### Required Health Information by Student Population

Please review the checklist corresponding to your student type and provide required documentation via the Marist Health Services Patient Portal.

- Undergraduate Students:** Documentation for incoming students is due by June 30th for the fall semester and January 15th for the spring semester.
  - Checklist for Traditional Undergraduate Students**  
*Please note that if you are a Marist College Varsity Athlete, you are required to supply the information on this checklist, in addition to the documentation required by Marist College Athletics.*
  - Checklist for International Undergraduate Students**  
*If you are unable to upload your documents, please bring all documents to International Student Orientation.*
