MARIST UNIVERSITY HERITAGE

Our story begins in 1905 when the Marist Brothers, a congregation of Catholic Teaching Brothers, purchased the McPherson Estate, just north of the city of Poughkeepsie. The property was renamed Saint Ann's Hermitage. Three years later, in 1908, the Beck Estate, contiguous to the southern border of the McPherson property, was also purchased. These 110 acres form what is now the west side of the Marist University Campus. This property served until 1952 as the headquarters of the Marist Brothers in the USA. By 1929, The Brothers Training Center evolved into a junior college affiliated with Fordham University and Catholic College. In 1946, the New York State Board of Regents chartered Marian College as a Catholic college for the training of Marist Brothers. This charter was amended in 1947 to allow lay men to pursue degrees and again in 1966 to admit lay women. In 1960, Marian College changed its name to Marist College. Ownership of Marist College was transferred in 1969 from the Marist Brothers to the Marist College Educational Corporation with an independent Board of Trustees, making it an independent liberal arts college. In 2025, Marist College changed its name to Marist University. Nonetheless, the spirit of Saint Marcellin Champagnat, founder of the Marist Brothers, and the legacy of the Brothers continue to inspire and enrich the academic life of the University.

MARIST UNIVERSITY MISSION

Marist is dedicated to helping students develop the intellect, character, and skills required for enlightened, ethical, and productive lives in the global community of the 21st century.

VALUES STATEMENT

The University fulfills its mission by pursuing three ideals: excellence in education, a sense of community, and a commitment to service. These ideals were handed down to us by the Marist Brothers who founded the University. Now an independent institution governed by a lay board of trustees, Marist continues to embrace the three ideals as an integral part of the University mission.

EXCELLENCE IN EDUCATION

Marist achieves its ideal of excellence in undergraduate, graduate, and professional education by actively engaging each student through exemplary teaching and distinctive learning opportunities.

At the undergraduate level, this begins with a firm foundation in the liberal arts and sciences. Through the core curriculum and major fields of study, students learn to think logically and creatively, to synthesize and integrate methods and insights from a variety of disciplines, and to express themselves effectively orally, in writing, and through media. Students consider the ethical dimensions of the subjects they study and become more aware of their own values, the values of others, and implications of the choices they make in their public and private lives. They explore diverse cultures through coursework, extracurricular programs, international study, internships, and service opportunities. Students in all programs learn critical thinking and problem-solving skills requisite for effective leadership in a complex and diverse society.

The Marist ideal of excellence in education finds distinctive expression in programs tailored for the graduate and adult learners the University has long served. Study at the graduate level emphasizes breadth and depth of knowledge for career development. In a climate of collegiality, students refine the intellectual and personal qualities they need to contribute to their fields. Graduate, undergraduate degree completion, and professional programs are designed to accommodate the needs of adult students to balance education with work and family responsibilities. Maintaining the high standards that characterize all educational offerings, Marist presents programs for adult students in alternate locations, formats, and methods of delivery.

A distinguishing feature of a Marist education is the manner in which information technology offers students access to advanced technologies to help them develop as lifelong learners and productive members of their communities. Technology resources are combined with flexible and innovative programs formats to expand access to higher education for all students.

A SENSE OF COMMUNITY

The Marist ideal of community is based on the belief that we become a better institution through the active involvement of faculty, staff, students, and alumni in the life of the University. Seeking to create relationships that will last a lifetime, we nurture the well-being and development of all our community members and cultivate their bonds with the University and each other. Marist encourages students to collaborate with faculty and staff on research, creative and service projects, and to share the results of their work with a wider community of scholars. We take particular care to ensure that student activities build a sense of community while supporting educational goals. We are a diverse community united by a shared commitment to the free exchange of ideas, consideration of the opinions of others, and civility in all our interactions. As members of the global community, we are committed to the collective stewardship of our environment.

A COMMITMENT TO SERVICE

The Marist ideal of service is predicated on our belief in the dignity and value of every human being. The University sponsors and supports programs to meet a wide variety of community needs, and to offer broadened access to education. We encourage students, faculty, staff, and alumni to make service an important part of their lives. Both individual students and student organizations engage in service activities, including programs that assist those in need, projects throughout the Hudson River Valley, and other humanitarian initiatives around the world. By sharing their time and talents, students help make Marist a better place to live and learn while developing a sense of personal responsibility and civic engagement.

CAMPUS SERVICES

From cashing a check to grabbing a snack or hitting the library, this section of the Student Handbook is designed to help you move around campus a little easier.

“THINGS TO KNOW” (A – Z)

ABSENCES/MEDICAL EXCUSE POLICY

Attendance policies for each course are determined by the instructor and are generally stated in the course syllabus. Instructors usually announce and interpret their attendance policies during the first class meeting. Students are responsible for familiarizing themselves with the attendance policy in each of their courses and for informing instructors if circumstances prevent their compliance. Instructors include contact information in the course syllabus for this purpose.

Students with absences amounting to fewer than four consecutive calendar days should discuss the matter with each instructor and may wish to submit documentation for confidential review with the Center for Advising & Academic Services (CAAS). Instructors may also request documentation to be sent to CAAS. For students experiencing serious illness or emergency, CAAS serves as a support in communicating with individual instructors. To maintain confidentiality in all matters, students who will have four or more consecutive calendar days of absence are advised to contact CAAS (Advising@marist.edu and 845-575-3500) to provide documentation of the illness or emergency. CAAS will send an absence notification informing each instructor of the expected absences. CAAS will also verify documentation upon receipt. Please note the notification does not excuse the students' absences. Students are required to contact each instructor about the possibility of making up missed work and to understand how absences may affect their final grade. The decision to allow exceptions rests at the full discretion of each individual professor. Please note that for students entitled to the attendance flexibility accommodation, all documentation must be submitted through the Office of Accommodations and Accessibility.

ACADEMIC ADVISORS

Every Marist student is assigned to an academic advisor who is available to provide guidance in planning a meaningful program of study. An academic advisor becomes an important resource for major field information, graduate school preparation, and career guidance. Students are encouraged to maximize this relationship by maintaining close contact with their assigned advisor throughout their time at Marist.

Students in declared majors will be assigned to an advisor in their major field. Students who are undeclared will be assigned an advisor through the Academic Learning Center. Additionally, program advisors are assigned to students in special programs (e.g., Honors, Pre-Health, HEOP, Accommodation & Accessibility).

Students are expected to meet with their academic advisor on a regular basis. In addition, a student's major advisor is the only individual who can remove a registration hold in order for the student to be able to register. Students declaring or changing majors will be assigned to an advisor in that major. Students may request a change of academic advisor by completing an advisor change form on the myMarist Student - Advising Undergraduate tab. A student's advisor may also be changed due to administrative reasons. Students can view their advisor on the myMarist Student - Advising Undergraduate tab or on their DegreeWorks audit.

Students residing in university housing are assigned a dining plan prior to their arrival on campus. Students have the option to change their dining plan selection within certain parameters according to their assigned location determined by the University. Dining Plan changes must be made no later than the second Friday of the semester. Should a resident student withdraw from campus housing, the cost of their dining plan will be refunded accordingly. A dining plan can be modified by visiting the MyHousing page on myMarist and clicking **My Meal Plan**.

Dining plan changes are made online and can take up to two business days to process. Any meal swipes remaining in an account on any Dining Plan do not transfer from semester to semester. Questions? Visit our Frequently Asked Questions page or contact the Office of Residence Life by calling 845-575-3307 or via email at housing@marist.edu.

Thrifty Cash is the debit portion of your dining plan that can be used in any dining service location. Account balances for Thrifty Cash (excludes remaining dining plan meal swipes) may transfer from the fall to spring semester only, provided that the student remains enrolled in a dining plan. If the dining plan is dropped, the balance does not carry over. At the end of the fall semester, any funds remaining in the account may be used at campus retail locations provided the student is registered for a Marist University winter intersession class. Marist senior students cleared for graduation may use their Thrifty Cash funds during senior week. At the end of the spring semester, any funds remaining in the account do not carry forward to the fall semester and will be forfeited. To add money to your Thrifty Cash account online visit the MyHousing page on myMarist to add funds in \$25 increments, with a maximum addition of \$100 per transaction. To request Thrifty Cash, please ensure that you have credit in your student account, resulting from excess financial aid or recent payment. Without credit on your student account, Student Financial Services will not be able to process your request. Funds can be added to a student account through the electronic billing portal by making a one-time payment to the student's tuition account. Please allow one business day for the transaction to be processed.

EMERGING LEADERS PROGRAM (ELP)

The Emerging Leaders Program is a popular non-credit certificate program, which provides students with varied and unique opportunities to define, discover, and develop their leadership skills. Workshops are typically 75 minutes long. Those who complete six or more during the academic year receive a non-credit Leadership Certificate and a digital badge. Many students participate throughout their years of study. Some faculty

members provide extra credit for participation in the program, and it is an excellent networking opportunity, skills builder, and resume booster. Program participants also have an opportunity to earn lifelong membership into the Marist Chapter of the National Society of Leadership and Success. The Marist chapter is one of the oldest and most successful in the Nation. Additional information can be found at:

FIRE EMERGENCY PROCEDURES

All buildings are equipped with fire alarm systems. For your safety, whenever the fire alarm sounds, evacuate the building immediately. Fire alarm pull stations are located near the exits. **Never use the elevators during a fire alarm. Treat all alarms as the real thing.**

The Office of Campus Safety at Marist University provides a 24-hour, 7-day-a-week service to the University community, its visitors, and guests. The Office of Campus Safety works as a liaison with local fire, police, and rescue agencies. All Marist Security officers have Cardio-Pulmonary Resuscitation (AED & CPR) certification. The Office of Campus Safety is located in **Donnelly 201** and can be reached by calling **845-575-3333**. **In emergency only dial 845-575-5555 or Ext. 5555.**

FIRST YEAR EXPERIENCE AND LEADERSHIP DEVELOPMENT (FYE & LD)

The Office of FYE & LD is dedicated to assisting first year students in their transition to Marist by addressing the social, cognitive, and emotional challenges they encounter. New students are guided in their intellectual and personal development through campus wide experiences such as Orientation, First Fall and Welcome Week, as well as through a variety of academic and social programs involving small groups and one-on-one interactions. Both the professional and Peer Mentor Programs happen through this area (see Mentors). While they are not new to college, transfer students are also part of FYE as they are new to the Marist community. FYE & LD works with all class years by offering opportunities for leadership development to all interested undergraduate students providing skills and experiences essential for lifelong leadership engagement. Mentor relationships are continued with students in subsequent years as they endeavor to succeed academically, become influential leaders, and develop into well-balanced citizens of the Marist and World community. **“The End Depends On the Beginning” and this area offers many fun and rewarding experiences to help students feel better connected to the University.**

HEALTH SERVICES

Marist Health Services' main office is in the Murray Student Center, Room 352. We also have another site on the second floor of Midrise Hall. Our health care professionals include an MD medical director, nurse practitioners, physician assistant, registered nurses, and administrative staff. Our office hours are posted at <https://my.marist.edu/health-services>.

Marist Health Services provides care to full-time undergraduate students while undergraduate classes are in session. Graduate students may elect to pay the Health Services fee to access care as well. Students may call 845-575-3270 to schedule an appointment. In the event of an unplanned visit or emergency, students are triaged promptly, and appropriate care is provided in a timely manner.

There is no charge for office visits or in-house lab tests (e.g., rapid strep tests), but healthcare delivered outside the Health Service, such as diagnostic tests, specialist referrals, urgent care centers and emergency room visits are billed to the student's insurance. Bloodwork sent to outside labs will also be billed to the students' insurance, so it is important for the student to know which is the preferred laboratory for their insurance plan to minimize out of pocket expenses.

Resident students requiring after-hours care are encouraged to notify the on-duty RA or RD, or Marist University Campus Safety: x5555, 845-575-5555, x3333 or 845-575-3333. No overnight care is available on campus.

Health Services provides evaluation and treatment of illness and minor injury as well as reproductive and sexual healthcare, management of chronic concerns, routine and preventive care, and non-urgent healthcare concerns, as well as health education and counseling. The influenza vaccine is available at annual vaccine clinics held on campus during Fall semester, as well as local pharmacies. While flu shots are covered by most insurances, there may be a modest fee for those students who do not have adequate coverage.

Marist University requires all full-time undergraduate students to have health insurance, thus they are automatically enrolled in the Marist University Accident and Sickness Plan administered by Hayley, Freyer and Coon. Students who have comparable or better coverage and do not wish to enroll in the plan must complete an online waiver annually to provide proof of coverage. Information is available at

<https://www.marist.edu/student-life/services/health-services/health-insurance-plan>. Before opting out of the plan provided, students are advised to confirm details of their policy's coverage of services in the Poughkeepsie area. Contact Student Financial Services with any questions or concerns regarding the above.

Dental care is not available on campus. Information about dental specialists can be found at <https://www.marist.edu/student-life/services/health-services> under "Related Information." Students are responsible for transportation to off-campus appointments.

Marist Health Services often receives requests for notes excusing students from class and other attendance issues. We do not provide excuse notes for routine illness. Please see the "Health Excuse Policy" located at <https://www.marist.edu/student-life/services/health-services>. Contact us at 845-575-3270 or health.services@marist.edu.

MARIST MONEY

Marist Money is a convenient, prepaid money management account which allows you to enjoy campus-wide purchasing power. The advantage of Marist Money is you never need to carry cash, as your student ID card also serves as your Marist Money Card.

Funds from your Marist Money account can be used for purchases in the Marist bookstore, mail and package distribution center, the digital publication center (copies, faxes), the computer store, Student Activities office, all campus cafes and coffee shops, the Cabaret, main dining hall, the north end dining, and participating off-campus merchants.

Your funds are placed in an account that only your activated Marist University ID card can access. Each time you use your card at a reader or cash register, your account balance is reduced by the amount of that sale. The system then informs you of your account balance. You may add money to your card account by going to 51 Fulton Street or via the Marist website <https://www.marist.edu/student-life/services/marist-id-money/deposit>.

Note: Marist Money is not a debit card. No cash withdrawals are available from the Marist Money account.

Marist Money cannot be used to purchase alcohol, tobacco, lottery tickets, gift cards or gift certificates. The Marist Money Office is located at 51 Fulton Street, Ext. 3550; Email: cardservices@marist.edu.

For more information and an updated listing of services that accept Marist Money, visit the website at <https://www.marist.edu/student-life/services/marist-id-money>.

The Radar Team serves as a point of referral for students, faculty, staff, and administrators to report student behaviors that they believe are concerning or worrisome. Once a student has been referred, the team works to find the person(s) at the University best positioned to reach out, talk to, and assist the student. This outreach may include referrals to campus resources (e.g., academic support, Health Services, Student Financial Services, and/or Counseling Services). The overall goal of the team is to assist students experiencing difficulties and connect them with resources and support. For more information visit the Radar Team website at <https://my.marist.edu/student-conduct>.

Marist University's Department of Spiritual Life and Service provides opportunities to meet the spiritual and religious needs of our student community in responding to God's presence in their lives. We do so by building and nourishing an interfaith community of celebration, service, and education through various worship opportunities, weekly service to the local community, student retreats, bible study, and small faith groups. Small faith groups include: Arise (non-denominational students), Catholic Connections, and the Orthodox Christian Group. The department also oversees the Interfaith Leadership Board through which we work closely with Hillel and the Muslim Student Association to ensure equitable provisions for religious practice, and opportunities to educate the campus community on our diverse traditions.

All fire alarm systems are monitored 24/7 off campus by a central monitoring station as well as by the Office of Campus Safety on campus. Fire alarm pull stations are located near the exits. For your safety, whenever the fire alarm sounds, evacuate the building **immediately** using the nearest exit. Treat all alarms as real – assume nothing! Behavior of any kind, which inadvertently activates a fire alarm, may be subject to disciplinary action. Failure to evacuate an area may also result in disciplinary action.

More information on fire safety, including videos can be found at: <https://www.marist.edu/security/fire-safetyvideos>.

FIRE RESPONSE PLAN

The following procedures should be followed in case of FIRE:

- Rescue and relocate anyone in immediate danger.
- Alert others by activating the fire alarm system and/or call Campus Safety at 845-575-5555 or Ext. 5555 from a safe location.
- Confine the emergency by closing doors.
- Evacuate immediately. Use stairs, do not use elevators. If in heat or smoke, crawl low. If there is smoke in the corridor, stay in the room, close and seal doors, dial 845-575-5555 or Ext. 5555 for help and then stand by the window.

FIRE ALARM PROCEDURES

1. All students, staff, and faculty are required to evacuate the building during a fire alarm.
2. If a fire alarm sounds, immediately proceed to the nearest exit. The last person out should close the door. If smoke hampers your means of evacuating, find an alternative route.
3. **DO NOT** use the elevator to evacuate the building, **CRAWL** low in smoky conditions. Use the stairs to evacuate safely.
4. Always know two ways out and familiarize yourself with the escape routes in the event of an emergency.
5. If you observe other people in the building who may be unfamiliar with the alarm, advise them of the fire alarm and suggest that they evacuate. **DO NOT** force them to leave or become confrontational. Once outside, report their location to a Campus Safety Officer.
6. Proceed to a pre-designated assembly area, away from the building. Do not stand in front of or near the entrances to the building. An explosion may spread debris over a large area. **DO NOT** block fire department access to the building.
7. Do not re-enter the building until the fire alarm has been silenced and the Campus Safety Officer or the Fairview Fire Department has indicated that it is safe to re-enter.

FIRE EVACUATION PROCEDURES

University buildings are to be evacuated immediately when the fire alarm is activated under the following conditions:

1. When evacuating the building, use the nearest exit if possible.
2. Before you open a door, feel the door with the back of your hand. If the door is hot or you can see fire or smoke in the corridor, do not pass through. Stay in the room. Pack towels (preferably wet) under the door to prevent smoke entry. Contact the Office of Campus Safety at 845-575-5555 or Ext. 5555 and report your location. Then proceed to the window and wave a brightly colored cloth to draw attention to your location. Open the window; do not break the window.

3. If the door is cool, open it slowly. If there is no smoke, proceed to the nearest exit. If the smoke is light, crawl low to the nearest exit. If you encounter smoke along the way, choose an alternative escape route. Make sure the doors close behind you to prevent the spread of smoke.
4. Once outside, proceed to the designated area, away from the building and doors. Make sure that everyone is accounted for. If occupants were unable to get out of the building, or they cannot be found, report this to the Office of Campus Safety Officer at the scene.

FIRE EVACUATION PROCEDURES FOR PERSONS WITH DISABILITIES

1. If the occupant, resident, or visitor is located on the ground floor of the building, exit through the nearest exit.
2. If the occupant, resident, or visitor is located above or below the ground floor, **do not use the elevator**. Call the Office of Campus Safety at 845-575-5555 or Ext. 5555, give the dispatcher your name, exact location, room number, and telephone number.
3. The disabled person should proceed or ask for assistance to the nearest enclosed or exterior stairwell or “area of safe refuge” and remain there. In case of a fire, enclosed building stairwells are “safe refuge areas” and have a higher fire resistive rating. The disabled person should notify an individual (i.e., a co-worker, supervisor, instructor or building monitor) of their specific location. If possible, the disabled person can notify 9-1-1 of their location.

During an emergency event, always remain clear of emergency vehicles. Maintain a safe distance, no less than 50 feet away from the building to enable the fire department to enter and operate safely.

For additional fire safety information and annual fire statistics by residence, you can visit

<http://www.marist.edu/security>.

GENERAL FIRE SAFETY POLICIES

1. Make a reasonable effort to extinguish small fires by using fire extinguishers or turning off electrically driven equipment.
2. Do not store personal items or place furniture or boxes in exits, corridors, or stairwells.
3. Do not overload electrical outlets or use extension cords.
4. Handle flammable liquids with care.
5. Do not leave appliances unattended in kitchens.
6. Good housekeeping is essential for a fire safe residence.
7. If your clothes catch fire, stop-drop-roll.
8. The doors within a building, especially in stairways and in corridors, are required to meet state and local fire codes. Doors in stairwells must never be propped open. Open doors will allow the spread of smoke and fire to the exits, rendering them useless.
9. Identify and walk through your emergency escape routes so that you will be familiar with them in the event of a fire.
10. Know where the building meeting location is in the event of an emergency evacuation.
11. All buildings on Marist University property are smoke free. Smoking outside is permitted; however, you must be at least 25 feet from the building.
12. It is prohibited to store any electric bicycles, scooters, or vehicles containing a lithium battery inside any building.

EMERGENCY CALL BOXES

Emergency call boxes are located in numerous areas on campus. If you need to reach the Office of Campus Safety, follow the directions on the box.

ENFORCEMENT BY LOCAL POLICE AND MARIST CAMPUS SAFETY

The Town of Poughkeepsie Police Department will enforce the violations of the on-campus laws. When stopped on campus by Marist Campus Safety, students are required to identify themselves and/or produce valid ID.

RULES FOR THE MAINTENANCE OF PUBLIC ORDER

Article 129-A of the New York State Education Law (as amended) requires all colleges and universities to adopt rules for the maintenance of public order governing the conduct of students, faculty, staff, or other persons on university property. They prohibit, among other things, actions recklessly or intentionally endangering mental or physical health. The law further requires that a copy of such rules and regulations be given to all students in compliance with the statute. The full text of Marist University's Rules for Maintenance of Public Order follows:

I. Overview: Marist University is committed to defend the right of each member of our community to carry out their assigned duties and responsibilities without interference: students to attend classes, faculty members to teach classes, University offices and departments to hold special events or activities, and administrators and staff to do their respective jobs. Consistent with the foregoing, the following regulations have been adopted.

II. Rules:

1. All members of the Marist community – students, faculty members, and members of the staff – shall comply with city, state, and federal laws and ordinances affecting the maintenance of order on Marist premises.
2. Visitors, including invitees and licensees, shall always conduct themselves in a manner that is consistent with the maintenance of order on university premises, and their privilege to remain on university property shall automatically terminate upon breach of this regulation. The University, in addition, reserves the right in its discretion to withdraw at any time the privilege of an invitee or licensee to be on university premises. A trespasser has no privilege of any kind to be on university property but is nevertheless subject to this regulation governing the maintenance of order.
3. The following activities which infringe upon the rights of individuals shall not be permitted and shall be considered violations of university rules:
 - a. Use or threat of force or violence against any person, or the damaging of property.
 - b. Prevention of the normal use or occupancy of any building owned or rented by the University or disruption of any normal university function through use of force or threat of force, physical obstruction, or noise.
 - c. Physical obstruction of or the use of threat of force or violence to interfere with the passage of any person around the university campus or through the entrance or exits of any university building or facility or the corridors thereof.
 - d. Entering any private office or private room without the consent of the rightful occupant.
 - e. Engaging in the practice of hazing, including, but not limited to any action or situation which recklessly or intentionally endangers mental or physical health or involves the forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization, whether occurring on or off Marist's campus, regardless of an individual's willingness to participate.
 - f. Presence in or use of any university building or facility during the hours when such building or facility is officially closed unless permission is secured from the President or a designee prior to such presence or use.
4. The use of grounds, facilities, and buildings rented or owned by the University is restricted to members of the Marist community and visitors by invitation. The University reserves the right to require evidence of any individual's qualification to use or be in or on any grounds, facility, or building rented or owned by the University and to deny use thereof to anyone who is not a member of the Marist community, or to eject anyone therefrom who is not complying with these rules.
5. These rules shall apply to any student, employee of the University, or visitor (including, but not limited to, invitees and licensees) to or on property owned or rented by the University.

III. Enforcement: Enforcement shall be consistent with approved university procedures and binding contractual agreements of the University. Any student, faculty member, officer of administration, or nonfaculty member may report a violation of these rules by filing a report with the Office of Campus Safety, or by submitting a report under our Discrimination, Harassment, and Sexual Misconduct policy and procedures.

1. Alleged violations of these rules by students shall be referred to the Office of Community Standards.
2. Alleged violations of these rules by faculty shall be referred to the Provost.
3. Alleged violations of these rules by officers of administration or other non-faculty employees shall be referred to the Vice President of Human Resources.
4. Pending such a hearing, the President of the University shall have the right to restrict the campus activities of any such member of the student body or staff if they determine that it is necessary to prevent further violations of these rules.
5. In case of a violation of these rules by a person who is not an employee or student at the University, the Office of Campus Safety, in coordination with local civil authorities as needed, will be responsible for taking appropriate action including possible ejection from the campus and/or prosecution under appropriate state and local laws, or both.
6. In case the President of the University determines that the normal university procedures are inadequate for maintaining order on the campus, they may request the local civil authorities to deal with the situation. The President may obtain court action, where appropriate.

IV. Penalties: With due regard for civil liberties and professional rights, any individual who is found to have violated these rules may be subject to immediate ejection from university property. In addition, any member of the Marist community who is found to have violated these rules may be subject to suspension, expulsion, or other appropriate disciplinary action. Any organization which is found to have authorized any violation of these rules may be subject to the rescission of said organization's permission to operate on the Marist University Campus or any other university property. The penalties described herein shall be in addition to any criminal or civil penalty pursuant to any penal or other law to which the violator or organization may be subject.

ATHLETIC PROGRAMS

Athletics at Marist University play a vital role in the life of the University, its students and area community.

ATHLETICS

Athletics at Marist University are an extracurricular activity and secondary to any student's university education. Marist offers a three-tiered sports program: varsity, club, and intramural. Athletics at Marist

University reflect the university objectives and are a means to attain educational goals. The varsity program offers the most advanced level of competition. Marist is a member of the National Collegiate Athletic Association and subscribes to the Division I philosophy. Marist belongs to the Metro Atlantic Athletic Conference and the Pioneer Football League. Sports at the Varsity level are the most competitive and include: Men: Baseball, Basketball, Cross Country, Football, Lacrosse, Rowing, Soccer, Swimming & Diving, Tennis, and Indoor and Outdoor Track.

Women: Basketball, Cross Country, Lacrosse, Rowing, Soccer, Softball, Swimming & Diving, Tennis, Indoor and Outdoor Track, Volleyball, and Water Polo.

At the club level opportunities may include: baseball, cheerleading, dance, esports, equestrian, fencing, golf, ice hockey, men's rugby, women's rugby, men's soccer, women's soccer, men's lacrosse, women's lacrosse, men's volleyball, women's volleyball, skiing, tennis, and ultimate frisbee.

Students interested in team sports at a less advanced level may turn to an extensive intramural program.

Intramurals offer any student, regardless of skill level, the chance to play on a team without the time demands of intercollegiate athletics; more than 2,800 undergraduates participate each year. There are teams in Pickleball, Flag Football, Volleyball, Soccer, Basketball, and many more.

In its physical education program, a wide range of courses are offered in individual sports including Zumba, karate, exercise, sailing, dance, yoga, swimming, lifeguard training and coaching certification. Fitness classes include yoga, pilates, boxing, Zumba, and stretch and flexibility. Classes are small and instruction is geared to beginning and intermediate levels of ability.

Team schedules are available throughout the year to all students. Student support and participation in these activities are a vital part of life at Marist.

Current Marist students are not charged admission to regularly scheduled athletic events and attendance is encouraged.

HOW DO I PARTICIPATE IN THE ATHLETICS PROGRAM?

The varsity program is the highest level of competition offered at Marist. Many of the participants at the Varsity level have been recruited to attend the University. Opportunities for participation may exist for the non-recruited student-athlete on a limited basis. To obtain information on a particular team of interest, the coach of the sport should be contacted at the McCann Center. The intercollegiate programs at the Club level offer a wider degree of opportunity for participation. An inquiry can be made to obtain information on a particular club sport through the Coordinator of Club Sports and Intramurals at Ext. 2355.

Information on the Intramural program is also posted at the McCann Center and can be obtained by contacting the Coordinator of Club Sports and Intramurals at Ext. 2355. The Recreation program has offerings listed in the University catalog. Additional information can be obtained from the Coordinator of Club Sports and Intramurals, Ext. 2355. Inquiries for club, intramural and recreational programs can also be directed to recreation@marist.edu.

Information on all three levels of competition at Marist can be found on the department website –

ADVISORY COMMITTEE TO THE ATHLETICS PROGRAM

Student Athlete Advisory Committee – The committee is composed of two members from each of the varsity intercollegiate teams, who are recognized as leaders within their programs. The purpose is to act as a liaison between the Department of Athletics and the student-athletes on any and all matters related to the intercollegiate varsity athletic programs. It does not have the authority to establish or change policy. The Student Athlete Advisory Committee meets monthly, September through May.

In addition, the club men's and women's rugby teams and intramural programs also utilize this facility. An 8-lane track surrounding a turf field was completed in spring 2025. The Track and Turf Field project promises to benefit many of Marist's 23 Division I athletics teams – men's and women's track and field, cross country, lacrosse, and soccer, all of which will use the facility for practice and/or competition. It will also serve as a community-wide recreation and wellness resource for students, faculty, staff, club sports, and many intramural teams.

Tenney Stadium at Leonidoff Field

This multipurpose facility is home to varsity football, men's and women's lacrosse, and men's and women's soccer programs. Built to hold 5,000 fans, this stadium is equipped with Field Turf and a professional lighting system. This facility is also widely used by club and intramural sports.

This facility has open hours during which members of the Marist community can take part in recreational, club, and intramural sports.

The fitness and recreation wing of the James J. McCann Center provides students and student-athletes alike with state-of-the-art fitness and training facilities. The vision of the expanded McCann Center is to be a student center in the evening hours, and to provide Marist students with excellent space to recreate and socialize while maintaining an active lifestyle. The addition includes a pair of weight rooms, an indoor turf facility, a recreation gymnasium with two NCAA regulation basketball courts, and a 133-meter elevated track. Other spaces include a physical therapy facility designed for an athletic and academic partnership with the Doctor of Physical Therapy program, two multipurpose rooms designed for team meetings, film review and physical education and fitness classes, and a rooftop terrace with a green roof.

McCann Natatorium

This facility houses a six-lane 25-yard pool where the men's and women's swimming programs and women's water polo team compete. In addition, there is a diving well for the men's and women's diving teams. The pool also offers open-swim hours where the Marist community can utilize this facility.

McCann Baseball Field

This facility located on the South end of campus serves as a playing field for the varsity baseball program. In 2011, the baseball field received a facelift which saw the addition of a new outfield fence, warning track, and scoreboard.

Longview Park

The Riverfront area has been renovated to include a new bulkhead and dock system, fishing pier, illuminated scenic river walks, renovated green space, a gazebo, and new landscaping. It includes two boathouses for the storage of crew shells and sailing equipment for the varsity men's and women's rowing programs, club sailing team, and community programs. In 2008, Marist Historic Cornell Boathouse was renovated and returned to its original prowess. This landmark building also hosts many University and community functions throughout the year.

McCormick Fitness Center

The McCormick Fitness Center services all students in the North End Housing complex and is open to all students on campus. The 3,400 square foot complex is comprised of a 2,300 square foot fitness center and a 1,100-square foot dance studio. The fitness center contains 37 pieces of cardio equipment, including 13 treadmills, 10 ellipticals, 10 expresso bicycles, four freemotion machines, and two benches and dumbbells. It also holds 7 circuit strength machines and a doubled sided powerlift rack. Adjacent to the fitness center is a state-of-the-art aerobics room, which plays host to dance, fitness, and yoga classes. It is equipped with a hardwood floor, dimmable lights, and a high-quality sound system that allows fitness instructors to communicate using hands-free headsets and play customized audio through an auxiliary cord. Satellite radio is available throughout the McCormick Fitness Center.

MARIST UNIVERSITY: CODE OF STUDENT CONDUCT

PREAMBLE

Application to Marist University indicates a free choice to become part of the University community, to participate in its programs, and to accept the responsibility of membership therein. The University's acceptance of the student in turn represents the extension of the privileges of community membership to the individual and the right to remain a member of the community by meeting the entire academic, financial, and behavioral expectations of the University.

Marist University is committed to providing an environment that promotes and values academic learning; institutional and personal integrity; and justice and equality. The University considers all Marist students as its partners in the responsibility of creating and maintaining that environment.

The *Code of Student Conduct* and the student conduct process apply to the conduct of individual students, both undergraduate and graduate, including adult students, professional programs, abroad programs, and all University affiliated student organizations. For the purposes of student conduct, the University considers an individual a student who has been accepted for admission and thereafter as long as the student has a continuing educational interest in the University. Students who withdraw from the University with a pending conduct case are not welcome back onto University property until the case has been resolved or with permission from the Director of Community Standards or designee.

Each student and/or organization at Marist agrees to be governed by the *Code of Student Conduct*. The University, through the Office of Community Standards, possesses the authority to impose sanctions for any behavior that violates the *Code of Student Conduct*.

All students and/or organizations at Marist have access to the *Code of Student Conduct* and Resident Student Handbook. Web links are provided to students at the beginning of each academic year. Printed copies of the *Code of Student Conduct* are available upon request from the Office of Community Standards or Student Affairs. This document is available online at the following address: <https://www.marist.edu/student-life/community/student-conduct>.

Amendments to the *Code of Student Conduct* are made via the above-mentioned website. Although changes are relatively rare, students/organizations are responsible for the information contained in this document. Therefore, students are advised to check online on a regular basis for updates that may occur to policy and procedures.

This may include investigators, conduct officers, faculty, or other University administrators.

SECTION 2: JURISDICTION

Students at the University are provided a copy of the *Code of Student Conduct* annually in the form of a link on the University website. Hard copies are available upon request from the Office of Community Standards.

Students are responsible for having read and abide by the provisions of the *Code of Student Conduct*.

The *Code of Student Conduct* and the student conduct process apply to the conduct of individual students, both undergraduate, graduate, adult, including professional students and all University-affiliated student organizations. For the purposes of student conduct, the University considers an individual to be a student when an offer of admission has been extended and thereafter as long as the student has a continuing educational relationship with the University.

The University retains conduct jurisdiction over students who choose to take a leave of absence, withdraw, or have graduated from any misconduct that occurred prior to the leave, withdrawal, or graduation. Students who withdrawal from the University with a pending conduct case are not welcome back onto University property until the case has been resolved. A hold may be placed on the student's ability to re-enroll and/or obtain official transcripts and/or graduate and all sanctions must be satisfied prior to re-enrollment eligibility. In the event of serious misconduct committed while still enrolled but reported after the accused student has graduated, the University may invoke these procedures and should the former student be found responsible, the University may revoke the student's degree.

The *Code of Student Conduct* applies to behaviors that take place on campus, at University-sponsored events, and may also apply off-campus when it is determined that the off-campus conduct affects a substantial University interest. A substantial University interest is defined to include, but is not limited to: Any situation where it appears that the student's conduct may present a danger or threat to the health or safety of themselves or others; any situation that significantly impinges upon the rights, property or achievements of self or others or significantly breaches the peace and/or causes social disorder; and/or any situation that is detrimental to the educational mission and/or interests of the University.

The *Code of Student Conduct* may be applied to behavior conducted online, via email, or another electronic medium. Students should be aware that online postings such as blogs, web postings, chats, and social networking sites are in the public sphere and are not private. These postings can subject a student to allegations of conduct violations if evidence of policy violations is posted online. The University does not regularly search for this information but may take action if and when such information is brought to the attention of University officials.

The *Code of Student Conduct* applies to a guest of community members whose hosts may be held accountable for the misconduct of their guest. The *Code* may also be applied to resident non-students, campers and high school bridge/extension/partner/dual-credit and continuing education programs by contractual agreements. Visitors to and guests of the University may seek resolution of violations of the *Code of Student Conduct* committed against them by members of University community.

There is no time limit on reporting violations of the *Code of Student Conduct*; however, the longer someone waits to report an offense, the harder it becomes for University officials to obtain information and witness statements and to make determinations regarding alleged violations.

Though anonymous reports are permitted, doing so may limit the University's ability to investigate and respond to an allegation. Those who are aware of misconduct are encouraged to report it as quickly as possible to the Office of Community Standards and/or to the Office of Campus Safety.

University email is the University's primary means of communication with students. Students are responsible for all communication delivered to their University email address.

Marist holds that all individuals who are members of the University community have a responsibility to represent themselves in a lawful and responsible manner at all times.

Students who are accepted to abroad/international program sites may be held responsible for inappropriate behavior and University policy violations that occur when they are studying away from campus.

SECTION 3: VIOLATION OF LAW

Alleged violations of federal, state and local laws may be investigated and addressed under the *Code of Student Conduct*. Proceedings under the *Code of Student Conduct* may be carried out prior to, simultaneously with, or following civil or criminal proceedings on or off-campus. The University will not request or agree to special consideration for that individual because of their status as a student. If the alleged offense is also the subject of a proceeding before a hearing officer/panel under the *Code of Student Conduct*, the University may advise off campus authorities of the existence of the *Code of Student Conduct* and of how such matters will be handled internally within the University community. The University will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on/off campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students, faculty and staff members, acting in their personal capacities, remain free to interact with government representatives as they deem appropriate.

The University reserves the right to exercise its authority of interim suspension upon notification that a student is facing criminal investigation and/or allegation (additional grounds for interim suspension are outlined below). Interim suspensions are imposed until a conduct conference or hearing can be held. The student may elect to waive their right to notice granted to them in the *Code of Student Conduct* and request a conduct conference and/or hearing. After each step of the way, the interim suspension status of the student will be reviewed. The conduct conference and/or hearing may resolve the allegation or may be held to determine if the interim suspension should be continued. The interim suspension may be continued if a danger to the community is posed and/or if the University may be delayed or prevented from conducting its own investigation. In such cases, the University will only delay until such time as it can conduct an internal investigation, obtain sufficient information independently, and/or from law enforcement upon which to proceed.

SECTION 4: CORE VALUES AND BEHAVIORAL EXPECTATIONS

The University considers the behavior described in the following sub-sections as inappropriate for the University community and in opposition to the core values set forth in this document. These expectations and rules apply to all students/student organizations, whether undergraduate, graduate, adult, abroad, or professional. The University encourages community members to report to University officials all incidents that involve the following actions. Any student found to have committed or to have attempted to commit the following misconduct may be subject to the sanctions outlined.

Note: Knowingly possessing or using an altered driver's license or other government issued document is a felony charge in the State of New York (NYS Penal Law Sec. 170.25). In NYS, a felony is defined as any crime for which a sentence to a term of imprisonment in excess of one year may be imposed.

There may likely be a \$250 room recovery fee for students who do not comply in order to cover the extensive cost of restoring rooms to a smoke-free condition.

j. Students who live on campus are strictly prohibited from having or improperly using any items which could create a fire hazard (e.g. candles, extension cords, appliances, hover boards, electric scooters, etc.)

k. Activation of a fire alarm due to the use of a prohibited item or negligent cooking.

10. Solicitation and Posting: The distribution of flyers on campus advertising alcoholic beverages or drink specials is strictly prohibited. The Marist community strongly promotes a personal values system, which focuses on each person taking responsibility for their own actions, and on maintaining dignity and truth. The following restrictions outline the parameters within which each individual will be held responsible. Their violation will result in disciplinary action.

1. Acts of Dishonesty: Including, but not limited to:

a. Providing false information to any University official, faculty member or office.

b. Forgery, alteration or misuse of any University document, image, record or instrument of identification, including parking permits.

c. Tampering with the election of any University student organization officer.

h. Failure to comply with the sanction imposed under the *Code*.

i. Influencing or attempting to influence another person to commit an abuse of the student conduct system.

3. Alcohol Policy: All members of the Marist University community are considered adults and are thus expected to comply with the laws (local, state and federal) regarding alcoholic beverages, and to take personal responsibility for their conduct. Students who have a guest on campus or in University buildings are responsible

for the conduct of the guest, and for advising them of the applicable laws and Marist University's policies pertaining to alcoholic beverages. Therefore, the following policies have been adopted:

- a. For a student and/or guest under 21: A student and/or guest under the age of 21 may not distribute, possess, or consume alcohol. Students and/or an invited guest under 21 years of age may not be in the presence of alcoholic beverages. Students should remove themselves from the situation immediately, ask the individual(s) with alcohol to leave or dispose of the alcohol, and/or notify University officials. The only exception is when an underage student resides in the same private living unit/room with a student who is 21 years of age or older. The underage assigned student may knowingly be in the presence of alcohol (consumed or possessed) by the student of age who resides in the unit/room, provided the underage student complies with the alcohol policy and no one else (students or guests), aside from the assigned underage roommates(s), are present at the time alcohol is consumed by the student of age.
- b. For a student 21 years old or older, alcoholic beverages may be consumed by assigned residents and their guests who are 21 years old or older under the following guidelines: A student and/or guest 21 years of age and older may responsibly consume alcohol within their living unit/room. For live in staff (Resident Assistants, Assistant Resident Directors, etc.) use of alcohol is restricted to the privacy of the individual's room.
- c. For all students regardless of age: Communal sources such as kegs and multi-quart containers of alcohol are not permitted. Alcoholic beverages are not to be consumed in public areas of the residence halls, including but not limited to, lounges, lobbies, community bathrooms, laundry rooms, hallways, and stairwells. Consumption includes the possession of an open container. Possessing items commonly used to facilitate drinking games or to consume large quantities of alcohol (e.g. funnels, altered board games, beer pong tables, beer bong, etc.) may be confiscated. Any violation in which consumption of alcohol was a contributing factor is also a violation of the alcohol policy regardless of age.
- d. A student may not provide alcohol to an underage individual and/or permit an underage individual to consume or possess alcohol in their living unit/room.
- e. Residents holding a gathering in their living unit/room where an alcohol violation is taking place are considered hosts. All residents assigned to the living unit/room who are present during the time of the incident will likely be regarded as the host and subjected to disciplinary actions. Hosts can be held responsible for injury or damage occurring to any person or to property in which the consumption of alcohol was a contributing factor and may receive harsher sanctions.
- f. All students are responsible for the actions of their guests regarding alcohol possession, use, and excessive noise that may be disruptive to other residents. Students assigned to the unit/room hosting an event where a violation occurs may be held accountable.
- g. Public intoxication is strictly prohibited.
- h. Distribution, consumption, and possession of alcoholic beverages and/or possession of an open container is not permitted on the public grounds of campus without prior approval of the Vice President of Student Affairs or designee (e.g. parking lots, campus green or waterfront areas).
- i. Off Campus formal events hosted by student organizations planning to hold an event where alcohol will be present are required to submit the appropriate forms to the Office of Student Activities to be reviewed (e.g. contractual and host liability). The event sponsors are required to verify that the venue used is currently licensed to serve alcohol, if required by law. In addition, Greek organization sponsoring events are required to submit the appropriate forms to Greek Affairs.

Driving Under the Influence/Driving While Intoxicated: The University is concerned about students who violate state and local laws regarding consumption of alcohol and the operation of motor vehicles. In accordance with state law, the University abides by the legal definition of *intoxicated* as “not having the normal use of mental or physical faculties by reason of introduction of alcohol, a controlled substance, a drug, a dangerous drug, a combination of two or more of those substances, or any other substance into the body” or

0.08 Breath or Blood Alcohol Concentration. In addition, students under the legal minimum drinking age of 21 years who are found to have any detectable amount of alcohol in their systems will be considered driving under the influence of alcohol.

Marist University, as part of its educational mission, seeks to assist students in developing appropriate attitudes and behavior regarding the use of alcohol. To this end, the University offers educational programs regarding the negative health and social effects of alcohol consumption. For those individuals who have developed or begin to develop identifiable problems as a result of their alcohol or drug use, a variety of services are available through the University's Health & Wellness Center located on the third floor of the Murray Student Center (ext. 3314).

Medical Amnesty Policy/Good Samaritan Policy: The purpose of this policy is to increase the likelihood that medical attention is provided to students due to alcohol intoxication or use of drugs by removing impediments to seeking such assistance. This policy is intended for use in isolated situations; therefore, it does not excuse or protect those who flagrantly or repeatedly violate University policy.

Medical Amnesty Policy: When a student is intoxicated or under the influence of alcohol or drugs and seeks medical assistance, they may be granted amnesty from formal disciplinary action by the University for violating the alcohol or drug policies. Upon receiving a report that a student needs medical assistance, University staff will respond through the Office of Campus Safety to obtain EMS services and responding officials will use standard procedures for documenting information and collecting identification of all persons involved. Abuse of amnesty requests can result in a decision by the Director of Community Standards not to extend amnesty to the same person repeatedly. If a student brings their own use, addiction, or dependency to the attention of University officials outside of conduct sanctions and seeks assistance, a conduct allegation will not be pursued. Amnesty will not extend to other conduct violations associated with the incident, including but not limited to distribution of drugs, hazing, vandalism, or sexual assault. Amnesty can only extend to University conduct processes and does not protect students from criminal or civil penalties.

Actively assisting requires that an individual: Call the Office of Campus Safety (5555) or 911 or seek another individual qualified to report the student's condition such as a Resident Director (RD), administrator, or other Residence Life paraprofessionals.

The following are not covered by the Medical Amnesty Policy: Medical Amnesty will not be granted to students who do not seek medical assistance. Those who are confronted by University staff (i.e. Residence Life staff, Campus Safety) or other authorities will be referred to the Office of Community Standards for alleged policy violation. The University is concerned with the use and abuse of alcohol, drugs, and other substances. If a violation occurs in conjunction with other University policies, more severe disciplinary sanctions may result. Any student found intoxicated may be transported to Mid-Hudson Regional Medical Center or other local medical facilities for medical evaluation.

Amnesty in cases of sexual assault or other sexual misconduct: Similarly, the University will not pursue conduct violations for violations of the University's Alcohol and Substance Abuse Policies against a student who reports or seeks assistance after experiencing an incident of sexual assault or other sexual misconduct. See the University's Title IX policy.

Good Samaritan Policy: Student health and safety are of primary concern at Marist University. In cases of intoxication by alcohol and/or other substances, the University encourages individuals to seek medical assistance for themselves or others. We all have an ethical responsibility to help people in need. Marist University expects that students will take an active role in protecting the safety and well-being of their peers and the University community. To promote this, when a student assists an individual who is intoxicated or under the influence of alcohol/drugs in procuring medical assistance, that student may be granted amnesty from formal disciplinary action by the University for violating the alcohol or drug policies. Those involved may be required to meet with the Director of Community Standards/designee to discuss the incident. In lieu, a student may be required to complete educational requirements, including but not limited to, alcohol awareness/education and/or

referral to the Health and Wellness Center. Failure to follow the action plan will nullify the Medical Amnesty protection and campus conduct processes will be initiated. Students who are engaged in minor violations but who choose to bring related serious violations by others to the attention of the University are offered amnesty for their minor violations and educational options may be explored.

Application to Student Organizations: In circumstances where an organization is found to be hosting an event where medical assistance is sought for an intoxicated guest, the organization (depending upon the circumstances) may be held responsible for violations of the Alcohol Policy and/or Drug Policy. However, the organization's willingness to seek medical assistance for a member or guest will be viewed as a mitigating factor in determining a sanction for any violations of the Alcohol Policy and/or Drug Policy.

4. Alcohol Paraphernalia: This includes but is not limited to:

- a. Empty containers related to alcohol (e.g. liquor bottles, shot glass, beer cans, bottles, etc.) are prohibited in living units/rooms where students are not allowed to consume alcohol because they are under 21 years of age.
- b. Empty or full kegs, beer balls or any other large containers of alcoholic beverages designed for consumption by a group of people are prohibited on campus operated property. Violation of this policy may result in a \$150 fine. The possession of any implement that can be used to irresponsibly ingest alcoholic beverages is prohibited (e.g. funnels, drinking game devices, beer pong tables, etc.) and any such implements may be confiscated by the University and not returned, regardless of age.

5. Computer Misuse: Misuse or abuse of the University computer system, voicemail or telephone services as defined by the University (see Marist University Acceptable Usage Agreement available at www.marist.edu/network-access). This includes, but is not limited to:

7. Drug Paraphernalia: Includes but is not limited to, any items that can be utilized for or are designed for the use of illegal drugs (e.g. bowls, vaporizers, bongos, hookahs, scales, related heating devices, etc.) are not allowed in the residence areas. Any items that are fashioned for the purpose of drug use will also be considered a violation of this policy.

8. Drug Policy: In compliance with the Drug-Free Schools and Communities Act of 1989, it is the policy of Marist University to provide an educational environment that is free of alcohol and drug abuse. The University recognizes that legal prohibition of the use and/or possession of drugs by students. The University does not condone student sale or use of drugs and will cooperate with civil officials as the law requires. The maintenance of the individual welfare, development, education and rehabilitation of its members is consistent with the mission of Marist University. It should be further understood that the University may therefore take

preventative or prohibitory action, whether or not civil authorities act. The following are prohibited in and on Marist University owned, controlled property or at University sponsored events:

- a. The unlawful manufacture, possession, distribution and/or use of controlled substances (including misuse or sale of prescription medication), drugs, intoxicants or stimulants other than those prescribed by a physician for the student's own use and/or expressly permitted by law.
- b. C. CONDUCT WHICH VIOLATES THE DIGNITY AND/OR SAFETY OF AN INDIVIDUAL

Marist recognizes that it must create an environment where each person's individual dignity will be valued. In a University setting, it is particularly important that there be a respect for diversity and differences in opinion, as the University is dedicated to providing a comprehensive educational experience that prepares individuals to be

able to function in a diverse society. Students deserve to be free from fear of harassment, retaliation, or abuse of any kind. Especially intolerable are bias-related incidents: acts directed against individuals based on sex, gender, race, color, age, creed, national or ethnic origin, physical or mental disability, veteran status, pregnancy status, religion, sexual orientation, or other protected status. Additionally, bias-related incidents may also be a violation of State law, and students may be subject to criminal prosecution. Marist has a defined process for addressing harassment and discrimination under the jurisdiction of the University's Office of Equity and Title IX. Please find policies and procedures related to discriminatory harassment at <https://www.marist.edu/title-ix>. Complaints involving sex and gender-based allegations of misconduct are resolved through the Title IX process and are not addressed through the Code of Student Conduct.

D. REGULATIONS SPECIFIC TO RESIDENCE LIVING

In attempting to create an environment where learning and daily life can proceed without disruption, it is necessary to establish regulations specifically designed for the unique atmosphere of residence living. Regulations, however, are not effective without each resident assuming responsibility for their own actions, and assuming shared responsibility for the environment. The restrictions described in the Resident Student Handbook have been developed to promote both individual and community responsibility in the residence halls. Any violation of these restrictions will result in disciplinary action.

The following restrictions have been developed to promote both individual and community responsibility in the residence halls. Their violation will result in disciplinary action. Regulations may vary from hall to hall. In these instances, proper notification will be given by the Resident Director and/or the Office of Residence Life.

1. Appliances and Cooking: Cooking is not to occur in individual residence hall rooms. Cooking may only occur in areas designated by residence hall staff. All electrical cooking appliances are prohibited. The

possession of University approved microwaves and refrigerators constitute an approved exemption to this policy. Information regarding approved appliances may be found in the Fire Safety section.

2. Furniture: Furniture that is designated to a bedroom, common area, and/or lounge space is not to be removed from the intended space. Furniture designated for an occupant must be utilized as intended per student. Including, but not limited to:

- g. University furniture is not to be removed from residence areas including hall, rooms and/or apartments and may not be placed outside.

3. Guest Policy: All students are responsible for the actions of their guest for any violations committed on University premises, or at University-sponsored or supervised functions. In other words, the student/host may be charged with a violation of the Guest Policy, in addition to any other University policies for violations committed by their guest. All guests of first year students must be registered. A guest will be issued passes, which they are expected to carry at all times. In addition, hosts are required to accompany their guest at all times. Failure to properly register or sign-in guest is a violation of this policy. A guest is not permitted in residence areas during “Housing Availability When the University is Closed” periods and will be asked to leave if there is a violation of University policy. For guidelines related to obtaining guest passes and Break Housing, please refer to the Visitation and Guest Policy and Housing Availability When the University is Closed sections of the Resident Student Handbook.

4. Noise Policy:

- a. Noise that can be clearly heard outside of one’s immediate residence hall room or excessive noise in a common area (i.e. hallways, bathrooms, lounges, etc.) during established quiet hours. - b. At all times, however, respect for others’ needs for quiet to sleep and study is expected, also known as Courtesy Hours. Instruments or amplification devices producing excessive volume in or around the residence areas, including but not limited to subwoofers, may be removed or confiscated by a Residence Life staff member.

- c. Large social gatherings may be disbanded if it effects the privacy, study, safety, and/or sleep of others.

6. Pets: Pets are not allowed in residence areas, except for fish, which are kept in tanks that are 10 gallons or less and do not require filters, heaters or lights. Any student with an unapproved animal found will be asked to

remove the animal from the Residence Area within 24 hours, failure to comply may result in the removal of the animal at the owner's expense and/or conduct charges.

7. Visitation: Students are expected to comply with the visitation option that has been established for each residence hall room. In all cases, a student's right to have a quiet place to sleep and study takes precedence over utilizing a room for any other reason.

8. Windows/Doors/Walls: To protect the safety and right to reasonable quiet of students within the residence areas and to protect the safety of those people who pass by the residence area, the University has created guidelines for students regarding windows, doors, and walls. - j. No items may be hung from the ceiling, ceiling light fixtures, or curtains. Items cannot be stored within 18 inches of the ceiling for a sprinklered area and 24 inches of the ceiling for non-sprinklered areas in residence areas.
- k. Curtains are not allowed to be installed unless they are approved by Residence Life.
- l. Students cannot install any unauthorized cameras, including camera doorbells, anywhere on University premises.

E. CONDUCT ASSOCIATED WITH ACADEMIC INTEGRITY

Statement on Academic Integrity: Marist University is a learning community dedicated to helping students develop the intellect, character, and skills required for enlightened, ethical, and productive lives in the global community of the 21st century. Students are expected to pursue excellence in their education while being honest about their work and fair to other members of the learning community. All work presented to instructors for evaluation must reflect their own ideas and effort must properly acknowledge any contributions of others. Students should expect this honesty and fairness in others as well. As members of the Marist learning community, all students should adhere to the following principles of academic integrity outlined below.

Standards of Academic Integrity: Acts of academic dishonesty include, but are not limited to, the following actions:

1. Academic Dishonesty:

a) Cheating includes, but is not limited to:

1. Intentionally using or attempting to use any unauthorized assistance, including but not limited to, course materials, sharing answers or test information with another student, notes, study aids, or devices such as cellphones or cameras in an academic exercise. "Academic exercise" includes, but is not limited to, quizzes, tests, examinations, or graded projects and assignments.
2. Intentionally copying or attempting to copy someone else's test, quiz, assignment, data, or lab report.
3. Permitting another student to copy from a test, quiz, assignment, data, or lab report.
4. Engaging in any behavior specifically prohibited by an instructor in the course syllabus or class discussion.

5. Submitting work that has been purchased or borrowing from work submitted in a previous or concurrent class, except where expressly permitted by the instructor.
6. Permitting another student to substitute for oneself in an academic evaluation or exercise.
7. Unauthorized communication to another student through written, visual, electronic, or oral means.
- b) Selling notes, handouts, or other materials without authorization from the instructor or using them for any commercial purpose without the express written permission of the University and the instructor.
- c) Falsifying or misrepresenting your academic work.
- d) Knowingly helping another student violate academic behavior standards.
- e) Gaining unfair advantage, including but not limited to:
 1. Attempting to influence or change an academic evaluation, grade, or record by unfair means. This would include altering academic work that has been resubmitted without indicating that the work has been altered.
 2. Marking or submitting an examination or evaluative material in manner designed to deceive the grader or the grading system.
 3. Willfully damaging the academic work or efforts of another student.
 4. Using library materials, computer facilities, or University facilities in a manner intended to improperly restrict equal access by others to those resources.
- f) Plagiarism: using work not appropriately cited, including but not limited to:
 1. Using another person's ideas or expressions as if they are your own and/or without properly acknowledging the source, regardless of whether this was an accident.
 2. Submitting material (in whole or part) that has been prepared by another individual(s), commercial agency, organizations, or artificial intelligence (without permission from faculty member).
 3. Submitting work that has at any time been submitted to fulfill another academic requirement, either at Marist or another institution.
 4. Referencing material that was not accessed.
 5. Submitting data that has been altered or contrived in such a way as to be deliberately misleading.

Additional Expectations: the following statements also apply to the Academic Dishonesty Policy:

1. An arrangement by which work is to be submitted for credit in two or more courses must have the prior approval of the instructors involved.
2. A student who cooperates with one or more other students in an act of academic dishonesty is subject to the same penalties.
3. Those students who witness an act of academic dishonesty are expected to report it to the proper University official.
4. Acts of academic dishonesty may result in penalties up to and including a grade of "F" for the course and/or suspension or expulsion from the University.

SECTION 5: THE OFFICE OF COMMUNITY STANDARDS

The Office of Community Standards has been delegated the responsibility to administer the student conduct process. The operations of the Office will be the responsibility of the Director of Community Standards or designee. Responsibilities of the Office include but are not limited to:

1. Reviewing allegations and determining if a Notice of Allegation will be filed pursuant to the *Code of Student Conduct*.
2. Investigating allegations and conducting conferences.
3. Determining if the allegation will be heard by a hearing officer or panel.
4. Interviewing and advising parties involved in conduct proceedings.
5. Supervising the selection, training, and advising of all campus hearing officers and panels members.
6. Reviewing the decisions of all conduct bodies.
7. Resolving disputes and contested issues that arise out of alleged cases of student misconduct.

8. Maintaining all student disciplinary records resulting from enforcement of the *Code of Student Conduct*.

9. Collecting and disseminating data concerning student conduct actions.

SECTION 6: OVERVIEW OF THE CONDUCT AND ACADEMIC INTEGRITY PROCESS

This overview gives a general idea of how the University's student conduct proceedings work, but it should be noted that not all situations are of the same severity or complexity. Thus, these procedures are flexible, and are not exactly the same in every situation, though consistency in similar situations is a priority. The student conduct process and all applicable timelines commence with notice to an administrator of a potential violation of University policies.

NOTICE: Once notice is received from any source (victim, faculty, RD, 3rd party, online, etc.), the University may proceed with a preliminary investigation and/or may schedule a conduct conference with the responding party to explain the conduct process to the responding party, gather information, or resolve the matter. If limited information is provided it may also limit the University's ability to investigate and respond to an allegation. Those who are aware of misconduct are encouraged to report it quickly with as much detail as possible.

OVERVIEW OF THE CONDUCT PROCESS

The preliminary inquiry and conduct conference may lead to:

- A decision not to pursue the allegation based on a lack of or insufficient evidence. The matter should be closed, and records should indicate this.
- A decision to gather more information on the allegation.
- A decision to proceed with an allegation and conduct a conference. If a decision on the allegation is made and the finding is that the responding party is not responsible for violating the *Code*, the process will end. If the finding is that the responding party is in violation, and the responding party accepts this finding or receives a written warning or educational sanction the University considers this "uncontested." The administrator conducting the initial conference will then determine the sanction(s) for the misconduct, which the responding party may accept or reject. If accepted, the process ends. If the student rejects the findings or sanctions the incident will be referred to the Director of Community Standards, designee, or for a formal hearing.

The Office of Community Standards or designee may determine that action needs to be taken at the time of the incident or during an investigation. When this situation arises, a No Contact Order may be issued between the students or groups of students involved. By copy of this order, students are not permitted to contact each other via verbal, written, or electronic means, or through a third-party person. Students seeking court issued restraining orders, or protections off campus should contact a police agency. The Office of Community Standards will review all relevant materials to determine any further disciplinary action.

OVERVIEW OF THE ACADEMIC INTEGRITY PROCESS

Upon suspicion that a student has violated the Standards of Academic Integrity, the instructor of record notifies their Dean, attempts to contact the student to inform them of the alleged violation, arrange a time to discuss the incident, and determine sanction(s). The instructor will begin completing the Academic Integrity – Incident Report Form that will be submitted to the Office of Community Standards.

A. Following the Incident Report form, the Referral/Summary Adjudication form will need to be completed.

There is a place for students to sign acknowledging that they and the faculty member:

- Have reached an agreement concerning the allegations and sanctions.
- Have reached an agreement concerning the allegations but not the grade sanction imposed.
- Have not reached an agreement with the student regarding the allegations and sanctions, therefore a formal hearing is requested.
- The case is being referred to the Office of Community Standards to coordinate the hearing process due to the actions or allegations being egregious.

Acknowledgment sent from the student's Marist email account is acceptable as an electronic signature.

When a student does not sign the form, they are considered to have “not reached agreement regarding the incident.” Attempt will be made from the Office of Community Standards to reach out to the student for Academic Integrity cases when the instructor receives no response, but for first-time, minor offenses if the student does not reach back out after two weeks the case will be considered closed and the instructor will be made aware to move forward with their original academic sanction.

B. In the case of a first-time, minor offense: If the responding student accepts responsibility for the alleged violation, the student will receive an academic sanction determined by the instructor of record, which may include a failing grade in the course. The form is submitted to the Office of Community Standards, and prior to closing the case, the Office of Community Standards may assign the student an educational sanction.

C. In the case of a first-time, minor offense: If the responding student accepts responsibility for the alleged violation but not the academic sanction, the form is submitted to the Office of Community Standards, and the student may appeal the grade sanction through the [Grade Appeals Policy](#). The Office of Community Standards may assign the student an educational sanction irrespective of the outcome of the grade appeal.

D. If it is determined that this is a repeat offense, if the instructor feels the incident is severe, or if the student denies responsibility, the form is submitted to the Office of Community Standards, which will initiate a hearing with an Academic Integrity Panel.

Further information about the resolution process is located under section: **Resolution of Academic Integrity Allegations**.

SECTION 7: STUDENT CONDUCT BODIES

The University will establish appropriate student conduct bodies that may conduct conferences, hearings, and appeals concerning alleged violations of the *Code* and determine responsibility and appropriate sanctions. Students are responsible for checking their Marist University email for notifications regarding student conduct. These bodies include:

A. Conduct Conference

A meeting at which the Responding Party has the right to review information currently available at the time that resulted in the alleged violations indicated in the Notice of Allegation Letter and the options available to resolve the case.

1. The responding party/organization will be notified in writing at least three (3) business days prior to the scheduled Conduct Conference. The Conduct Officer may withdraw any allegation deemed to be without basis. The Conduct Officer may not reduce the minimum notification window of three (3) days without consent of the responding party.
2. If the substantive facts and resolutions can be agreed upon the decision will be considered final; without right to a review of the case, hearing and/or appeal.
3. In cases heard by a Resident Director, if the substantive facts and resolution(s) cannot be agreed upon, the student may request a review of the case by the deadline stated in the letter. The matter will be referred to the Director of Community Standards or designee to review and meet with the student. Once a decision is made the outcome is final.
4. In cases heard by the Director of Community Standards or designee, if the substantive facts and resolution(s) cannot be agreed upon, the matter will be referred to a formal hearing. Cases where a student receives a written warning or educational sanction will be considered final and not appealable.
5. If a responding party/organization fails to appear at a scheduled Conduct Conference or fails to reschedule prior to the scheduled conference following proper written notification, the designated Conduct Officer may review the information available and render a decision. Findings and sanctions, if applicable, will be based on the information and not upon the responding parties/organization's failure to appear. The decision of the Conduct Conference will be final.

6. If the Conduct Officer learns that a student/organization fails to appear at a scheduled Conduct Conference for good cause, the Conduct Officer may reschedule the conference. The Conduct Officer is the sole authority for determining the validity of an absence.

B. Academic Referral/Summary Adjudication

In cases of Academic Integrity, the faculty member or designee completes a summary adjudication form and submits the information to the Office of Community Standards. The faculty will attempt to meet and/or contact the student to address the allegation. If the matter cannot be resolved, is severe, or is a repeat offense, the incident is referred to a formal hearing.

C. University Hearing Panel

The University Hearing Panel consists of 1-3 members drawn from an annually trained pool composed of faculty and staff. The composition of the panel will be determined by the Director of Community Standards or designee based on the gravity of the allegation and the level of potential sanctioning. This panel will hear cases which involve allegations of misconduct that occur both on and off campus. A case may be deemed serious if a student has a significant past record and/or the allegations may result in a recommendation of suspension or expulsion. The sanctioning ability of the University Hearing Panel will include all sanctions noted in the *Code of Student Conduct*, including the recommendation of suspension or expulsion.

In a contested allegation and/or resolution, additional investigation may be commenced and/or a hearing may be held when there is reasonable cause to believe that the *Code of Student Conduct* has been violated. A case may be referred to a hearing panel/officer for resolution at any point within the process if deemed appropriate by the Director of Community Standards or designee.

At minimum, the parties will receive four (4) business days' notice of the date and time of the hearing, unless the parties waive that minimum notice period in writing. A hearing notice will be issued, and a hearing will be held before a panel/officer. A finding will be determined based on the preponderance of the evidence.

D. Academic Integrity Panel

A three-member hearing panel of faculty or staff drawn by the Office of Community Standards from the pool of trained faculty/staff that will hear and resolve cases of academic integrity. At least two panelists will be faculty members. The sanctioning ability of the Academic Integrity Panel may include all sanctions noted in the *Code of Student Conduct*, including the recommendation of suspension or expulsion from the University. At minimum, the parties will receive four (4) business days' notice of the date and time of the hearing, unless the parties waive that minimum notice period in writing. A hearing notice will be issued, and a hearing will be held before a panel. A finding will be determined based on the preponderance of the evidence.

E. University or Academic Appeals Panels

The University Appeals Panel consists of a three-member panel drawn from a pool of faculty and staff who did not serve on the original Hearing Panel. Hearing Panels heard by one Hearing Officer will be sent to an Appeals Officer. Hearing Panels that result in suspension or expulsion will be sent to the Vice President of Student Affairs or designee. The appeals procedures are outlined below in more detail.

The Director of Community Standards/designee is a non-voting advisor to the panels supervising deliberations and will have final authority to approve all those serving on the panels. The Director of Community Standards or designee has responsibility for training the panel, conducting preliminary investigations, and ensuring a fair process for the reporting and responding party. In the event of a resignation from the panel, the Director of Community Standards or designee will solicit a replacement.

In cases of Academic Integrity appeals, a three-member panel of trained faculty or staff will be drawn by the Office of Community Standards, with at least two panelists being faculty members.

Cases not involving suspension/expulsion from the institution are appealed to an Appeals Panel/Officer. Those involving suspension/expulsion are appealed to the Vice President of Student Affairs or designee. As needed, the Vice President of Student Affairs may consult with the Provost or designee.

F. Reviewing and Finalizing Sanction(s)

If the responding party is found in violation, decisions made and sanctions imposed by the hearing panel or officer will be final and implemented pending the normal appeal process, if applicable.

SECTION 8: STUDENT CONDUCT AUTHORITY

A. Authority

Authority in non-academic affairs and academic integrity matters under the *Code of Student Conduct* are the jurisdiction of the Office of Community Standards through the Vice President of Student Affairs and/or designee.

The day-to-day management of the program is the responsibility of the Office of Community Standards under the direct supervision of the Dean of Students or designee. The Director of Community Standards or designee will assume responsibility for the investigation of an allegation of misconduct to determine if the allegation has merit.

The Vice President of Student Affairs or designee will develop policies for the administration of the Community Standards program and procedural rules for conducting conferences and hearings which are consistent with provisions of the *Code of Student Conduct*.

Decisions made by the Conduct Officer, designee, and/or hearing panel are final, pending the normal appeals process, if applicable.

No individual involved in the process other than the investigator, conduct officer, panel members, or appeals officer may audio or video record any investigation, conduct conference, or resolution meeting or other portions of the process without prior authorization of the Director of Community Standards or designee.

B. Gatekeeping

No allegation will be forwarded for a conduct conference or hearing unless there is reasonable cause to believe a policy may have been violated. Reasonable cause is defined as some credible information to support elements of the offense, even if that information is merely a credible witness or a reporting parties' statement. An allegation wholly unsupported by any credible information will not be forwarded.

C. Interpretation and Revision

The Director of Community Standards will develop procedural rules for the administration of the student conduct process that are consistent with provisions of the *Code of Student Conduct*. Material deviation from these rules will, generally, only be made as necessary and will include reasonable advance notice to the parties involved, either by posting online and/or in the form of written communication. The Director of Community Standards may vary procedures with notice upon determining that changes to law or regulation require policy or procedural alterations not reflected in this *Code*. The Director of Community Standards or designee may make minor modifications to procedures that do not materially jeopardize the fairness owed to any party. Any question of interpretation of the *Code of Student Conduct* will be referred to the Vice President of Student Affairs or designee, whose interpretation is final. The *Code of Student Conduct* will be updated annually under the direction of the Director of Community Standards.

When necessary and under the direction of the Director of Community Standards, the University may conduct investigations, conduct conferences, or hearings remotely by real-time, secure video conferencing technology.

SECTION 9: FORMAL CONDUCT PROCEDURES

A. University as Convener

The University is the convener of every action under this *Code*. Within that action, there are several roles. The responding party is the person who is alleged to have violated the *Code*. The party bringing the allegation who may be a student, employee, visitor, or guest, may choose to be present and participate in the process. There are witnesses who may offer information regarding the allegation. There may be an investigator(s) whose role is to present information and share the evidence that the University has obtained regarding the allegations.

B. Student and Organizational Rights

Students/Organizations should expect that the conduct process will be handled fairly.

All Marist students/organizations alleged to have violated the *Code* will be granted the following student rights during the conduct process:

- To receive a notice of allegation. These are typically emailed, once done it will be presumptively delivered.
- The right to respond to the allegations and charges.
- The right to present information and hear information in support of the allegations.
- To access campus support resources (such as Counseling, Health Services, and Spiritual Life and Service).
- To experience a safe living, educational and work environment.
- To be treated with respect by University officials.
- To be free from retaliation.
- To be heard in substantial accordance with these procedures.
- To be informed of the outcome/resolution and sanctions where permissible.
- The responding party may elect to waive some or all of these procedures and rules. If waived, the student/organization may not file an appeal based on the grounds that the waived right was not provided.

Students with disabilities who believe they may need accommodation in the conduct process should contact the Office of Accommodations and Accessibility at 845-575-3274, Donnelly Hall 226. Since accommodations may require early planning and are not provided retroactively, students should make a request as soon as possible to better ensure that such accommodations are implemented in a timely manner.

Students/Organizations participating in a formal hearing shall have additional rights:

- The right to a list of witnesses who will be asked by the University to provide information as well as the opportunity to review information available at the time. Witnesses may not be contacted regarding the incident or serve as advisor/advocate to the student/organization being accused.
- The right to present information or to call witnesses not already called by the University to provide information or submit a written statement. Additional witnesses must have prior approval of the Director of Community Standards or designee. It is the responsibility of the parties to notify any additional witnesses not called by the University of the time, date, and location of the hearing.
- To have an advisor/advocate of their choice during the hearing process (limited to one individual) as stated in **K. Role of an Advisor/Advocate**.
- The responding party may elect to waive some or all of these procedures and rules. Such an election must be made to the Director of Community Standards or designee. If waived, the student/organization may not file an appeal based on the grounds that the waived right was not provided.
- The right to a hearing by an unbiased hearing panel/officer.
- The right to receive a copy of written report(s) stating the circumstances and allegations involved available at the time. This information will generally be given to the student/organization at the time they receive notification of the time and place of the hearing or as far in advance as is reasonably possible if an accelerated process is scheduled with the consent of the parties. In cases involving an organization, communication will be made with the president of the organization.
- The right to object to a Hearing Panel member or Hearing Officer based on demonstrated bias.
- The right not to present information and silence will not be construed as an admission or responsibility.
- The right to hear and respond to information presented. This included the right to pose questions at a hearing. The chair or advisor of the hearing has the discretion to decline a question if deemed not relevant.

- The right to appeal a decision except in cases of an accepted Conduct Conference decision. The appeal must be submitted within five (5) business days of receiving a decision.

C. Group Violations

A student group or organization and its officers and membership may be held collectively and individually responsible when violations of this *Code* by the organization or its member(s):

- Take place at organization-sponsored and/or co-sponsored events, whether sponsorship is formal or informal.
- Have received the consent or encouragement of the organization or the organization's leaders or officers.
- One or more officers or members of an organization have knowledge of or should have known an incident, behavior, etc., by any individual at an organization-sponsored, financed, or otherwise supported activity and fails to take corrective or prohibitive action before such incident behavior, etc. occurs or fails to stop such incident, behavior, etc. while it is occurring.
- A violation occurs on premises and/or transportation owned, operated, or rented exclusively by a student organization.
- A pattern of individual violations has occurred and/or continues to occur without adequate control, response, or sanction on the part of the student organization or its leaders.
- The student organization or related activities provided the context for the violation.
- The student organization chooses to protect one or more individual offenders who are members, alumni, former members, or a guest of the student organization from official actions.

Hearings for student organizations follow the same general student conduct procedures. In any such action, individual determinations as to responsibility will be made and sanctions may be assigned collectively and/or individually and will be proportionate to the involvement of each individual and the organization.

D. Interim Action

A. Under the *Code of Student Conduct*, the Vice President of Student Affairs, the Dean of Students, or designee may impose restrictions and/or separate a student from the community pending the scheduling of a conduct conference and/or hearing on alleged violation(s) of the *Code of Student Conduct* when a student represents a threat of serious harm to self or others, is facing allegations of serious criminal activity, to preserve the integrity of an investigation, to preserve University property and/or to prevent disruption of or interference with the normal operations of the University, and/or to protect the welfare of the community during a public health emergency. Interim actions may include, but are not limited to, separation from the institution, removal from housing, room reassignment, and/or restrictions on participation in the community pending the scheduling of a conduct conference or hearing on alleged violation(s) of the *Code of Student Conduct*.

B. During an Interim Suspension, students may be denied access to the residence facilities and/or to the campus (including classes) and/or all other University activities or privileges for which the student might otherwise be eligible, as the Vice President of Student Affairs, the Dean of Students, or designee may determine to be appropriate.

C. Whenever interim action is imposed, the Office of Community Standards will convene a conduct conference or hearing at the earliest possible time. The interim sanction may remain in effect until a final decision has been reached, including any appropriate appeals process, at the discretion of the Vice President of Student Affairs, the Dean of Students, or designee.

E. Notice of Allegation

Notice of an allegation of the *Code of Student Conduct* may also be addressed by administrators, faculty, and/or the Title IX Coordinator, when appropriate. Additionally, administrators and faculty may act on notice of a potential violation whether a formal allegation is made or not. All allegations can be submitted by a victim or a third party and should be submitted as soon as possible after the offending event occurs. The University has the

right to pursue an allegation or notice of misconduct on its own behalf and to serve as convener of the subsequent campus conduct process.

The Director of Community Standards or designee will assume responsibility for the conduct process. For any allegation that falls under Title IX (e.g. sexual misconduct) or involves any other form of discrimination, the Director of Community Standards will work under the direction of the Title IX Coordinator. The policy and procedures regarding Title IX may be found at <https://www.marist.edu/title-ix>.

F. Findings

The following options describe how to proceed depending on whether the responding party is found responsible and whether the Responding Party accepts or rejects the findings and/or the sanctions at any point in the process.

1. The Responding Party is Found “Not Responsible”

Where the responding party is found not responsible for the alleged violation(s), the investigation will be closed.

2. The Responding Party Accepts a Finding of “Responsibility” and Accepts the Recommended Sanctions

Should the responding party accept the findings that they violated University policy and the recommended sanctions, the sanctions are implemented by the Director of Community Standards or designee and the process ends.

3. Responding Party Rejects the Findings or Sanctions

Where the responding party rejects the findings and resolution in a case heard by a Resident Director, a request to review the case may be convened with the Director of Community Standards or designee. If the Director of Community Standards or designee finds a violation, they will determine sanctions and render a decision and timely notify the parties in writing, if permissible by law. The Director of Community Standards or designee decision becomes the final decision.

Where the responding party rejects the findings and/or resolution that they violated University policy in a Conduct Conference heard by the Director of Community Standards or designee (or a case is referred to a hearing panel), a hearing will be convened, if applicable. At the hearing, a panel will hear from the parties including any necessary investigators, conduct officers, witnesses, faculty, and other University administrators determined by the University. The panel renders an independent and objective finding. If the hearing panel finds the responding party not responsible for all violations, all parties will be informed of this determination in writing, if permissible by law. This determination is subject to appeal by any party to the allegation. If the hearing panel finds a violation, it will determine sanctions and render a decision within ten (10) business days barring extenuating circumstances of the hearing and timely notify the parties in writing (or orally), if permissible by law. An appeal of sanctions may be filed by any party to the allegation.

G. Special Hearing Provisions

All hearings under this sub-section will be conducted by a panel drawn from the pool. For allegations sensitive in nature, whether the alleged victim is serving as the reporting party or as a witness, alternative testimony options may be provided, such as placing a privacy screen in the hearing room or allowing the alleged victim to testify from another room via audio or audio/video technology. While these options are intended to help make the alleged victim more comfortable, they are not intended to work to the disadvantage of the responding party.

H. Notice of Hearing

Once a determination is made that reasonable cause exists for the Director of Community Standards or designee to refer an allegation for a hearing, notice will be given to the responding party. Notice will be in writing and may be delivered by one or more of the following methods: in person by the Director of Community Standards or designee, mailed to the local or permanent address of the student as indicated in official University records, or emailed to the student’s University issued email account. Once mailed, emailed and/or received in-person, such notice will be presumptively delivered.

A meeting with the Director of Community Standards or designee may be arranged to explain the nature of the allegation and the conduct process going forward.

I. Hearing Options & Preparation

The following sub-sections described the University's conduct hearing processes. Except in an allegation involving failure to comply with the summons of the Director of Community Standards or designee, no student may be found to have violated the *Code of Student Conduct* solely as a result of the student's failure to appear for a hearing. In all such instances, conduct hearings will proceed as scheduled and the information in support of the allegation will be presented to, and considered by, the Director of Community Standards and/or panel presiding over the hearing.

The formal hearing process is known as a hearing panel. Students/organizations will be given a minimum of four (4) business days' notice to prepare unless all parties wish to proceed more quickly. Preparation for a formal hearing is summarized in the following guidelines:

1. The University administration may serve as the reporting party.
2. If a responding party fails to respond to notice from the Director of Community Standards or designee, they may initiate an allegation against the student for failure to comply with the directives of a University Official. The scheduled hearing may proceed without the student being present.
3. Prior to any scheduled formal hearing, the following will occur unless all parties wish to proceed more quickly:
 - a. The Director of Community Standards or designee will issue a written notice and a list of witnesses who will be called by the University.
 - b. The parties will deliver to the Director of Community Standards or designee a written list of any additional witnesses they request to call at the hearing at least one business day prior to the hearing.
 - c. The parties will deliver to the Director of Community Standards or designee all physical evidence the student intends to use or needs to have present at the hearing at least one business day prior to the hearing.
 - d. The reporting party and the responding party will notify the Director of Community Standards or designee of the name of any advocate/advisor who may be accompanying the parties at the hearing (limited to one individual). See Section **K. Role of an Advisor/Advocate**.
4. The Director of Community Standards or designee will ensure that the hearing information and any other written documentation available at the time should be shared with the parties prior to the formal hearing. In addition, the parties will be provided with the names of all the panelists in advance of the hearing. Should any party object to any panelist, that party must raise all objections, in writing, to the Director of Community Standards or designee immediately upon notification of the panelists. Hearing panel members will only be unseated if the Director of Community Standards or designee concludes that their bias precludes an impartial hearing of the allegation. Additionally, any panelist who feels they cannot make an objective determination must recuse themselves from the proceedings.

J. Panel Hearing Procedures

The Director of Community Standards or designee will be present at the hearing and will ensure that the panel follows the procedures outlined in the *Code of Student Conduct*. The parties have the right to be present at the hearing; however, they do not have the right to be present during deliberations. If a student cannot attend the hearing, it is that student's responsibility to notify the Director of Community Standards or designee in writing at least three (3) business days prior to the hearing or by the date provided in the hearing notice. Except in cases of grave or unforeseen circumstances, if the responding party fails to give notice, or if the responding party fails to appear, the hearing will proceed as scheduled. If the reporting party fails to appear, the allegation may be dropped unless the University chooses to pursue the allegation on its own behalf, as determined by the Director of Community Standards or designee.

Panel hearings will follow these guidelines:

1. Hearings will be closed to the public.
2. Admission to the hearing of persons other than the parties involved will be at the discretion of the Director of Community Standards or designee.
3. In hearings involving more than one responding party, the standard procedure will be to hear the allegations jointly; however, the Director of Community Standards or designee may permit the hearing pertinent to each responding party to be conducted separately. In joint hearings, separate determinations of responsibility will be made for each responding party.
4. The parties have the right to an advocate/advisor (unrelated to the case or incident) of their own choosing as stated in section **K. Role of an Advisor and/or Advocate**. Any party/organization who elects to be accompanied by an advocate/advisor must notify the Director of Community Standards or designee by the date provided in the notice with details about the advocate/advisor they have chosen.
5. Unduly repetitive witnesses can be limited at the discretion of the Director of Community Standards or designee.
6. Pertinent records, exhibits, and written statements may be accepted as information for consideration by the panel. Formal rules of evidence are not observed. The Director of Community Standards or designee may accept written affidavits of character or from any witness who cannot be present.
7. All procedural questions are subject to the final decision of the Director of Community Standards or designee, in consultation with the panel.
8. After a hearing panel, the panel will deliberate and determine, by majority vote, whether it is more likely than not that the responding party has violated the *Code of Student Conduct*. The Director of Community Standards or designee will be present and available as a resource during all deliberations but will not vote. Once a finding is determined, if the finding is that of a policy violation, the panel will determine an appropriate sanction(s). The Director of Community Standards or designee is responsible for informing the panel of applicable precedent and any previous conduct violations or other relevant pattern information about the responding party. The Director of Community Standards will keep a record detailing the panel's recommended findings and sanctions.
9. The Director of Community Standards informs the responding party and reporting party (if applicable by law or University policy) of the final determination within ten (10) business days of the hearing barring extenuating circumstances. Notification will be made in writing and may be delivered by one or more of the following methods: in person by the Director of Community Standards or designee, mailed to the local or permanent address of the student as indicated in official University records, or emailed to the student's University issued email account. Once mailed, emailed, and/or received in-person, such notice will be presumptively delivered. In crimes of violence cases, notice of the outcome will be delivered to all parties simultaneously, meaning without substantial delay between the notifications to each when appropriate under procedure or law.
10. There will be a single verbatim record, such as an audio recording, for all hearing panels. Deliberations will not be recorded. The record is the property of the University and maintained according to the University's record retention policy. Hearings are recorded for purposes of review in the event of an appeal. The parties (upon a written request) and appropriate administrative officers of the University will be allowed to listen to the recording in a location determined by the Director of Community Standards or designee. The parties must confirm that they will protect the privacy of the information contained in the recording.
11. If a responding party fails to attend a scheduled hearing, the hearing will be held in the student's absence and the student will be assumed to have entered a claim of Not Responsible to each allegation forfeiting their ability to present information on their behalf. The Director of Community Standards or designee will then investigate to determine why the student did not attend the hearing. If it is determined that the absence is inexcusable, the decision of the hearing will stand. Otherwise, the Director of Community Standards or designee may grant a new hearing.

12. Except in the case of a responding party failing to obey the summons, no student may be found to have violated the *Code of Student Conduct* solely because the student failed to appear before the student conduct body/officer. In all cases, the information in support of the allegations will be presented and considered.

13. In some instances, a hearing panel may recommend sanctions without details on how the sanctions will be developed and supervised. In those instances, the sanction may be developed by the Director of Community Standards or designee, and they will report back to the hearing panel/officer to ensure consistency.

14. The following terms will apply to all suspensions and expulsions, unless otherwise noted by the Vice President of Student Affairs or designee. The individual/organization is restricted from all University grounds, facilities, classes, and University sponsored activities on or off campus for the duration of suspension or indefinitely if expelled.

K. Role of Advisor and/or Advocate

The advisory role is described in detail below and limited to one individual:

1. The parties have the right to an advisor/advocate (unrelated to the case or incident) of their own choosing to guide and accompany them throughout the campus hearing process. Typically, an advisor/advocate are members of the campus community, but the parties may select a friend, mentor, family member, faculty/staff, or any other supporter a party chooses to advise them. Advisors/advocates should help their advisee prepare, and are expected to advise ethically, with integrity and in good faith.

2. For any offense that could likely result in separation from Marist University, attorneys are permitted to accompany students through the hearing process as an advisor/advocate. The University cannot guarantee equal advisory rights, meaning that if one party selects an advisor/advocate who is an attorney, but the other party does not, or cannot afford an attorney, the University is not obligated to provide one. Furthermore, if a student selects an attorney as their advisor/advocate the student is responsible for the cost associated.

3. All advisors/advocates are subject to the same University rules, whether they are an attorney or not.

Advisors/Advocates may not address University officials unless invited to or a sidebar is requested.

Advisors/Advocates may confer quietly with their advisee as necessary, as long as they do not disrupt the process. For longer or more involved discussions, the parties and their advisors/advocates should ask for breaks or step out to allow for private conversation. Advisors/Advocates are expected to refrain from interference with the University's process. Any advisor/advocate who steps out of their role in any hearing will be warned once and only once. If the advisor/advocate continues to disrupt or otherwise fails to respect the limits of their role, they will be asked to leave. Typically, if removed the process will continue without the advisor/advocate present.

4. The University expects that the parties will wish to share documentation related to the allegations with their advisor/advocate. The University provides a consent form that authorizes such sharing. The parties must complete this form before the University is able to share records with an advisor/advocate. Advisors/Advocates are expected to maintain the privacy of the records shared with them. These records may not be shared with third parties, disclosed publicly, or used for purposes not explicitly authorized by the University. The University may seek to restrict the role of any advisor/advocate who does not respect the sensitive nature of the process or who fails to abide by the University's privacy expectations.

5. The University expects an advisor/advocate to adjust their schedule to allow them to attend a scheduled hearing. The University does not typically change a scheduled hearing to accommodate an advisor/advocate's inability to attend.

6. An individual serving as an advisor/advocate may not serve as a witness.

L. Resolution of Academic Integrity Allegations

A. When an instructor alleges a violation of the Standards of Academic Integrity, the following process applies:

1. The instructor notifies the School Dean.

2. The instructor attempts to contact the student to inform the student of the alleged violation(s).

3. The responding student is provided with an informal opportunity to address the allegations and to sign the Referral/Summary Adjudication form indicating they either accept or deny responsibility for the violation(s). An email sent over Marist email can be used by the student to substitute the student's signature in the Referral/Summary Adjudication form.
 4. The instructor then signs and submits the Referral/Summary Adjudication form to the Office of Community Standards. This documentation becomes part of the student's conduct file and is used by the Office of Community Standards to track incidents of academic dishonesty, including repeat offenses by students.
 - a. If the responding student accepts responsibility for the alleged violation, the student will receive an academic sanction determined by the instructor of record, which may include a failing grade in the course. The Office of Community Standards may assign the student an educational sanction upon receiving the Referral/Summary Adjudication form from the instructor.
 - b. If the responding student accepts responsibility for the alleged violation but not the academic sanction (ex. failing grade), the student may appeal the failing grade through the grade appeal policy. The Office of Community Standards may assign the student an educational sanction irrespective of the outcome of the grade appeal.
 - c. If the instructor reports the incident as severe, or if the student denies responsibility, the Office of Community Standards will initiate a hearing with an Academic Integrity Panel.
 - d. If the Office of Community Standards determines the case is a repeat offense, it will notify the instructor and student and initiate a hearing with an Academic Integrity Panel.
 5. The Office of Community Standards' disciplinary records policy describes how student conduct records are shared and retained.
- B. When information concerning an alleged violation of the Standards of Academic Integrity is received by the Office of Community Standards from other than instructional sources (such as other students, proctor, Campus Safety, etc.) the Office of Community Standards shall inform the impacted instructor and/or Dean of the School.
1. In cases where it is not clear initially whether the reported action is best pursued through academic action or disciplinary action procedures, the Office of Community Standards will, in consultation with the instructor and/or Dean of the School, decide which procedure to employ in pursuing the case.
 2. In the case of severe violations of the Standards of Academic Integrity, the Office of Community Standards shall initiate the hearing process based on information contained in University records upon recommendation from the instructor and/or Dean of the School.
 3. In the case of multiple violations of the Standards of Academic Integrity, the Office of Community Standards shall initiate the hearing process based on information contained in University records.
- C. When a hearing is initiated, the Academic Integrity Panel (AIP) is the hearing panel trained to review alleged violation(s) of the Standards of Academic Integrity and recommend a finding and sanction(s). The AIP is coordinated by the Office of Community Standards to resolve cases of alleged violations of the Standards of Academic Integrity.
1. The Director of Community Standards or designee serves as advisor to the AIP to coordinate the hearing process and to assist the panel in providing fair and impartial hearings for students accused of academic dishonesty.
 2. When possible, the AIP will consist of three faculty members, preferably from different schools. When three faculty members are unavailable, the AIP will consist of two faculty members and one staff member.
- D. Once a hearing is initiated, the responding party and instructor will receive a Notice of Hearing as described in the Panel Hearing Procedures of the *Code of Student Conduct*.
- E. The responding party will be provided with information (available at the time) presented in support of the alleged allegation during a meeting with the instructor or prior to the AIP.

F. The three-member AIP will hear the case and make a determination of whether there is a preponderance of evidence to find the student responsible for violating the Standards of Academic Integrity. In addition to the responding party, the instructor and witnesses may be contacted to provide testimony. When necessary, the responding party, instructor, and/or witnesses may provide testimony through video conference/telepresence in a remote location.

G. If the AIP's finding is "responsible" (i.e., the student is responsible for violating the Standards of Academic Integrity) the committee will assign a disciplinary sanction(s), which may include suspension or expulsion as stated in the *Code of Student Conduct*.

H. The Office of Community Standards will review the AIP's findings and sanctions and send a written Notice of Outcome to the student and instructor of record (once the appeal process has been finalized).

Withdrawal from a Course or the University

Once a student has been accused of an academic integrity violation, an investigation and resolution with the faculty member and/or hearing process will be conducted.

A. If the student has received a failing grade in the course as a result of the violation, they are not permitted to withdraw from the course until an investigation and/or hearing process is complete and the case has been closed.

B. If the student did not receive a failing grade in the course as a result of the violation, they will be permitted to withdraw from the course, but the investigation and/or hearing will proceed in the normal manner.

C. If as a result of the investigation and/or hearing process the student is found responsible, the violation will remain in the student's record with the Office of Community Standards. However, if the student is found not responsible this decision will be noted in the student's record.

D. If the student desires to withdraw from the University, the process shall be initiated in the normal manner. The Office of Community Standards shall appropriately notify the student, instructor, and the Registrar of the final outcome.

Retaliation

Marist University expressly prohibits retaliation against any person who has reported academic misconduct, has participated in any way in the conduct of a case of academic misconduct, or has been involved in the imposition of a sanction for academic misconduct. Any person who violates this policy will be subject to disciplinary action.

M. Academic Integrity and Conduct Sanctions

One or more of the following sanctions may be imposed upon any student for any single violation of the *Code of Student Conduct*, including but not limited to:

1. Written Warning: A Written Warning is an official educational warning. Please use this as an opportunity to refer to the [Code of Conduct](#) to familiarize yourself with policies and procedures. Should you be referred for additional disciplinary action more serious sanctions will be assigned. A Written Warning is educational and is not reported on external background checks unless requested by the student.

2. Probation: A notice to the student that their actions are of a serious nature within the University community. Probation will be for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to be in violation of any University policies during the probationary period. For resident students, any violation committed during the probationary period will result in a review of the student's housing assignment. This sanction may result in the loss of up to two (2) priority points.

3. Disciplinary Probation: A notice to the student that their actions are unacceptable within the University community. This sanction will be primarily used in cases of serious or consistent policy violations. Disciplinary Probation will be for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to be in violation of any University policies during the probationary period.

Any violation committed during the probationary period will result in a review of the student's status at Marist. This sanction may result in the loss of up to three (3) priority points.

4. Deferred Suspension from the Residence Hall: A definite period of observation and review. If a student is again found responsible for any further University policy violations including failure to complete previously imposed sanctions or adhere to previously imposed conditions, restriction from University operated housing and housing grounds may be immediately imposed. This sanction may result in the loss of up to four (4) priority points. Any student on Deferred Suspension from the Residence Hall may have their status reviewed and may not be allowed to participate in the housing room selection process and therefore not be eligible for University housing.

5. Residence Hall Suspension: Separation from the residence facility for a period of time. The student may return to on campus housing after all disciplinary and educational sanctions have been met pending housing availability. While suspended, students may not visit or be present in or around the residence areas. Furthermore, students dismissed from the residence facility for disciplinary reasons will not be entitled to any refund of residence fees. This sanction is final pending appeal.

6. Residence Hall Expulsion: Permanent removal of the student from the residence facility. In addition, this sanction results in a permanent ban from all residence facilities and being present in or around the residence areas. If a student is permanently banned from the residence halls, they may not enter as a guest or visitor of another student. If found to be in or around the residence hall facilities more severe disciplinary sanctions, such as suspension from the University, may occur. Furthermore, students dismissed from the residence facility for disciplinary reasons will not be entitled to any refund of residence fees. This sanction is final pending appeal.

7. Deferred Suspension from the University: A definite period of observation and review. If a student is again found responsible for any further University policy violations, including failure to complete previously imposed sanctions or adhere to previously imposed conditions, the student may automatically be recommended for suspension for a specified minimum period of time (e.g. one semester). This sanction may result in the loss of up to six (6) priority points.

8. Suspension: Separation from the University for a specified minimum period of time, after which the student is eligible to return. Eligibility may be contingent upon satisfaction of specific conditions noted at the time of suspension, including sanctions. The student is required to vacate the campus within 24 hours of notification of the action, though this deadline may be extended upon application to, and at the discretion of, the Director of Community Standards or hearing panel. During the suspension period, the student is banned from University property and the student's presence at any University sponsored activity or event is prohibited. This sanction may be enforced with a trespass action as necessary. Students who are suspended for disciplinary reasons are not entitled to any refund of tuition or residence fees. For cases that are referred to a hearing panel that result in suspension, the sanction is final pending appeal.

9. Expulsion: A permanent separation of the student from the University. The student is banned from University property and the student's presence at any University sponsored activity or event is prohibited. This sanction may be enforced with a trespass action as necessary. Students that are expelled for disciplinary reasons are not entitled to any refund of tuition or residence fees. For cases that are referred to a hearing that result in expulsion the sanction is final pending appeal.

10. Loss of Privileges: Denial of specified privileges for a designated period of time. These include, but are not limited to:

- a. A restriction from hosting a visitor and/or guest.
- b. A restriction from being a visitor in or entering a specified Residence Facility.
- c. Restriction from University sponsored extracurricular activities both on and off campus (including Senior Week and Commencement).
- d. Other restrictions, as approved by the hearing panel/officer.

11. Substance Education Program: A workshop, in person or online, addressing substance abuse education issues. Referral to an off-campus education diversion program may also be recommended.

12. Restitution/Monetary Fines: Compensation for loss, damage or injury. This may take the form of appropriate community service and/or monetary or material replacement. The University generally does not impose fines for violations of the *Code of Student Conduct*. However, fines will be imposed for violations that impact the health and/or safety of members of the Marist Community, labor costs and expenses, and damage to property. Please refer to the Alcohol Policy, Windows/Doors/Walls Policy and the Safety Regulations Policy for specific information.

13. Behavioral Requirement: This includes required activities including, but not limited to, seeking academic counseling or substance abuse screening, writing a letter of apology, etc.

14. Mandated Room Reassignment: A notice that the behavior merits the immediate relocation of the student to another campus residence. This decision will be made in conjunction with the Office of Residence Life.

15. Mandated Counseling Assessment and Compliance: The student must attend an assessment and/or session in Counseling Services or an off-campus licensed facility by a specific date. Unless otherwise stated by the student conduct body, the student is required to follow all recommendations made by Counseling Services or off-campus licensed facility as a result of the assessment.

16. Discretionary Sanctions: Work assignments, community services, and other related sanctions that meet with the approval of the Director of Community Standards or designee. Other sanctions include but are not limited to:

- a. Letters of apology/thank you
- b. Essay or research paper on assigned topics
- c. Disqualification from future housing selection process
- d. Program presentations.

17. Other Sanctions: Additional or alternate sanctions may be created and designed as deemed appropriate to the offense with the approval of the Director of Community Standards or designee.

18. Withholding Diploma, Degree, or Transcript: The University may withhold a student's degree, paper diploma, and/or final transcript for a specified period of time, and/or deny a student participation in commencement activities, if the student has a case pending, or as a sanction if the student is found responsible for an alleged violation.

19. Revocation of Degree: The University reserves the right to revoke a degree awarded from the University for fraud, misrepresentation, or other violation of University policies, procedures, or directives in obtaining the degree, or for other serious violations committed by a student prior to graduation.

20. Organizations: The following sanctions may be imposed upon groups or Student Organization(s) found to have violated the *Code of Student Conduct*:

- a. One or more of those sanctions listed above
- b. Social Probation
- c. Suspension or Expulsion of Student Organization includes temporary or permanent loss of recognized status with the University
- d. Additional sanctions specific to Student Organizations which may be found in the organization's constitution, Greek Affairs, the Office of Student Activities policies, and/or national affiliate, if applicable.

21. Academic Integrity: The following sanctions for a violation of the Academic Integrity Policy may be imposed by the instructor including, but are not limited to, the following actions for a first-time offense:

- a. Zero for assignment
- b. Failing grade for the assignment
- c. Failing grade for the class/course
- d. Rewrite the assignment

- e. Additional assignment
- f. Letter grade reduction
- g. Academic integrity module
- h. Other sanctions deemed appropriate by the instructor of record

If a case is referred to the Academic Integrity Panel (AIP), disciplinary sanction(s) stated in the *Code of Student Conduct* may be considered by the panel including expulsion from the University.

22. Priority Point Loss: Any student on Deferred Residence Hall Suspension (or higher) and/or those that have lost six (6) priority points or more during the academic year (probation, disciplinary probation, etc.) their status may be reviewed. Upon review, it may be determined that a student may not be allowed to participate in the housing room selection process and/or eligible for residential living. Incidents that occur during the spring semester could impact a student's eligibility to participate in the room selection process for the fall semester.

N. Parental Notification

The University reserves the right to notify the parents/guardians of dependent students regarding any conduct situation, particularly alcohol and other drug violations. Typically, the University will notify parents/guardians of conduct situations that result in disciplinary probation or higher with a letter home. Parental notification is used discretionarily by the conduct officer and may be permitted with FERPA or consent of the student.

O. Notification of Outcomes

The outcomes of a campus hearings are part of the education record of the responding party and are protected from release under the Family Educational Rights and Privacy Act (FERPA), except under certain conditions. As allowed by FERPA, when a student is accused of a policy violation that would constitute a "crime of violence" or forcible or non-forcible sex offense, the University will inform the alleged victim/reporting party in writing of the final results of a hearing regardless of whether the University concludes that a violation was committed. Such release of information may only include the alleged student's/responding party's name, the violation committed, and the findings and sanction assigned, if applicable.

In cases where the University determines that a student violated a policy that would constitute a "crime of violence" or non-forcible sex offense, the University may also release the above information publicly and/or to any third party.

FERPA defines "crimes of violence" to include:

1. Arson
2. Assault offenses (aggravated assault, simple assault, and intimidation)
3. Burglary
4. Criminal Homicide – manslaughter by negligence
5. Criminal Homicide – murder and non-negligent manslaughter
6. Destruction/damage/vandalism of property
7. Kidnapping/abduction
8. Robbery
9. Stalking
10. Domestic Violence
11. Dating Violence
12. Forcible sex offences (rape, sodomy, sexual assault with an object, and forcible fondling)
13. Non-forcible sex offences

P. Failure to Complete Conduct Sanctions

All students, as members of the University community, are expected to comply with conduct sanctions within the timeframe specified by the Director of Community Standards or designee. Failure to follow through on conduct sanctions by the date specified, whether by refusal, neglect, or any other reasons, may result in additional sanctions, a hold, and/or suspension from the University. In such situations, resident students will be

required to vacate University housing within 24 hours of notification by the Director of Community Standards, though this deadline may be extended upon application to, and at the discretion of the Director of Community Standards or designee. A suspension will only be lifted when compliance with conduct sanctions is satisfactorily achieved. This determination will be made by the Director of Community Standards or designee.

Q. Appeal Procedures

A party may request an appeal of the decision by a hearing panel/officer. A student must file a written request to the Director of Community Standards, subject to the procedures outlined below. All sanctions imposed by the original hearing panel/officer remain in effect, and all parties should be timely informed of the requests for an appeal, the status of the appeal consideration, and the results of the appeal decision.

If the student is found responsible or accepted responsibility during the formal academic integrity hearing process, the student may not appeal a grade through the Grade Appeals process.

R. Appeals and Ground for Appeal Requests

The reporting party and/or responding party may appeal only the parts of the determination of responsibility or sanctions directly relating to them. Dissatisfaction with the outcome of the hearing is not grounds for appeal. The appeal will consist of a plain, concise, and complete written statement outlining the grounds for the appeal. In cases involving academic integrity, a responding party has the right to appeal the disciplinary sanction or sanctions of the AIP. ***An appeal must be submitted within five (5) business days of the panel's written outcome being delivered.*** Appeals requests are limited to the following grounds:

1. Irregularities in fairness and stated procedures of the hearing that could have significantly impacted the outcome of the hearing.
2. Discovery of new and significant information that could have affected the outcome of the original hearing or investigation. The information was not known or could not reasonably have been discovered and/or presented at the time of the initial hearing and could substantially impact the original finding or sanction. Failure to provide information during or participate in an investigation or a hearing, even resulting from concern over pending criminal or civil proceedings, does not make evidence "unavailable" at the time of the hearing. A summary of this new evidence and its potential impact must be included.
3. The sanctions imposed are substantially outside the parameters or guidelines set by the University for this type of offense or the cumulative conduct record of the responding party.

Appeals of decisions will be reviewed in the following manner:

1. All appeals will be screened by the Director of Community Standards or designee, when appropriate, to ensure they meet the criteria established above for filing an appeal. If the appeal does not meet one of the three criteria it will be denied by the Director of Community Standards or designee.
2. The Director of Community Standards or designee will share the appeal by one party with the other party (parties) when appropriate or applicable under procedures or law (e.g. if the responding party appeals, the appeal is shared with the reporting party, who may also wish to file a response, request an appeal on the same grounds or different grounds). The Director of Community Standards will refer the request(s) to the designated appeal body. If the appeal is not timely or substantively eligible, the original finding and sanction will stand, and the decision is final.
3. The appeal body may consult with the Director of Community Standards or designee on any procedural or substantive questions that arise.
4. If the appeal has standing, the case should be referred to the appropriate Appeals Panel/Officer, typically within 3-5 business days.
 - a. Cases involving suspension and/or expulsion are appealed to the Vice President of Student Affairs or designee. In cases of Academic Integrity that result in suspension or expulsion the Vice President of Student Affairs or designee, may consult with the Provost.

b. Cases not involving suspension or expulsion from the institution are appealed to a University or Academic Appeals Panel/Officer. Efforts should be made to return the appeal to the original decision maker for reconsideration (remand) whenever possible, with clear instructions for reconsideration only in light of the granted appeal grounds. Where the original decision-maker(s) may be unduly biased by a procedural or substantive error, new panelists will be constituted for the appeal to reconsider the matter.

5. On reconsideration, the appeal panel or original decision-maker(s) may affirm or change the findings and/or sanctions according to the permissible grounds. Procedural errors should be corrected, new evidence should be considered, and sanctions should be proportionate to the severity of the violation and the student's cumulative conduct record. If the appeal is based on procedures not having been followed, the appeal panel can ask that a new hearing occur before a newly constituted hearing panel. In the case of new and relevant information, the appeal panel will determine if the matter should be returned to the original decision-maker(s) for reconsideration after considering the new facts or if it should be reviewed by the appeal panel with instruction on the parameters regarding institutional consistency and any applicable legal guidelines. In review, the original findings and sanction(s) are presumed to have been decided reasonably and appropriately, thus the burden is on the appealing party(ies) to show clear error. The appeal panel must limit its review to the challenges presented.

6. Typically, all decisions of the appeal panel are to be made within ten (10) business days of submission of all appeal documents by the parties, but the time may be longer or shorter as are any decisions made by the original hearing panel, Director of Community Standards, or designee. Appeal decisions are final.

7. If the final determination from the Appeals Officer or Panel differs from the Notice of Outcome, then the written decision will include a rationale.

8. In cases of Academic Integrity after the final determination, the instructor of record is notified. They will assign the student a final grade (which may include a failing course grade) and process the appropriate grade change with the Registrar's office.

Note: The Academic Integrity Panel process is separate from the Grade Appeals process, which is managed by Academic Affairs.

S. Appeal Decisions

The conduct body reviewing the appeal University or Academic Appeals Panel/Officer or Vice President of Student Affairs or designee, after reviewing all available information, may elect to:

1. Affirm the findings and sanctions originally determined.
2. Affirm the findings and modify the sanction. In cases where the responding party is the appealing party, the sanction may be reduced or increased by the appeal panel/officer reviewing the appeal.
3. Reopen the investigation and/or remand the case to the original hearing panel/officer for a new hearing, except in cases where the reporting party is the appealing party.
4. Dismiss the case, except in cases where the reporting party is the appealing party.

The presumptive stance of the University is that all decisions made, and sanctions imposed by the original decision-maker(s) are to be implemented during the appellate process. At the discretion of the Director of Community Standards or designee, implementation of sanctions may be stayed pending review only in extremely exigent circumstances. This does not include proximity to graduation, end of term, or exams. Instead, it refers to an overwhelming likelihood, as determined by the Director of Community Standards or designee, in consultation, that the appeal would result in a reversal of the findings and/or substantial modification of the sanctions.

If it is determined that the student did not violate the Academic Integrity policy the case will be closed, and the sanction is lifted. The University's Grade Appeals policy would remain in place.

T. Other Guidelines for Appeals

1. All parties will be timely informed of the status of requests for appeal, the status of the appeal consideration, and the results of the appeal decision; barring exigent circumstances.

2. Appeals are not intended to be full re-hearings of the allegation (de novo). In most cases, appeals are confined to a review of the written documentation or record of the original hearing, and pertinent documentation regarding the ground for appeal; witnesses may be called if necessary.
3. Sanctions should only be increased or reduced if found to be grossly disproportionate to the gravity of the offense, precedent for similar offenses and/or the responding party's prior disciplinary record.
4. Cases should be remanded to the original hearing panel/officer if specified procedural errors were so substantial as to effectively deny the responding party a fair hearing.
5. Cases should be dismissed only if the finding of the hearing panel/officer is held to be arbitrary and capricious.

Appeals are not an opportunity for appeals officer/panelists to substitute their judgment for that of the original decision-maker(s) merely because they disagree with the finding and/or sanctions. Appeal decisions are to be deferential to the original decision-maker(s), making changes to the finding only where there is clear error, and to the sanction only if there is a compelling justification to do so.

U. Disciplinary Records

- A. The Office of Community Standards will maintain disciplinary records and a disciplinary tracking system, which will include, but not be limited to, the responding party's name and related information, description of the incident, parties involved, *Code* violations, sanctions, and other data deemed relevant by the Office of Community Standards. Such information will be maintained in accordance with the provisions of the Family Educational Rights and Privacy Act (FERPA). Disciplinary records will be made available to conduct bodies and University officials designated in the *Code of Student Conduct* as necessary.
- B. Students may arrange to review their own conduct records by contacting the Office of Community Standards. Except as provided in the *Code of Student Conduct* and by University policy regarding parental notification or pursuant to a lawfully issued subpoena, the University will not communicate a student's conduct record and related information to any person or agency without the prior consent of the student or an exception under applicable law.
- C. All conduct records are maintained by the University for seven (7) years from the time of their creation except those that result in separation (suspension or expulsion from the University) and those that fall under Title IX, which are maintained in accordance with the Discrimination, Harassment, and Sexual Misconduct Policy and Procedures.
- D. For crimes of violence defined as crimes that meet the reporting requirements pursuant to the federal Clery Act, Marist University shall make a notation on the transcript of students found responsible after a conduct process that they were "suspended after a finding of responsibility for a code of conduct violation" or "expelled after a finding of responsibility for a code of conduct violation." For any Respondent who withdraws from the institution while such conduct charges are pending, and declines to complete the disciplinary process, Marist University will make a notation on the transcript that they "withdrew with conduct charges pending." Transcript notation guidelines are in place regardless of where or when the incident occurred. Marist University permits a student seeking removal of a notation for a suspension to petition the Dean of Students or designee in writing for such removal, provided that such notation will not be removed prior to one year after conclusion of the suspension. A petition can be sent via email to communitystandards@marist.edu. Notations for expulsion will not be removed. If a finding of responsibility is vacated for any reason, any such transcript notation will be removed.

V. Approval and Implementation

This *Code of Student Conduct* was approved on August 1, 2025, and implemented on August 1, 2025. *The University Code of Student Conduct is adapted from the NCHERM Group Model Development Code of Student Conduct and is used here with permission.*

PROCEDURES FOR VIOLATIONS OCCURRING DURING FINALS WEEK IN THE FALL OR SPRING SEMESTER OR DURING WINTER AND SUMMER SESSIONS

During finals week and the period between full academic semesters, all University discipline may be handled as established below:

- A. All reports will be reviewed by the Director of Community Standards or designee who will determine whether or not disciplinary charges are warranted.
- B. If the incident under review occurred during the semester but was unable to be handled prior to break or end of the semester closing, the Director of Community Standards or designee will review the allegation and determine what policies have been violated and what sanctions are merited. Notification of the decision will then be sent to the student's Marist email address. A letter may also be sent by the University to the student's permanent address, unless it is known by the University that the student is residing at another location. The responding party will have the option to accept the decision, or to file notice with the Office of Community Standards within thirty (30) calendar days of the date of the letter and request a conference/hearing for the alleged violations. Should the responding party accept or fail to respond in thirty (30) days to the findings of the Director of Community Standards, they will be expected to comply with the sanctions with no right to request a conduct conference, hearing, or appeal.
- C. In the event where the Conduct Officer believes that suspension or expulsion could be an outcome, a Conduct Conference and/or Hearing will be convened at the earliest possible time, at the discretion of the Director of Community Standards or designee. Should it not be possible to resolve the case during the break, a conference or hearing will be held at the beginning of the semester.
- D. If the student is known to be attending Marist during the summer sessions when an incident occurs, the case may be handled under the guidelines that apply during the regular academic year, and the Conduct Officer will hear the case. Any appeal of a decision made at this level that does not include suspension or expulsion will be heard at the earliest possible time but may be heard at the beginning of the semester.
- E. In the event of an extended University closure, the procedures established above may be followed.

OFF CAMPUS STUDENT INFORMATION

Marist students/organizations are expected to respect and abide by local ordinances and state and federal statutes both on and off campus. As members of the academic community, students are held accountable to the University's *Code of Student Conduct* that clarifies those behavioral standards considered essential to the fulfillment of the University's philosophy, mission, and goals.

The Office of Community Standards will determine when the University will take action for allegations of off campus misconduct that also violate University policies and/or federal, state, or local laws/ordinances.

Students living off campus should review the University's *Code of Student Conduct* and familiarize themselves with campus policies, procedures, and sanctions.

GOOD NEIGHBOR POLICY

One of the most important things you must do while you are getting settled into your apartment/house off campus is to meet the neighbors. A relationship that starts off on the right foot is more likely to have open communication throughout your time off campus. It is recommended that you exchange phone numbers with your neighbors. Having done this, you are more likely to get a call from them than a visit from the police. When you are away from your apartment/house for winter and spring breaks, your neighbors will be an asset in maintaining the security of your belongings if you have a positive relationship with them. Remember, your neighbors have been living in this community for many years and deserve your respect and cooperation as a Marist student.

TOWN & CITY OF POUGHKEEPSIE NOISE ORDINANCE

Between the hours of 10:00 PM and 7:00 AM the noise ordinance for the town and city are in effect, prohibiting "unreasonable noise." A violation may result from a noisy party or social gathering, screaming, loud music,

shouting, or taxi cabs honking their horns outside your residence. The Town of Poughkeepsie also has a Nuisance Party Ordinance found: <http://townpolice.net>. In the City, you will have to appear in court with possible fines of up to \$300 and jail time. In the Town, the first violation conviction will be punishable by a fine of not less than \$250 per resident with repeat violations not less than a \$1000 fine.

RESIDENT STUDENT HANDBOOK

RESIDENTIAL LIFE MISSION STATEMENT

Residence Life is an integral part of the total educational experience. The residential life program at Marist University is based upon the philosophy of providing students with a safe, healthy, and attractive living environment that supports and supplements the educational mission of the University. Marist University provides housing for over 3,450 undergraduate students in corridor, suite, apartment, and townhouse style residences. Marist recognizes that a student's developmental stage should be supported by their living environment. Therefore, first year students are housed in residence halls designed to promote social interaction and are staffed by student and professional staff trained to work with first year students and their specific adjustments. As students move from their first year to senior year, they are housed in more independent living environments (suite style, apartments, and townhouses) which helps to prepare them for their eventual move out into the world following graduation. Along the way they acquire certain freedoms and responsibilities that will help them develop into mature and responsible citizens. When a student elects to reside in University housing, they become part of a larger community and are responsible for adhering to the norms and standards of that community.

STAFF IN RESIDENCE

Every residence hall on campus is supported by a highly trained staff who are qualified and excited to make each student's living experience at Marist the best it can be. More information about the staff can be found by visiting <https://www.marist.edu/student-life/campus/housing/staff>.

Resident Director (RD) – a full-time professional staff member who has administrative responsibility for the individual residence area and its residents. The responsibilities of the RD include supervision of the Resident Assistants (RA), promoting a safe and productive academic atmosphere in the residence area, and managing disciplinary cases within a value-based community. The RD is assisted in this responsibility by the Assistant Resident Director (ARD), RA staff, as well as residents of the facility.

Assistant Resident Director (ARD) and Resident Assistants (RA) – are upper-class students living in residence areas. Their responsibilities include:

1. Counseling students on academic, personal, or social matters.
2. Area programming.
3. Supporting responsible hall governance.
4. Fostering an atmosphere conducive to study and orderly behavior.
5. Referring students to appropriate student services on campus.
6. Supervising and enforcing administrative policies and regulations.
7. Reporting maintenance concerns.

The Residence Life Staff operates with delegated authority from the Vice President of Student Affairs in the above areas. Therefore, refusal to comply with the direction of an RD, ARD, RA, or Campus Safety Officer is considered a serious matter and a violation of the *Code of Student Conduct*.

First Year Coordinators – are full-time professionals who reside in first year residential facilities to assist students by addressing social, cognitive, and emotional challenges they may encounter.

Residence Hall Council – consists of elected residents of the area, an RA, and the RD. Responsibilities of Resident Hall Council are:

1. Provide programs that foster community in the building.
2. Communicate student issues and concerns to the Residence Hall Association (RHA).

RESIDENTIAL LIFE POLICIES, PROCEDURES AND EXPECTATIONS

Each resident is expected to act in a way that promotes an atmosphere of mutual respect and cooperation. The Residence Life Office is committed to providing an environment within the residence areas that encourages this

atmosphere by expecting students to live according to reasonable standards and adhere to specific norms of behavior.

The University reserves the right:

1. To accept or reject students for residency.
2. To approve, upon request of a resident student, relocation within our residence facilities.
3. To relocate resident students without consent for sufficient reason.
4. To have students in residence carry a minimum of 12 credits and be enrolled as a full-time undergraduate for the semester in which they are housed. All students living in residence must pay full-time student tuition. Any request for exceptions to this policy must be approved by the Office of Residence Life.
5. To refuse a student's request for housing because the student's room and/or apartment was left in poor condition at the end of the previous semester or year, because of disciplinary history, and/or failure to comply with resident exiting procedures.
6. Residential students with approved service animals or emotional support animals (ESA) must adhere to guidelines established by the Office of Accommodations and Accessibility ([Accommodations and Accessibility - Marist University](#)). Eligibility for approval of a Service Animal or ESA is based on the written approval by the Office of Accommodations & Accessibility. Failure to abide by these policies may result in disciplinary action. Outcomes may be addressed by the Office of Community Standards, Office of Residence Life, and Office of Accommodations and Accessibility.
7. The Office of Residence Life reserves the right to modify guest visitation and quiet hours in consultation with the Dean of Students. Advance notice will be given to buildings/residence areas affected.
8. To plan for the most efficient or effective use of the resident facilities which may entail a change in the following room reservation procedures:
 - A. Concerning the request, occupation and withdrawal from residency, the administration of the University has declared the following:
 1. New and returning students must pay a room request deposit fee.
 2. This deposit assures a student of an on-campus space only. Returning resident students who submit their Advance Room Deposit according to schedule are only ensured of the right to participate in the Residence Selection Process.
 3. Refund on Residence: Any student who withdraws from University housing but not from the University during the first week of a semester will be charged \$50 for the room and will forfeit the room reservation deposit. Should a student withdraw after the first week and before the beginning of the fourth week, a refund of one-half residence charge will be made. For any withdrawal from University housing after the beginning of the fourth week, no refund will be allowed. The dates and amounts of refunds posted in the Academic Calendar for tuition refunds apply to residence refunds as well.
 4. Students remaining in a build-up situation after the tuition refund date will be eligible for a room credit that will be applied to their student account. However, if a student declines a room build-up breakdown offer, then the credit will be forfeited.
 - B. Concerning the location and relocation of resident students, the administration of the University has declared the following:
 1. Residents are allowed to request their rooms and roommates under certain guidelines established by the Director of Residence Life or designee.
 2. The University reserves the right to relocate students. Relocation of a resident student, without their consent and unrelated to disciplinary action is sometimes necessary for the good of the community. Due to the inconvenience involved, the Director of Residence Life or designee will hold such relocations to a bare minimum.
 3. Room changes during the first semester are not permitted until the second week of classes for resident students. These changes and all subsequent changes must be approved by the Resident Director,

Assistant/Associate Director, and/or the Director of Residence Life. All unapproved room changes will result in disciplinary action and the directive of each student to return to their approved residence assignment.

4. Students are strongly encouraged to work out roommate conflicts. Residence changes will only be granted in extenuating circumstances at the discretion of the Resident Director.

A. All residences must be kept clean, neat and orderly. Students are responsible for providing cleaning supplies and cleaning their own residence. Students living in suites and apartments are responsible for cleaning bathrooms, kitchens, and common areas. The University only provides toilet paper in community residence hall areas.

B. The University cannot assume responsibility for any loss or damage to personal property of a student. During summer vacations, no articles may be stored in student rooms. The University does not assume responsibility for articles stored elsewhere on campus. Students are encouraged to secure liability/theft insurance through their own family coverage and/or purchase supplemental insurance.

1. Any items confiscated by Residence Life may be subject to forfeiture and discarded upon confiscation.

C. When a student vacates their room, or withdraws from housing and/or the University, the apartment/room key must be turned into the Office of Residence Life prior to end of semester. For security reasons a vacating student will be charged for a new lock if all keys are not accounted for. Any unclaimed items may be donated to charity.

D. When a student is locked out of their room, the following procedures should be followed:

1. When a room lock-out occurs, it is the responsibility of the student to locate their roommate to gain access to the room or use other campus facilities until the roommate makes contact.

2. When school is in session, Sunday-Thursday, RD or RA staff will handle lock-outs from 7:00 pm until 12:00 am, lock-outs from 12:00 am until 7:00 pm will be handled by the Office of Campus Safety at 845-575-3333.

3. When school is in session, Friday and Saturday, RD or RA staff will handle lock-outs from 7:00 pm until 2:00 am, lock-outs from 2:00 am until 7:00 pm will be handled by the Office of Campus Safety at 845-575-3333.

4. During break periods, RD or RA staff will handle lock-outs from 7:00 pm until midnight. Lock-outs from midnight until 7:00 pm will be handled by the Office of Campus Safety.

5. Room lock-outs will be done at the availability of staff as identified above. It may not be possible for a lock-out to be done immediately.

RESIDENCE SELECTION PROCESS

Resident students at Marist University are placed in University housing through the University's Priority Point System. There are five categories where points may be earned. The categories are: Grade Point Average, Campus Involvement, Disciplinary History, Room Damages, and Condition of Room. Detailed information on the Priority Point System can be found at www.marist.edu/student-life/campus/housing/faqs/priority-points.

PRIORITY POINTS

The priority point system at Marist University assigns points to students based on their academic average, involvement with extracurricular activities, disciplinary history, and condition of their residence area. The system is used by the Office of Residence Life to place students in housing after their first year at Marist. Housing is only guaranteed to current resident students for their first year and sophomore years. Juniors and seniors are not guaranteed housing. Any student on Deferred Residence Hall Suspension or who has lost six (6) priority points or more in the category of Discipline, may not be allowed to participate in the housing room selection process and therefore are not eligible for University housing. More information on housing eligibility will be included when Room Selection Information is posted to MyHousing which is located at my.marist.edu. When students apply for housing, they can apply either as an individual or as a member of a group. All students, regardless of applying as an individual or as a member of a group, must complete a Room Selection Group Form. If warranted, individual priority points only determine if a student is eligible for housing for their junior

and senior year. All eligible students in a group of two or more will receive a group priority point average based upon the points earned by all group members. The group priority point average is the number used to determine placement throughout the entire process.

For students entering their junior year, priority points are accumulated from the spring semester of their first year and the fall semester of their sophomore year. For students entering their senior year, priority points are based on the spring semester of their sophomore year and the fall semester of their junior year. Priority points for upper-class students can be earned and lost from four (4) categories for a maximum total of 34 points. Priority points for first year students can be earned and lost from four (4) categories for a maximum total of 26 points (first year students can only earn a maximum of 4 points for Campus Involvement and Room Condition as it only reflects one semester, the fall semester).

The GPA category is based on the cumulative GPA for the immediate previous spring and fall semesters within the same calendar year. For example, for the fall 2026 housing assignment process, the previous spring 2026 and fall 2025 semester grades will be calculated.

Problems with: GPA, Room Condition, Residence Hall Council, and Discipline; **See:** Resident Director for your area.

Problems with: Campus Involvement; **See:** Student Activities.

Priority Points are assigned in the following categories:

Average Spring and Fall Semester GPA	Points
*3.85 – 4.00	12
*3.60 – 3.84	11
*3.25 – 3.59	10
3.0 – 3.24	9
2.75 – 2.99	7
2.50 – 2.74	6
2.25 – 2.49	5
2.00 – 2.24	4
0.50 – 1.99	1
0.00 – 0.49	0

*Denotes Summa Cum Laude, Magna Cum Laude, and Cum Laude

Room Condition (0-8 per year, 0-4 per semester):

Points for Room Condition can be deducted for failure to follow proper residence hall check out procedures, room cleanliness, and fire safety violations. A maximum of 2 points can be deducted per semester for failure to check out properly.

Discipline History Points: 0-6

Campus Involvement Points: 0-8 per year from three (3) categories described below:

***Service: 0-4 per year (0-2 per semester).** 8 service hours for 1 point; 16 service hours for 2 points. For a list of organizations that offer community service opportunities contact: Residence Life at ext. 3307; Spiritual Life and Service at ext. 2275; and Office of Student Activities at ext. 3279.

***Leisure Activities and Fitness (includes intramurals): 0-4 per year (maximum 2 points per semester).**

***Clubs, organizations, and intercollegiate sports: 0-5 per year (maximum 3 points in primary semester with a maximum 2 points in another semester).** While a student can earn a number of points, only a maximum of 8 points can be used towards priority point total for Campus Involvement.

A new first year student can earn a maximum total of 26 priority points. A new student can only earn a maximum of 4 points in the category of Campus Involvement and Room Condition as the process uses the previous Fall and Spring semester and as new students, they can earn points in these two categories for Fall semester only.

Description of points that can be earned for Clubs/Organizations/Intercollegiate Sports:

1. A club/organization must complete minimum requirement of four (4) activities per semester to receive priority points.
2. Officers and varsity captains are eligible for maximum of 3 points during one semester (“in season”) and 2 points during the other semester (“off season”). Club members/athletes are eligible for maximum of 2 points per semester.

Objective Criteria for Clubs/Organizations:

To earn 1 point: Members must attend minimum of 50% of club/organization meetings for the semester and 50% of club/organization activities.

To earn 2 points: Members must attend minimum of 50% of club/organization meetings for the semester and 75% of club/organization activities PLUS the community service event.

To earn 3 points (officers only): Officers must attend 50% of club/organization meetings for the semester and 100% of club activities (which includes community service event).

If officers do not complete all the requirements to earn 3 points, they will be eligible to receive up to 2 points based on the criteria outlined above.

Other Information:

1. An incoming fall transfer student is awarded priority points as described above with the Campus Involvement points awarded for the fall semester. The points earned in each of the Campus Involvement categories (clubs, service, leisure activities/fitness) are then doubled, up to a maximum of 8 points. The double points may not exceed any maximums. For example, if a student earned 3 priority points for involvement in clubs/organizations/intercollegiate sports (single category) during a semester, the doubling of those points totals 5, not 6, as the maximum number of points allowed for that category is 5.
2. Room Condition points are awarded for both the fall and spring semesters with a maximum total of 4 points earned each semester. Students not residing on campus during either the fall or spring semester are awarded a maximum of 4 points for the semester not in residence.
3. A Spring semester transfer student will be assigned housing as per room selection guidelines.
4. FFE students (returning from the Florence, Italy campus) will receive 4 points per semester in the category of campus involvement.
5. A student involved in a study abroad program such as Marist International Programs will have their Campus Involvement priority points earned within each of the involvement categories (clubs/organizations/intercollegiate sports, service, leisure activities/fitness) during the semester prior to leaving or returning to campus doubled*. The doubled points may not exceed any maximums. For example, if a student earned 3 priority points for involvement in clubs/organizations/intercollegiate sports (single category) during a semester, the doubling of those points totals 5, not 6, as the maximum number of points allowed for that category is 5. *Doubling Points.

A “Priority Point Year” is defined as January through December of any given calendar year and those points are used for the upcoming Room Selection process. For example, during Room Selection Day in the spring semester, all continuing resident students earned their priority points from the year prior, January – December. If a student was abroad in the Spring semester (January – May), then their Campus Involvement priority points would be doubled based on their earnings after they returned from abroad during the period of August – December. If a student was abroad in the Fall semester (August – December), then their Campus Involvement priority points would be doubled based on their earnings prior to going abroad during the period of January – May.

HOUSING AVAILABILITY WHEN THE UNIVERSITY IS CLOSED DURING VACATION PERIODS

During periods when the University is closed and/or during longer break sessions from classes, all resident students are expected to vacate their residence for the length of the break. Breaks include Thanksgiving, Winter, Spring, and Summer. Dates and times of breaks will be posted on the Residence Life website. In addition, break information will be distributed to all students detailing break closing procedures. All students are expected to follow proper break checkout procedures. Students found in residence without permission will be asked to vacate the campus immediately and will be referred to the Office of Community Standards. All policies and procedures are in effect during breaks. No guests will be permitted in residence areas during these breaks, including other Marist students not approved to reside in housing. Students found in violation of these policies will be referred to the Office of Community Standards and may be removed from residence pending disciplinary action.

A. EARLY ARRIVAL REQUESTS

Students needing to return to campus prior to the official opening of the Fall or Spring semester must make this request, in writing by the deadline as stated in the written and/or electronic communication sent to all students by the Office of Residence Life or posted on their website. The University sets the early arrival date. Requests to arrive before that date will be denied. Students requesting to return early may be assessed an early arrival fee to be paid prior to arrival. Students in violation of University policies and the early arrival agreement form may be removed from housing pending disciplinary action.

B. REQUESTS TO STAY DURING BREAKS

During the University's breaks (Thanksgiving and Spring break), students may request to stay in residence. Unreasonable travel, employment, and internships are reasons that are commonly approved. Not all requests to stay during break periods will be granted. Requests must be submitted using the appropriate break housing request form. Break housing request forms are found on the Residence Life myMarist portal in advance of all breaks. Deadline for all break housing requests is traditionally the Friday preceding a break. Requests received after the deadline may be denied. Students requesting break housing for employment purposes must provide written documentation from their employer.

C. SENIOR WEEK HOUSING

Housing may be made available to residents after the official spring semester closing and prior to graduation for members of the Senior Class participating in senior week activities, students who have registered for summer housing, and student employees of the University. Students not participating in senior week must request to stay in residence by the posted deadline, by using the late departure request form found in the Residence Life section of myMarist. Students remaining for employment purposes must provide documentation to the Office of Residence Life by the posted deadline. Students may be asked to relocate from their academic year housing assignment to another area of campus during that week. Any policy violations may result in immediate removal from campus housing.

D. SUMMER HOUSING

Summer housing is available during the University's summer session. Priority for housing will be given to students registered with an in-person academic commitment, employment or internship, extenuating circumstances, and unable to travel home because of distance or prohibitive cost. Proof of on-campus course registration, including for credit internships, and employment will be required of all students prior to approval of campus housing. A weekly fee will be assessed for those requesting summer housing. During the summer session, all University and Residence Life policies and procedures are in effect. Students found in violation of the *Code of Student Conduct* will be held accountable. Students found in violation of University policies may be removed from summer housing as a sanction.

E. WINTER INTERSESSION HOUSING

Students will be permitted to stay in University housing from the end of the Fall semester to beginning of Winter Intersession for a limited number of reasons and with the approval of Residence Life. Students with an

DINING PLANS

Students residing in University housing are assigned a dining plan prior to their arrival on campus. Students have the option to change their dining plan selection within certain parameters according to their assigned location determined by the University. For more information on campus dining, see **Dining Plans**, pg. 13.

EMAIL COMMUNICATION

Resident students are encouraged to check their Marist emails regularly as important information about opening, closing, and residence hall updates are often sent through email.

For validation purposes, all email communication with all Student Affairs offices must originate from the official, University-issued, Marist email account, which utilizes a student's first and last names.

FIRE SAFETY IN RESIDENCE HALLS

To avoid fire hazards, the University must comply with New York State Fire Code and will conduct both announced and unannounced fire safety inspections in the residence areas. Marist staff work with the NYS Fire Inspector on a continual basis to make sure that all residence areas adhere to the most stringent and up to date fire safety standards. Occasionally, items not listed here may be deemed unsafe for use in a residence hall and students must comply with the NYS Fire Code. University staff may confiscate any items found in violation of University policy, NYS Fire Code, or the NYS Penal Law. In addition, the following guidelines also apply:

- A. All residence halls are smoke-free. Smoking (including e-cigarettes), or evidence of smoking, tobacco, or marijuana use, is not permitted in any of the residence areas or academic/administrative buildings. This includes individual rooms, apartments, suites, common areas, bathroom, etc. Anyone smoking outside should be at least 25 feet from any building on campus. There may likely be a \$250 room recovery fee for students who do not comply in order to cover the extensive cost of restoring rooms to a smoke-free condition.
- B. Student rooms, corridors, stairwells, common areas, and lobbies are:
 - 1. To be clear of any obstructions (examples: trunks, suitcases, ironing boards, athletic equipment, drying wet clothes, furniture, etc.)
 - 2. To be free from any flammable material (examples: decorations, posters, notices, curtains, streamers, etc.) and may not exceed 25% of any wall coverage.
- C. Both the possession and use of halogen lamps, hot pots, hot plates, broiler ovens, fry pans, popcorn makers, space/portable heaters, coffee urns, immersion heaters, toasters/toaster ovens/air fryers (except in townhouse

and apartment kitchens), air conditioners and similar portable equipment are prohibited in all residence areas. Electrical appliance equipment is restricted to prevent fires and to avoid overload within any facility that may cause the loss of power to the entire facility or some portion thereof. Violations of this policy will result in disciplinary action and confiscation of the appliance. However, a single serve brewer is permitted in the residence halls.

1. Students are permitted one refrigerator (no larger than 3.6 cubic feet and UL rated with reset fuse) in each room.

2. Students in residence halls are permitted one microwave (no larger than 700 watts and UL rated) per room.

3. Appliance use in apartments and townhouses is restricted to the kitchen areas only with the exception of approved refrigerators and microwaves.

D. All electrical equipment, when being used, may only plug directly into a wall outlet or a UL rated surge protector with a reset button which is plugged into a wall outlet. Possession of extension cords is not allowed.

E. The use of combustible fabrics such as room dividers, closet enclosures, wall and ceiling tapestries, curtains, etc., is prohibited in student rooms.

F. An open flame (candles, blow torches, lanterns, etc.) is not permitted anywhere in the residence areas. Use of incense is also prohibited. Candles are not permitted even for decoration purposes and will be confiscated by University staff.

G. Fire doors in the corridors must always remain closed. No one may prop the doors open. Students are not to tamper with smoke and heat detector devices in residence areas, illuminated exit signs, fire department standpipe connections, fire alarms, pull station covers, and fire extinguishers. Failure to adhere to these policies may result in Residence Hall Dismissal.

H. If a fire extinguisher needs to be recharged, the student should contact their Resident Director or the Office of Campus Safety.

I. Students are permitted to use portable barbecue grills on University grounds only if proper safety precautions are observed. No barbecue grill is allowed to be used or stored within 20 feet of any structure, overhang or inside a building.

J. Violation of the Fire Safety Policy as it applies to appliances, extension cords, etc. may result in student conduct sanctions. Subsequent violations may result in more serious disciplinary action.

Sprinkler System:

Sprinkler systems are installed in all residence facilities as required by the NYS building code when they are built and/or renovated. All residence facilities have Certificates of Occupancy from the Town of Poughkeepsie Building Department. Systems are “wet” systems and are installed to NFPA standards.

“Sprinkler system” shall mean a system of piping and appurtenances designed and installed in accordance with generally accepted standards so that heat from a fire will automatically cause water to be discharged over the fire area to extinguish it or prevent its further spread (Sec. 155 of the NYS Executive Law).

All Campus Sprinkler Systems are inspected quarterly by a private contractor as required by NYS Fire Code.

Fire Alarm and Sprinkler inspection reports are reviewed by the NYS Inspector during the annual state inspection.

Fire Drills:

New York State requires two (2) supervised Fire Drills to be conducted in every Residence Facility per semester. Campus Safety Officers conduct the drills and monitor the evacuation of all residents.

The following chart indicates fire safety systems in residence facilities:

Students can also report any non-operating machines to their RD. Please note that laundry facilities are for the use of on campus residents only.

MAINTENANCE REQUESTS

The University's Physical Plant Office is responsible for maintaining University facilities. Students are expected to keep their residence areas in good condition. Appendix I: Institutional Response to the use of Alcohol and Other Drugs

PHILOSOPHY

Marist University cares about students' health, safety, and academic success and has a long history of education being central to the Marist Brothers mission. The illegal use and abuse of alcohol and other drugs by students interferes with the educational process and places the safety of individuals and the campus community at risk. Our goal is to improve our student's education and student life by promoting healthy lifestyles and reducing the harm and risk associated with alcohol and other drugs.

Marist has a comprehensive written policy on alcohol and other drugs for all community members: students, faculty, and staff. It also includes the resources and programs employed regarding alcohol and other drug education and prevention initiatives and recommendations for future compliance.

DRUG AND ALCOHOL POLICIES

Congress has passed and the President has signed the Drug-Free Workplace Act of 1988 and Drug-Free Schools and Communities Act of 1989. The following is the Drug and Alcohol Policy for employees and students at Marist University.

Marist strives to provide an educational environment for students and employees while developing a campus environment that supports healthy choices, including the choices involved with alcohol and other drugs. The University is concerned about the well-being of its students and employees.

For employees of the University, the [Office of Human Resources](#) publishes a drug free workplace policy statement on its website, establishing Marist as a drug free workplace. Additionally, all new employees receive information about Marist's alcohol and other drugs policy in an in person New Hire Orientation. In addition, all employees receive an annual email notification from the President of the University about the University's Code of Ethics with a [link to the Code](#). The Code contains information on the Drug Free Workplace requirements.

These pages provide employees and students with important information about drugs, alcohol, and University's policies regarding these substances and prevention efforts. Included is information on the health risks associated with the abuse of alcohol and other drugs, and referrals to get help with drug and alcohol related problems. Additionally, the University uses the [Code of Student Conduct](#) found in the Student Handbook. The *Code* is sent out to students via email annually by the Vice President of Student Affairs. The Director of Community Standards also presents information on alcohol and other drugs to all new students during Welcome Week. Additionally, Residence Life provides additional information to resident students through mandatory floor and house meetings each semester. Marist may initiate disciplinary action and sanctions imposed on students or student organizations found responsible of violating the *Code*. State and federal laws applicable to the use and abuse of alcohol and other drugs are also included in the *Code*.

EMPLOYEE POLICIES

SMOKING POLICY

Smoking within buildings on the campus is a violation of the **New York State Clean Air Act** which has been in effect since 2003. The law requires every employer in the state to provide smoke-free work areas for all employees in the workplace. The **Dutchess County Clean Air Act** mirrors the New York State law. Violations of the law can result in fines to both the University and the individual.

Smoking is not permitted in any building on campus including any private office, University vehicles, locker room, loading dock, or storage area. Smoking is also prohibited near doors, windows, or air intakes.

To ensure proper compliance with the law and to prevent potential injury or damage due to a fire, it is important that members of the Marist community keep in mind that **SMOKING IS PROHIBITED in any University building. It is also University policy that SMOKING IS PROHIBITED within 25 feet of any University building.**

Campus Safety staff have been instructed to remind employees and students who are observed smoking too close to a building of the policy and to ask the person(s) to move further away from the building or extinguish the cigarette. Your cooperation and support in complying with the University's policy on smoking is greatly appreciated.

ALCOHOL & DRUG FREE WORKPLACE POLICY

The use and effects of illegal drugs and the abuse of alcohol pose very serious threats to our society. This policy statement is intended to clearly communicate to current and future employees and students of Marist University, our primary objective:

To eliminate, through treatment, cessation of use or the dismissal of those whose actions violate established standards of behavior, all on campus problems, real or potential, associated with the use of illegal drugs or the abuse of alcohol.

Policy:

Distributing, purchasing, selling, using, possessing, manufacturing or being under the influence of any illegal drug while on campus, or anywhere while representing Marist University, is strictly prohibited. Likewise, the use of alcohol by any underage member of the University community or by anyone in other than authorized circumstances and the abuse of alcohol by anyone at any time on campus, or anywhere while representing Marist University, is also strictly prohibited. Violation of these rules of conduct constitutes grounds for disciplinary action up to and including termination of employment or permanent expulsion from the University. Such violations and any off-campus violations may also subject an individual to arrest and prosecution by law enforcement agencies. The penalties for violations of drug and alcohol statutes can be severe and can include extended prison terms.

As a condition of employment and in accordance with requirements established by the Drug Free Workplace Act (1988), all employees must notify the University of any criminal drug statute convictions for a violation occurring in the workplace, no later than five (5) days after such conviction.

The University recognizes that drug dependency and alcoholism are health problems which are often contributing factors to poor work or academic performance, absenteeism, and related behavior. Marist does not wish to become involved in the personal affairs and activities of its employees or students. Our primary concern is that each performs satisfactorily and safely while on campus, or anywhere while representing the University. However, if an individual's job or academic performance decline can be attributed to drug or alcohol addiction, the University will treat that individual as one with a health problem and will assist them in meeting their responsibility to correct their problem using the services of those organizations capable of providing the best rehabilitative assistance.

Dependency problems which manifest themselves in drug or alcohol use on campus, or anywhere while representing the University, or which continue to adversely affect an individual's work or academic performance may subject that individual to disciplinary action up to and including dismissal.

Referrals for treatment or counseling will be an option available to the University within disciplinary processes for individuals found in violation of any of the provisions of this policy. Failure to comply with a disciplinary referral or to satisfactorily complete the course of treatment ordered may be grounds for dismissal.

To Seek Assistance:

Resource information and referral services will be provided to anyone who requests them. Information regarding requests for referrals will be held in complete confidence.

DRUG AND WEAPON FREE WORKPLACE

The unlawful possession of a weapon or the unlawful manufacture, distribution, possession, or use of a controlled substance in or on any premises or property owned or controlled by the University is prohibited. Any member of the Marist University community who is found guilty or has a sentence, fine, or other criminal penalty imposed by a court for any offense involving a weapon or a controlled substance that occurred in or on University property shall report such action to their supervisor or to the Vice President for Human Resources within five days of the finding.

Any member of the University community who unlawfully manufactures, sells, distributes, possesses, or uses a controlled substance on University property, regardless of whether such activity results in the imposition of a penalty under a criminal statute, will be subject to disciplinary action, including dismissal from employment, or may be required to participate satisfactorily in an approved drug assistance or rehabilitation program or both.

STUDENT POLICIES

ALCOHOL POLICY

All members of the Marist University community are considered adults and are thus expected to comply with the laws (local, state and federal) regarding alcoholic beverages, and to take personal responsibility for their conduct. Students who have a guest on campus or in University buildings are responsible for the conduct of the guest, and for advising them of the applicable laws and Marist University's policies pertaining to alcoholic beverages. Therefore, the following policies have been adopted:

- a. For a student and/or guest under 21: A student and/or guest under the age of 21 may not distribute, possess, or consume alcohol. Students and/or an invited guest under 21 years of age may not be in the presence of alcoholic beverages. Students should remove themselves from the situation immediately, ask the individual(s) with alcohol to leave or dispose of the alcohol, and/or notify University officials. The only exception is when an underage student resides in the same private living unit/room with a student who is 21 years of age or older. The underage assigned student may knowingly be in the presence of alcohol (consumed or possessed) by the student of age who resides in the unit/room, provided the underage student complies with the alcohol policy and no one else (students or guests), aside from the assigned underage roommates(s), are present at the time alcohol is consumed by the student of age.
- b. For a student 21 years old or older, alcoholic beverages may be consumed by assigned residents and their guests who are 21 years old or older under the following guidelines: A student and/or guest 21 years of age and older may responsibly consume alcohol within their living unit/room. For live in staff (Resident Assistants, Assistant Resident Directors, etc.) use of alcohol is restricted to the privacy of the individual's room.
- c. For all students regardless of age: Communal sources such as kegs and multi-quart containers of alcohol are not permitted. Alcoholic beverages are not to be consumed in public areas of the residence halls, including but not limited to lounges, lobbies, community bathrooms, laundry rooms, hallways, and stairwells. Consumption includes the possession of an open container. Possessing items commonly used to facilitate drinking games or to consume large quantities of alcohol (e.g. funnels, altered board games, beer pong tables, beer bong, etc.) may be confiscated. Any violation in which consumption of alcohol was a contributing factor is also a violation of the alcohol policy regardless of age.
- d. A Student may not provide alcohol to an underage individual and/or permit an underage individual to consume or possess alcohol in their living unit/room.
- e. Residents holding a gathering in their living unit/room where an alcohol violation is taking place are considered hosts. All residents assigned to the living unit/room who are present during the time of the incident will likely be regarded as the host and subjected to disciplinary actions. Hosts can be held responsible for injury

or damage occurring to any person or to property in which the consumption of alcohol was a contributing factor and may receive harsher sanctions.

f. All students are responsible for the actions of their guests regarding alcohol possession, use, and excessive noise that may be disruptive to other residents. Students assigned to the unit/room hosting an event where a violation occurs may be held accountable.

g. Public intoxication is strictly prohibited.

h. Distribution, consumption, and possession of alcoholic beverages and/or possession of an open container is not permitted on the public grounds of campus without prior approval of the Vice President of Student Affairs or designee (e.g. parking lots, campus green, or waterfront areas).

i. Off Campus formal events hosted by registered student organizations planning to hold an event where alcohol will be present are required to submit the appropriate forms to the Office of Student Activities to be reviewed (e.g. contractual and host liability). The event sponsors are required to verify that the venue used is currently licensed to serve alcohol, if required by law. In addition, Greek organization sponsoring events are required to submit the appropriate forms to Greek Affairs.

ALCOHOL PARAPHERNALIA

This includes but is not limited to:

a. Empty containers related to alcohol (e.g. liquor bottles, shot glass, beer cans, bottles, etc.) are prohibited in living units/rooms where students are not allowed to consume alcohol because they are under 21 years of age.

b. Empty or full kegs, beer balls or any other large containers of alcoholic beverages designed for consumption by a group of people are prohibited on campus operated property. Violation of this policy may result in a \$150 fine. The possession of any implement that can be used to irresponsibly ingest alcoholic beverages is prohibited (e.g. funnels, drinking game devices, beer pong tables, etc.) and any such implements may be confiscated by the University and not returned, regardless of age.

DRUG POLICY

In compliance with the Drug-Free Schools and Communities Act of 1989, it is the policy of Marist University to provide an educational environment that is free of alcohol and drug abuse. The University recognizes that legal prohibition of the use and/or possession of drugs by students. The University does not condone student sale or use of drugs and will cooperate with civil officials as the law requires. The maintenance of the individual welfare, development, education, and rehabilitation of its members is consistent with the mission of Marist University. It should be further understood that the University may therefore take preventative or prohibitory action, whether or not civil authorities act. The following are prohibited in and on Marist University owned, controlled property or at University sponsored events:

a. The unlawful manufacture, possession, distribution, and/or use of controlled substances (including misuse or sale of prescription medication), drugs, intoxicants, or stimulants other than those prescribed by a physician for the student's own use and/or expressly permitted by law.

b. Manufacturing, possession, distribution, and/or use of marijuana, synthetic marijuana, bath salts, incense, or other materials marketed or generally recognized to simulate the intoxicating effects of unlawful substances, regardless of their current legal status; including knowledge of and/or failure to act upon such knowledge in a timely manner.

c. Possession of drug paraphernalia.

d. Participation at a party or presence in a room where a drug policy violation is taking place.

Any student who is struggling with an addiction to any narcotic or controlled substance may seek help at the University's Health & Wellness Center located on the third floor of the Murray Student Center (ext. 3314).

Possession with the intent to sell or distribute narcotics or other illegal drugs may likely result in expulsion from the University.

DRUG PARAPHERNALIA

Includes but is not limited to, any items that can be utilized for or are designed for the use of illegal drugs (e.g. bowls, vaporizers, bongos, hookahs, scales, related heating devices, etc.) are not allowed in the residence areas. Any items that are fashioned for the purpose of drug use will also be considered a violation of this policy.

DRIVING UNDER THE INFLUENCE/DRIVING WHILE INTOXICATED

The University is concerned about students who violate state and local laws regarding consumption of alcohol and the operation of motor vehicles. In accordance with state law, the University abides by the legal definition of *intoxicated* as “not having the normal use of mental or physical faculties by reason of introduction of alcohol, a controlled substance, a drug, a dangerous drug, a combination of two or more of those substances, or any other substance into the body” or 0.08 Breath or Blood Alcohol Concentration. In addition, students under the legal minimum drinking age of 21 years who are found to have any detectable amount of alcohol in their systems will be considered driving under the influence of alcohol.

Marist University, as part of its educational mission, seeks to assist students in developing appropriate attitudes and behavior regarding the use of alcohol. To this end, the University offers educational programs regarding the negative health and social effects of alcohol consumption. For those individuals who have developed or begin to develop identifiable problems as a result of their alcohol or drug use, a variety of services are available through the University’s Health & Wellness Center located on the third floor of the Murray Student Center (ext. 3314).

MEDICAL AMNESTY POLICY/GOOD SAMARITAN POLICY

The purpose of this policy is to increase the likelihood that medical attention is provided to students due to alcohol intoxication or use of drugs by removing impediments to seeking such assistance. This policy is intended for use in isolated situations; therefore, it does not excuse or protect those who flagrantly or repeatedly violate University policy.

Medical Amnesty Policy: When a student is intoxicated or under the influence of alcohol or drugs and seeks medical assistance, they may be granted amnesty from formal disciplinary action by the University for violating the alcohol or drug policies. Upon receiving a report that a student needs medical assistance, University staff will respond through the Office of Campus Safety to obtain EMS services and responding officials will use standard procedures for documenting information and collecting identification of all persons involved. Abuse of amnesty requests can result in a decision by the Director of Community Standards not to extend amnesty to the same person repeatedly. If a student brings their own use, addiction, or dependency to the attention of University officials outside of conduct sanctions and seeks assistance, a conduct allegation will not be pursued. Amnesty will not extend to other conduct violations associated with the incident, including but not limited to distribution of drugs, hazing, vandalism, or sexual assault. Amnesty can only extend to University conduct processes and does not protect students from criminal or civil penalties.

Actively assisting requires that an individual: Call the Office of Campus Safety (5555) or 911 or seek another individual qualified to report the student’s condition such as a Resident Director (RD), administrator, or other Residence Life professional.

The following are not covered by the Medical Amnesty Policy: Medical Amnesty will not be granted to students who do not seek medical assistance. Those who are confronted by University staff (i.e. Residence Life staff, Campus Safety) or other authorities will be referred to the Office of Community Standards for alleged policy violation. The University is concerned with the use and abuse of alcohol, drugs, and other substances. If a violation occurs in conjunction with other University policies more severe disciplinary sanction may result. Any student found intoxicated may be transported to Mid-Hudson Regional Medical Center or other local medical facilities for medical evaluation.

Amnesty in cases of sexual assault or other sexual misconduct: Similarly, the University will not pursue conduct violations for violations of the University’s Alcohol and Substance Abuse Policies against a student who reports or seeks assistance after experiencing an incident of sexual assault or other sexual misconduct. See the University’s Title IX policy.

Good Samaritan Policy: Student health and safety are of primary concern at Marist University. In cases of intoxication by alcohol and/or other substances, the University encourages individuals to seek medical assistance for themselves or others. We all have an ethical responsibility to help people in need. Marist University expects that students will take an active role in protecting the safety and well-being of their peers and the University community. To promote this, when a student assists an individual who is intoxicated or under the influence of alcohol/drugs in procuring medical assistance, that student may be granted amnesty from formal disciplinary action by the University for violating the alcohol or drug policies. Those involved may be required to meet with the Director of Community Standards/designee to discuss the incident. In lieu, a student may be required to complete educational requirements, including but not limited to, alcohol awareness/education and/or referral to the Health and Wellness Center. Failure to follow the action plan will nullify the Medical Amnesty protection and campus conduct processes will be initiated. Students who are engaged in minor violations but who choose to bring related serious violations by others to the attention of the University are offered amnesty for their minor violations and educational options may be explored.

Application to Student Organizations: In circumstances where an organization is found to be hosting an event where medical assistance is sought for an intoxicated guest, the organization (depending upon the circumstances) may be held responsible for violations of the Alcohol Policy and/or Drug Policy. However, the organization's willingness to seek medical assistance for a member or guest will be viewed as a mitigating factor in determining a sanction for any violations of the Alcohol Policy and/or Drug Policy.

For unlawful possession of a controlled substance, a person is subject to one year of imprisonment and fines of up to \$5,000. NEW YORK STATE

The State of New York has established severe sanctions for the possession, use, and sale of controlled substances that are consistent with Federal penalties established for such. The specific criminal sanctions are delineated in the New York State Penal Law. The severity of the offense depends on the type and quantity of the illegal substance, as well as the holder's intent (personal use, distribution, or sale). For example, in New York State, the criminal possession of eight or more ounces of cocaine (section 220.21 NYS Penal Law) is a class A-1 felony, punishable by a minimum of 15-25 years and a maximum of life in prison. Additional violations result in larger fines and the imposition of misdemeanor criminal charges, which includes the establishment of a permanent criminal record.

Drivers Under 21 Years of Age

Sale of alcoholic beverages to anyone under 21 years of age is illegal in New York State and “zero tolerance” means that drinking and driving by young people will not be tolerated on our highways, even if the amount of alcohol consumed is very small. The new law took effect November 1, 1996.

WHAT IS ZERO TOLERANCE?

This law makes it illegal for a driver under age 21 years of age to have consumed any alcohol. A police officer may temporarily detain you to request or administer a chemical test to determine your Blood Alcohol Content (BAC). If your BAC is 0.02 to 0.07 percent, you will be notified to appear at a DMV hearing. If the judge’s finding supports the charge, the penalty is a 6-month license suspension, a \$125 civil penalty, and a \$100 license reapplication fee.

NOTE: If your BAC is 0.05 percent or greater, the police may charge you with driving while ability impaired (SWAI) or driving while intoxicated (DWI) and may prosecute your arrest in criminal court.

HOW IS ZERO TOLERANCE DIFFERENT THAN OTHER DWI LAWS?

Violation of the Zero Tolerance Law is not a criminal conviction. If a police officer has grounds to believe a young driver has consumed alcohol (such as the presence of an open beverage container in the car), the officer may detain the driver for the purpose of requesting or administering an alcohol chemical test (for example, a breathalyzer). A driver who is found to have a BAC of 0.02 to 0.07 is notified to appear at a DMV hearing. A driver who refuses to take a BAC chemical test will be notified to attend a DMV hearing for refusing to take a chemical test.

WHAT ARE THE PENALTIES?

The penalties for a Zero Tolerance violation are: a 6-month license suspension, a \$125 civil penalty, and a \$100 suspension termination fee.

A subsequent offense results in: a license revocation for at least 1 year or until age 21, whichever is longer, a \$125 civil penalty, and \$100 license reapplication fee.

The penalties for a Zero Tolerance violation chemical test refusal are: license revocation for at least 1 year, a \$300 civil penalty, and a \$100 license reapplication fee.

For a subsequent finding for a chemical test refusal, the penalties are: a license revocation for at least 1 year, a \$750 civil penalty, and a \$100 license reapplication fee.

HOW LONG DOES A ZERO TOLERANCE FINDING REMAIN ON THE DRIVER’S RECORD?

It’s on the driver’s record for 3 years or until the driver reaches 21 years of age, whichever is longer. DWI and DWAI convictions remain on the driver’s record for 10 years.

CAN A PERSON WHO VIOLATES THIS LAW RECEIVE A CONDITIONAL LICENSE?

Zero Tolerance violators may be eligible for the Drinking Driver Program and can be granted a conditional license if they meet program eligibility requirements.
