Accommodations and Accessibility

Location: Donnelly Hall, Room 226
Phone: (845) 575-3274
Fax: (845) 575-3011
E-mail: accommodations@marist.edu

What is the Office of Accommodations and Accessibility?

The mission of the Office of Accommodations and Accessibility is to support students with documented disabilities in becoming empowered, independent learners by providing the appropriate accommodations and services necessary to access the educational opportunities at Marist University.

Who is eligible for services?

To receive services and accommodations, students must identify themselves to the Office of Accommodations and Accessibility and present official documentation of their disability. In general, a disability is defined as a physical or mental impairment, which substantially limits one or more major life activities, i.e., walking, seeing, hearing, speaking, breathing, learning, working, caring for oneself, and performing manual tasks. Disabilities may include, but are not limited to the following:

- Attention deficit disorder
- Epilepsy or seizure disorders
- Blindness or visual impairments
- Learning disabilities
- Cerebral palsy
- Psychiatric disabilities
- Chronic illnesses
- Orthopedic impairments
- Deafness or hearing impairments
- Speech disorders
- Traumatic brain injury

What accommodations and services are available?

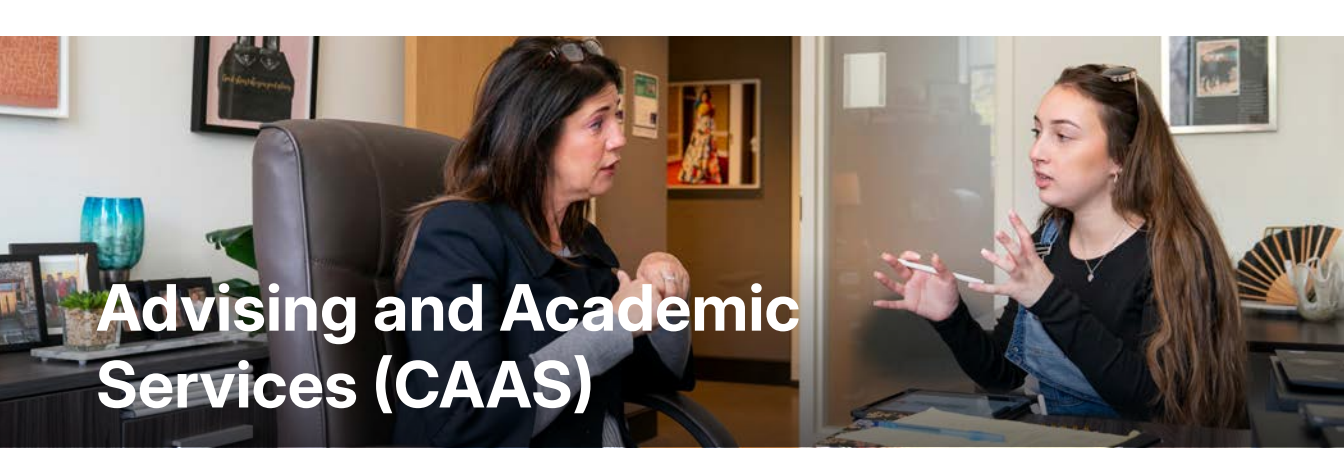

Accommodations are determined on an individual, case-by-case basis to meet the needs of each student, and may vary depending upon the disability and/or course content. They include, but are not limited to:

- Notetaking services
- Readers
- Scribes
- Testing accommodations
- Textbooks in alternate format
- Use of assistive technology

The Office of Accommodations and Accessibility also provides academic, personal, and career counseling, as well as assistance with course selection, registration, and advocacy on an as-needed basis.

All documentation regarding disabilities is confidential. If a student believes it is important for other members of the Marist community to know about their disability, it is the student's responsibility to inform them. All students will be provided with an accommodation letter to share with their faculty members once they have registered with the Office.

Location: Donnelly Hall, Room 224
Phone: (845) 575-3500
Email: Advising@marist.edu

The Center for Advising and Academic Services (CAAS) is dedicated to helping students develop skills required to demonstrate academic success while developing the advising structure required to support our faculty and staff advisors.

CAAS Services Include

- **Early Academic Alerts:** Collaborating with faculty to monitor students' course progress, mid-term grades, and academic standing to provide timely developmental support.
- **Academic Consultations:** Offering one-on-one guidance to help students stay on track with their degree completion plans.

- **Advising Relationships:** While advisors provide guidance and suggestions, students are ultimately responsible for using that input to shape their academic journey. We encourage you, as parents or guardians, to emphasize the importance of connecting with advisors and building a strong, collaborative relationship.
- **myMarist Advising Portal:** Accessible under the Student tab in myMarist, this portal contains valuable advising resources, including videos, official forms, newsletters, and planning tools.
- **Academic Advising Planner (AAP):** The AAP is a comprehensive guide designed to help students plan their academic path and post-Marist goals. It serves as a shared tool between students and advisors, enhancing their conversations and helping students take ownership of their experience at Marist. The AAP can be accessed and customized via the myMarist portal.

The staff at CAAS welcomes our newest students and their families and looks forward to an exciting and successful academic year!

Army ROTC is a four-year leadership internship program that ultimately results in receiving a Commission as a Second Lieutenant in the United States Army. ROTC Cadets can request service on Active Duty or in the Army Reserve or Army National Guard. Students can enroll in ROTC without incurring a military obligation during first or second year as a student. Marist University ROTC is an extension of Fordham University's ROTC program.

 - Cumulative GPA above 2.0 for participation, 2.5 for Scholarship consideration
 - U.S. citizen or become a U.S. citizen prior to graduation
 - Be in good health
-

Army ROTC Scholarships

Army ROTC awards 2, 3, and 4-year scholarships based solely on merit. Scholarships cover 100% of tuition and fees, plus money for books and a monthly stipend. Marist provides free room and board to recipients during paid scholarship years.

Marist ROTC Financial Incentive

Marist student cadets without an Army ROTC scholarship are eligible for a \$2,000 per year reduction from their account. Eligibility is based on attendance.

Physical Training

Army ROTC Cadets conduct early morning (before academic classes) physical fitness training two to three times per week.

Military Science

Cadets attend classroom-based Military classes, the core curriculum of ROTC, one to three hours, once per week. Juniors and Seniors attend these classes at Fordham University in the Bronx.

Leadership Lab

Army ROTC Cadets perform three hours of Leadership Lab per week. Labs provide a performance-oriented learning environment in which Cadets receive practical opportunities to apply skills learned in the classroom. Lab is held at Fordham University.

Field Training Exercises

Army ROTC Cadets attend one or two weekend Field Training Exercises each semester. Activities include Squad Tactical Exercises, Patrol Base Operations, Land Navigation Training, Marksmanship Training, and Cultural Awareness Training.

Cadets compete for assignments at Airborne or Air Assault School, Cadet Troop Leadership Training, and many other summer assignments. These assignments are voluntary. Cadets attend a mandatory 29-day Advanced Camp in the summer between Junior and Senior year.

Commitment

All commissioned officers incur an eight-year service commitment. Officers can serve in the Active Army for three or four years and complete the last four years in the Individual Ready Reserve (IRR). Cadets may also choose to serve their eight-year commitment part-time in the Army Reserve or National Guard while pursuing a civilian career.

Campus Sustainability

Phone: (845) 575-2724
Email: sustainability@marist.edu
Website: marist.edu/student-life/sustainability

Sustainability is defined by the World Commission on Environment and Development as “forms of progress that meet the needs of the present without compromising the ability of future generations to meet their needs.” While many conceive of “sustainability” as an “environmental issue,” the concept embraces all human activities and disciplines.

The University makes every effort to promote the broadest perspectives, expertise, and information on sustainability, and keeps our collective and ongoing focus on advancing education for a healthy, just, and sustainable future. The societal challenges to creating vibrant, secure communities, and strong economies, while preserving the earth’s life support systems on which we all depend, are daunting.

Higher education has a responsibility to produce an educated and engaged citizenry and a thriving and civil society. Key initiatives in the University’s strategic plan call for advancing the social good and promoting innovation which promote implementation of environmentally sustainable practices and to foster lifelong behaviors supporting environmental health.

Learn to Lead at Marist

One of the largest and most popular organizations on campus, the Emerging Leaders Program (ELP) is a unique, exciting no-cost, non-credit certificate program that provides students with ongoing and varied opportunities to define, discover, and develop their leadership skills.

The ELP offers students an opportunity to:

- Advance the key skills that are essential to personal and professional success
- Interact with interdisciplinary experts
- Build resume credentials
- Connect with other student leaders and learners
- Expand their networks both on and off campus

Like a class session, workshops are 75 minutes long. Students who complete six or more workshops during the academic year will receive an ELP certificate of program completion at a special spring recognition event. They will also have an opportunity to proudly display a digital badge. Students can earn a certificate in each year of study.

In addition, and by invitation only, students also have an opportunity to use the ELP certificate requirements in partial fulfillment of the requirements for lifetime membership in the National Society of Leadership and Success (NSLS). Marist has one of the largest and most active NSLS chapters in the country. There is a small, one-time fee for membership in the National Society, which offers lifetime benefits and program access. Special invitations to join the NSLS are sent by the Assistant Dean of Student Affairs via Marist email.

Interested students should keep an eye on their Marist email for the workshop listings, which are sent during the first two weeks of the semester, and they should respond ASAP to hold their seats. ELP information can also be found on the myMarist portal under the Student tab. There students can find event descriptions, online registration information, and an FAQ. We encourage your student to join ELP and NSLS to grow their leadership skills during their time at Marist.

The motto of the Office of First Year Experience is “the end depends on the beginning.” Through our unique professional mentoring program, FYE offers students a bright beginning by providing the support, skills, and connections necessary to make the academic, personal, and social transition to Marist.

Each new student to Marist has a First Year Experience Coordinator who serves as their professional Mentor. Mentors help students think about their educational and personal goals and reflect on what they are learning both in and outside the classroom. In this way, the FYE staff serves as liaisons in linking new students to the rest of the campus and to the unique array of co-curricular, faculty and support services Marist offers. Mentor-student interactions take place in one-on-one and small group settings, in skills building workshops, and in continuing orientation activities such as: Welcome Week, First Fall, Faculty Supper Series, the Peer Mentor Program, First Year Fridays, and other programs that are part of our Personal Development Core. We walk with our students throughout their entire first year at Marist.

Resident FYE Coordinators are administrative staff members assigned to live and work in the first-year residence areas. They collaborate with the Resident Director, FYE Peer Mentors, and student staff in their building to create a positive learning environment and to foster a sense of community. The Associate Director/Commuter Coordinator is the administrator responsible for providing mentoring services for commuting students. The Associate Director/Commuter Coordinator works with the Commuter Student Council, Student Government Association (SGA), and Peer Commuter Mentors to achieve an engaging and welcoming learning environment within the Murray Student Center. Transfer students are also considered first-year students, and they also have a Mentor, a peer program, and a transfer representative on SGA.

First Year Experience Mentors live and/or have offices in Champagnat Hall, Leo Hall, Marian Hall, Midrise, and Sheahan Hall. The Commuter Student Coordinator office is adjacent to the Student Lounge on the lower level of the Murray Student Center.

Whether through innovative activities or individual appointments, Mentors are a dedicated group of student development professionals who work to make the first-year experience meaningful, memorable, successful, and enjoyable. Please encourage your students to make the most of the programs, services, and support offered to them.

Mission

The mission of the Office of Student Activities is to help students grow and develop academically, spiritually, socially, and to become community minded. The office does this through programs, events, involvement in student clubs and organizations, and campus-wide cultural celebrations. The Office of Student Activities coordinates and promotes leadership opportunities, as well as a variety of programs and services to enhance a sense of community.

Services and Events

Student Activities provides many services for the Marist community. One of the most popular services is the \$5 Regal Cinemas Premiere Movie Tickets that never expire and can be used at any participating Regal Cinemas nationwide.

The Office also sells tickets for events on behalf of Student Programming Council and student clubs and organizations both in person at their office and online via HomeTown Ticketing.

During Thanksgiving and Spring break, Student Activities offers transportation to major cities in the tri-state area, and at the semester breaks, they offer shuttle tickets direct from campus to major airports in the New York City metro area.

Student Employment Opportunities

Student Activities is one of the largest student employers on campus. Come by the Student Activities table at the Job Fair in the beginning of the fall semester and apply using Handshake to be part of the team! They hire for many student positions, and there are also opportunities for students to move into managerial roles and help supervise their peers during day-to-day building operations.

Student Programming Council (SPC)

The Student Programming Council (SPC) coordinates entertainment offered both on and off campus at Marist. SPC works closely with the Student Activities office to host comedy clubs, coffeehouse performances, bingo nights, concerts, and off-campus trips to Broadway shows, professional sporting events, Six Flags, ski trips, and more!

Members of SPC have an opportunity to meet new people, gain leadership skills, and work with a team of students who share the same goal of bringing students together and building a sense of community.

During the spring semester, the students in SPC have the opportunity to plan a large-scale concert for the entire Marist community to attend. Previous artists include FERG, Saint Motel, and The Driver Era!

Student Government Association (SGA)

The Student Government Association (SGA) empowers students and creates change by serving as a liaison between the student body and the university administration. At the start of the academic year, SGA holds elections for the First-Year class officers, as well as Representatives to serve on the SGA administration.

Student Activities also assists the Student Government Association in the chartering of new student clubs in addition to the disbursement of the activity fee funds.

How Can Students Learn About and Join Clubs?

The Student Government Association and the Office of Student Activities sponsor the Activities Fair at the beginning of each semester. This is an excellent opportunity to meet with club representatives and join the clubs and activities that interest them. A full listing of clubs and activities can be found [here](#).

How Do Students Find Out What's Going On?

Each semester the Office of Student Activities publishes a semester-long activities calendar. This publication can be found in print at the Student Activities Office and on social media. Weekly updates for Student Activities and SPC-sponsored events can be found on their respective social media accounts.
