

# MARIST

Hello All,

Welcome to Employment Practicum CRDV 100! I am excited to work with you all this summer. This is my fifth-year teaching employment practicum. In addition to teaching, I am also the Assistant Director for the Internship Program in Marist's Center for Career Services, where I assist students in their internship search.

A little about the course. This is an eight-week class that is taught online through Brightspace. You may review lessons and work on assignments at any time. There is no textbook. All of the instructional and assignment information is available on Brightspace. You will need to submit all your assignments to the Brightspace system. I will communicate with you by posting Announcements on Brightspace and by sending weekly emails. That means you should be monitoring your Marist email and Brightspace messages.

Please review the course syllabus posted on Brightspace which outlines the course material. By the end of this course, you will be highly skilled job and internship applicants with a strong career portfolio. We will begin week 1 (Monday, June 5<sup>th</sup>) with identifying your related experience and I will ask you to complete the icebreaker challenge under the discussions section so we can all get to know each other. I'm looking forward to working with you all this Summer. Please let me know if you have any questions, comments, or concerns.

Best,  
Prof. Stephanie Paquin
