

Rosa Emory – CRDV100N721 Winter 2026

Personalized Welcome Message

Hello and welcome to CRDV100 Employment Practicum – Winter 2026.

My name is Rosa Emory, please call me Rosa. I have been working at Marist College for 21+ years in the Center for Career Services in a variety of roles. Eight years ago, I was promoted to the position of Assistant Director for Career Coaching which encompasses: career exploration and assessment, Major/Minor decisions, internship and full-time job preparation and searches, resume and cover letter review, interview preparation, social media/LinkedIn Profile review, networking, career workshops and events.

I received my Bachelor of Science from Pace University in Business Administration with a concentration in Human Resources Management but started as an education major with the intention of becoming a Math Teacher. I changed my major in the second semester of my junior year, and it took me five years to complete my undergraduate degree.

I completed the Master of Arts in Integrated Marketing and Communications at Marist in 2018. It was difficult to return to school at this time in my career, however, it was eye-opening to how business practices have changed due to the advent of social media.

I find that no two people have the same career trajectories, yet each person has a personal story. One of my favorite quotes is: **"LUCK IS.....preparation meeting opportunity."** If you are prepared when the opportunity presents itself, you will be able to create your own luck or trajectory. This applies to nearly everything in life. However, for this course I am referencing obtaining an internship or full-time employment after working diligently for your degree. My hope is that this class will provide you with the preparation you need when the opportunity presents itself!

I look forward to working with all of you throughout the Winter Intercession 2026, which is 4 weeks. We do not use a textbook but instead I provide required readings and resources to provide examples. **It is a practicum course which means it is assignment driven. We do not meet on screen, unless you request a meeting.** *I am happy and will be able to meet with anyone who would like to speak to me directly.*

I am here to help you so if you have any questions or issues, please reach out via email at Rosa.Emory@marist.edu or phone 845-575-3000 ext. 2348.

Rosa

P.S. Another favorite quote: **"Dreams without goals, are just dreams,"** Let's set some goals for you with the hope of achieving your dreams!
