

Deposit Required after Securing Your Marist VISA

Securing a Marist VISA does not guarantee you placement in the upcoming semester. You must make your deposit, provide official transcripts, and register for classes before all the seats in the upcoming semester are taken.

Notify Marist when you receive your VISA. Email graduate.processing@marist.edu or send a message in WhatsApp.

If your appointment was not successful tell us if you plan to interview again. Provide the new interview date to Marist when it is secured.

A \$1,500 non-refundable deposit and official transcripts are required within 10 business days of receiving your VISA. Your deposit is not an additional fee. The entire amount is applied to your first semester tuition.

Deposits placed internationally by wire transfer use this link
<https://pay.flywire.com/>

Deposits placed with a United States bank account use this link
<https://www.marist.edu/admission/graduate/new-student-checklist/enrollment-deposit>

If a deposit is not made by the required date and your official transcripts are not received, your I-20 will be cancelled, you will not be able to travel with your Marist VISA, you will lose your deposit, and your place will be offered to another student.
