

Electronic Account Access

Congratulations on your acceptance to Marist University! We know this is an exciting time, and we look forward to assisting you as you prepare for your studies.

As a new student, you are required to set up your account for our online student services portal, MyMarist, where you will register for classes, access your financial aid package, pay your bill, view your schedule, grades, etc.

To activate your account, please [click here](#) and follow the instructions under: ***New User to Marist University – Getting Onboard with ReACT.***

To create your account you will need your Marist University Wide ID (CWID) and your Marist email address. These are sent to you about three business days after you are accepted.

For security purposes, please be sure to change your password within 10 days of setting up your account.

To improve the security of Marist systems, we have incorporated [Duo Security as a multi-factor authentication solution](#) into our existing IT structures. You will be prompted to enroll in DUO when you first sign into a Marist service, by following the enrollment process.

If you have any further questions, please feel free to contact the Information Technology Help Desk by calling (845) 575-4357 (HELP), emailing helpdesk@marist.edu or by visiting the [Help Desk's Web page](#).

We look forward to connecting with you soon.

Sincerely,
Marist Information Technology
