

Science at Marist + Engineering at Syracuse = Career Ready in 6 Years

Turn your interest in science into a high-demand engineering career in 6 years. A new partnership between Marist University and Syracuse University gives you the flexibility to explore science at Marist while securing a clear, direct path into Syracuse’s top-ranked College of Engineering and Computer Science for an advanced degree. No need to commit to engineering as a high school senior — but know you have a direct path to a Master’s that will help you stand out with both a strong science foundation and advanced engineering degree.

DIRECT ADMISSION TO SYRACUSE UNIVERSITY’S MASTER OF SCIENCE (MS) IN ENGINEERING PROGRAMS*

- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Computer Engineering
- Computer Science
- Cybersecurity
- Electrical Engineering
- Engineering Management
- Environmental Engineering
- Environmental Engineering Science
- Mechanical and Aerospace Engineering
- Operations Research and System Analytics

* Direct admission agreement applies only to the programs listed above.

ADMISSIONS PRE-REQUISITES:

- Graduate with a BS or BA degree from any Marist SOS degree program
- Minimum 3.20 cumulative GPA
- Letter of recommendation from the Marist degree department chair
- Mandatory participation in a (free) summer bridge program through Syracuse University

APPLICATION DEADLINES

- **May 1** for Fall Matriculation
- **November 1** for Spring Matriculation
