

## **Dr. Bruce Pinker, President, Progressive Foot Care**

Dr. Pinker built a multi-million dollar business that serves thousands of people annually, and he has created jobs for many people as well. His company deals directly with many businesses, and they also deal with the public, making us a B2B business, as well as a B2C business. Progressive Foot Care also socially impacts the community in a positive way each year through our outreach program to support the homeless. This year marks their 17th Annual Holiday Shoe Drive for the Homeless, helping the less fortunate in our community.
