**PRESIDENTIAL FUND FOR EQUITY  
IN THE MARIST EXPERIENCE**

# Fueling Internships, Travel, and Academic Growth

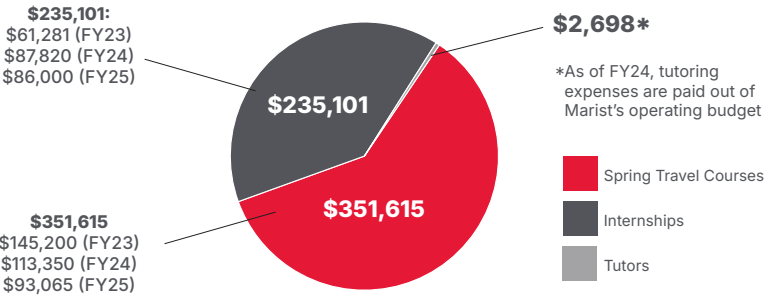

The Presidential Fund for Equity in the Marist Experience is a vital resource that helps ensure every Marist student—regardless of financial background—can take full advantage of transformative learning opportunities. Established by University President Kevin Weinman and his wife Beth, they have pledged over \$750,000 in gifts to ensure the fund thrives. Their leadership and generosity have inspired hundreds of additional contributions from Marist Trustees, alumni, parents, faculty, staff, and friends of Marist.

To date, the Presidential Equity Fund has supported hundreds of students with demonstrated financial need, enabling them to participate in travel courses and internships—experiences that are essential for academic and professional development.

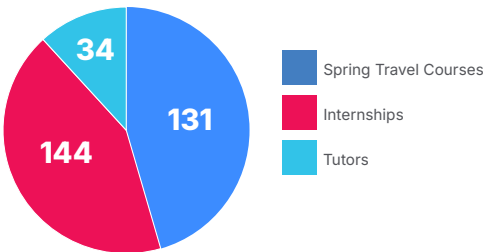

The Equity Fund directly advances all three pillars of *Marist 100*, the University's strategic priorities: academic vibrancy, student centrality, and expansive community. By providing life-changing experiential learning opportunities, it reflects the University's commitment to equitable access and global engagement.

“

My wife, Beth, and I believe deeply in Marist—its achievements to date and its promise for the future. We see firsthand how gifts to Marist profoundly impact students' lives, and that's exactly why we created this Fund, which helps ensure every student can access the full Marist experience, no matter their financial background.
