

# Title IX Rights and Resources:

Internships, Practicums, Student-Teaching,  
and Other Learning Experiences.

## What is Title IX?

Title IX is a federal law from the Education Amendments of 1972 that prohibits discrimination on the basis of sex. The law ensures that students can fully participate in their educational experiences regardless of sex.

## When Does the Policy Apply?

The Marist University Discrimination, Harassment, and Sexual Misconduct Policy applies both on and off University property when the conduct is part of the educational program or activity. This includes internships, practicums, student teaching, service learning, and other university-sponsored learning experiences.

**You are entitled to a safe and supportive educational experience wherever your learning takes place.**

## If You Experience Sexual Misconduct:

If you experience sexual misconduct during an internship, clinical placement, or other learning experience, please contact the Title IX Coordinator for assistance.
